TO SEEK OLD POST OFFICE FOR CITY USE

HUNT TWO FUGITIVES

Council To Ask Old Post Office Be Given City

Believe Federal Building Will Be Given To City For Library

FIRST STEPS TAKEN AT MEETING TODAY

New Post Office Building To Be Completed During Year

Action taken in city council at a special meeting this morning indicates that the present post office building on North Mercer street, which will be vacated when the new building being erected on the public square is completed, will probably be used for library or city purposes.

Council adopted Finance Director Hoyland's motion which requests the federal government to give to the city of New Castle the present post office building on North Mercer street, for public library or other municipal purposes. If given to the city, the building will not be used for commercial purposes.

To Ask Congress Action

The request will be sent to Senator David Reed and it is said he will introduce a measure in the U. S. Senate asking that the U. S. Treasury give the ground and building to the city for such purposes.

Inasmuch as the present post office may be vacated within a year, there has been considerable conjecture as to what would become of the building.

There is considerable optimism on the part of council that congress will favor the bill.

The present public library is located in North Jefferson street. It is believed the post office building on North Mercer street would make an excellent library building.

PA NEWC OBSERVES

Fog enveloped every highway in and out of New Castle Monday night and through traffic was almost impossible. The hotels did an unusual business for Monday due to tourists stopping over.

* * *

The heavy rainfall during the past twenty-four hours was badly needed to bring March's precipitation figures near the normal mark. During March of last year, there was a big excess of rainfall noted, rain or snow falling on 23 days of the month.

NEW AIR MAIL BIDS TO BE ASKED AT ONCE

(BULLETIN)
(International News Service)

WASHINGTON, Mar. 27.—The administration took the first step toward returning the air mail service to private operation today by issuing a call for new bids immediately.

The new bids will be asked on a temporary basis, pending the enactment by congress of the new and permanent air mail legislation.

Announcement that air mail bids would be asked of commercial companies immediately was made by the president in his semi-weekly press conference today.

The news was given out in the form of a simple oral statement by the president that at 2:30 today he would go over the new post office proposal for asking bids on air mail from commercial companies.

The president was immediately flooded with questions as to how he would ask for such bids pending legislation, and whether old companies whose contracts were rescinded in the general cancellation order some time ago could bid under the new plan.

To these questions the president replied that he could not go into details.

Daring Payroll Bandits Hunted In Montreal

(International News Service)

MONTREAL, Mar. 27.—Underworld sections of Montreal were in a virtual state of siege today as police pressed a hunt for two daring gunmen who kidnaped two officials of a provision store and escaped with $15,000 of the store's money.

The abducted pair, members of the firm of Tousignant and Frere, Ltd., were driving to a bank to deposit the day's receipts when two men suddenly leaped on the running board of their car.

Brandishing revolvers, the two men took possession of the car and drove to a lonely section of the city. There the two business men are relieved of the $15,000 and compelled to leave the car.

Will Board Astor Yacht At Jacksonville, Florida, On Wednesday

PLANS TO ENJOY FISHING TRIP

(International News Service)

WASHINGTON, Mar. 27.—Forgetting care for a brief vacation, President Roosevelt will entrain for the south tonight, and tomorrow at Jacksonville, Fla., will board Vincent Astor's yacht, the Nourmahal, for a fishing cruise.

Mr. Roosevelt wants to get away from official duties, so far as is possible, during his outing. He will leave his business staff on land, in Miami, and communicate with them by radio. A secret service detail, required by law, will be the only reminder of his high office.

The presidential party will probably seek sail-fish off the lower Florida coast for several days, and may go further out to sea for bigger game during the trip.

Mr. Roosevelt will return to Washington not later than April 7.

Two Found Dead In Parked Truck Near Erie, Penna.

(International News Service)

ERIE, Pa. Mar. 27—Two men identified as John B. Miller 55, and Guy G. McBeth, 37 both of Biglerville, Pa., were found asphyxiated in a truck near Girard today.

Coroner W. G. Stroble issued a verdict of accidental death in both cases.

It was believed the men went to sleep in the truck while the engine remained running.

Peace Restored At CCC Camp In Gettysburg, Pa.

Sixty Negro CCC Workers Share In Riot On Eve Of Being Discharged

TWO RINGLEADERS ARE PENALIZED

(International News Service)

GETTYSBURG, Pa., Mar. 27—Peace today again reigned at CCC Camp MP2 on the Gettysburg battlefield following a day of riotous disorders during which 60 negro members of the corps ran wild on the eve of their discharge and smashed and wrecked all the lights in the barracks and about 20 bunks.

The rioting members were quieted after about two and one-half hours by Lieut. James MacDonnell commandant of the camp, with the aid of leaders and guards within his own company.

James Stewart, of Camden, N. J. and a man known as Busby of Philadelphia, the alleged ringleaders, were found guilty of the military offenses of inciting to riot and wantonly and wilfully destroying government property at a summary court held by Lieutenant MacDonnell.

Both men were dishonorably discharged, deprived of their pay and evicted from the camp.

Other suspected leaders of the outbreak will be weeded out, according to MacDonnell.

Nila Cram Cook Becomes Bride

(International News Service)

NEW YORK, Mar. 27.—Nila Cram Cook, lately a disciple of Mahatma Gandhi, and her new husband, Albert N. Hutchins, former mess steward of the S. S. City of Elwood on which Miss Cook arrived here after her deportation from India, were strangely missing today, having since their marriage late yesterday, shrouded their movements in secrecy.

Her brother, Harl Cook, who is taking care of Sirios, Nila's 5-year-old son by a previous marriage, admits no knowledge of the plans of the couple.

It was, however, reliably reported that they are en route to Wilmington, Del.

HARRISBURG, Mar. 27.—Republican organization leaders today began conferences designed to narrow the huge field of candidates for the May primary placed on the lists as the result of a dramatic eleventh-hour rush that swamped the state elections bureau with nominating petitions.

A week of determined conferring loomed ahead to meet next Monday's deadline for withdrawing from the race.

Yesterday's avalanche of petitions gave the voters a record breaking field of aspirants in all parties which included:

No Delivery Of Mail Here This Afternoon

Service Curtailment Result Of Order From Postmaster General

New Castle's city letter carriers today observed another of the eight half-day furloughs which Postmaster General James A. Farley's recent economy order instructed them to take between now and the close of the government's fiscal year on June 30.

Acting Postmaster Richard A. Steen said that no afternoon mail deliveries would be made. This morning's deliveries were made as usual.

Hoping to work the least inconvenience on the public, the acting postmaster said that all the half-day furloughs will be taken on days when the volume of business is lightest. He made known that today's was one when the afternoon deliveries could easily be suspended. The orders came from the Washington office several weeks ago and has nation-wide effect. Other cities are forced to undergo the same service curtailment.

The Farley order called for four furlough days for all postal employes, although special exemptions were made in a new order issued yesterday. Only two members of the custodial force here as well as special delivery messengers will escape the forced holidays.

Mr. Steen assured the public that half-holidays would not be called on days when the mail is heavy.

Six Inch Snow In Chicago, Ill.

(International News Service)

CHICAGO, Mar. 27— On the heels of a six inch fall of snow that swirled down out of the North, delaying traffic and forcing a suspension of flying schedules freezing temperatures today, added the hazard of ice-coated pavements and traffic rails.

Slush that had gathered in the streets and on sidewalks during the 12 hour March storm had rapidly turned to ice as the mercury fell below the freezing mark. C. A. Donnel, weather forecaster, said it was possible, that the total snow fall would amount to nine inches.

Avalanche Of Messages Pours In On Dr. Wirt

(International News Service)

GARY, Ind., Mar. 27.—Dr. William A. Wirt announced today that he is ready to go before a congressional committee at once and name members of the administration "brain trust" who he charges are planning a revolution in the American social system.

The Gary educator, apparently calm in the midst of the furore his charges have created, said he was pleased with the movement started in the national house of representatives looking toward an official inquiry into his assertions.

Hundreds of telegrams, letters and telephone messages have come pouring in on the school superintendent since his charges were first made public in Washington.

One of these messages threatened the educator with death. It was mailed in Buffalo, N. Y., and was signed: "A faithful member of the United States of America royal citizen secret society."

WILL ROGERS Says:

(Special To The News)

BEVERLY HILLS, Cal., Mar. 27.—Say, that stoping that strike was the best bit of luck that's happened to us in a long time, for it looks like the basis of stopping all of them, if the participants will all be as liberal as these were.

There was one thing they brought out in the agreement that seemed pretty fair; that was that no matter what union, or group, or if none at all, that in any settlement you was to have representation in proportion to the number of workers in your group.

That's been one of the big troubles before; supposed leaders who didn't represent everybody, but were in there talking for 'em.

So it looks like the president has earned his vacation, even if he was going on Morgan's yacht. (Which he isn't. It's Vincent Astor's yacht.)

Appeal Entered By Mrs. Insull

Wife Of Utilities Fugitive Asks U. S. Minister For Visa Aid

BRITISH TURN DOWN REQUEST

By JAMES L. KILGALLEN
International News Service Staff Correspondent

ATHENS, Mar. 27—Mrs. Samuel Insull today appealed to Lincoln MacVeagh, United States minister to Greese, for aid in obtaining a British visa to her passport. She also asked him to assist her in obtaining a French residence permit in place of the thirty day transit visa she now has.

The British government yesterday refused to issue a passport visa to Mrs. Insull. No reason for the refusal was given.

Action Threatened

George Xiros, attorney for Mrs. Insull had charged, however that the United States legation here was responsible for British reluctance to visa her passport and threatened to take the matter to the League of Nations.

Mrs. Insull telephoned minister MacVeagh at noon, making a personal appeal for his assistance in her efforts to obtain a passport visa which will permit her to go either to England or France and remain there. At present she cannot leave Greece, since she has only transit visas.

Bloodhounds Used To Trail Pair; On Lookout For Return Here

(International News Service)

BELLEFONTE, Pa., Mar. 27.—Jail guards and state policemen today were scouring the mountains in the vicinity of the Rockview penitentiary for Leslie McNeil and Frank Rausch, two Lawrence county prisoners who escaped last night by scaling the fence around the recreation yard.

Bloodhounds were used in the search but the trail was lost a short distance north of the penitentiary along the railroad tracks.

Deputy Warden Clarence C. Rhoads, in charge of the penitentiary, said eight prison policemen, two state policemen and two state highway motor patrolmen were conducting the search. In addition, all highways and roads were being guarded.

Deputy Warden Rhoads said the trail of the two escaped prisoners was picked up by the dogs and followed to the railroad tracks near Bellefonte.

He said the men apparently headed north for a short distance along the railroad tracks and then turned west, towards Lawrence county.

McNeil was serving a two to four year sentence for breaking and entering and Rausch, one and a half to three years on the same charge. They had been at the penitentiary only about two weeks.

Warden Rhoads said the prisoners are allowed out into the recreation yard for a short period each night after the evening meal.

Avalanche Of Messages Pours In On Dr. Wirt

(International News Service)

GARY, Ind., Mar. 27.—Dr. William A. Wirt announced today that he is ready to go before a congressional committee at once and name members of the administration "brain trust" who he charges are planning a revolution in the American social system.

The Gary educator, apparently calm in the midst of the furore his charges have created, said he was pleased with the movement started in the national house of representatives looking toward an official inquiry into his assertions.

Hundreds of telegrams, letters and telephone messages have come pouring in on the school superintendent since his charges were first made public in Washington.

One of these messages threatened the educator with death. It was mailed in Buffalo, N. Y., and was signed: "A faithful member of the United States of America royal citizen secret society."

WILL ROGERS Says:

(Special To The News)

BEVERLY HILLS, Cal., Mar. 27.—Say, that stoping that strike was the best bit of luck that's happened to us in a long time, for it looks like the basis of stopping all of them, if the participants will all be as liberal as these were.

There was one thing they brought out in the agreement that seemed pretty fair; that was that no matter what union, or group, or if none at all, that in any settlement you was to have representation in proportion to the number of workers in your group.

That's been one of the big troubles before; supposed leaders who didn't represent everybody, but were in there talking for 'em.

So it looks like the president has earned his vacation, even if he was going on Morgan's yacht. (Which he isn't. It's Vincent Astor's yacht.)

Yours,

Will Rogers

Appeal Entered By Mrs. Insull

Wife Of Utilities Fugitive Asks U. S. Minister For Visa Aid

BRITISH TURN DOWN REQUEST

By JAMES L. KILGALLEN
International News Service Staff Correspondent

ATHENS, Mar. 27—Mrs. Samuel Insull today appealed to Lincoln McVeagh, United States minister to Greese, for aid in obtaining a British visa to her passport. She also asked him to assist her in obtaining a French residence permit in place of the thirty day transit visa she now has.

The British government yesterday refused to issue a passport visa to Mrs. Insull. No reason for the refusal was given.

Action Threatened

George Xiros, attorney for Mrs. Insull had charged, however that the United States legation here was responsible for British reluctance to visa her passport and threatened to take the matter to the League of Nations.

Mrs. Insull telephoned minister MacVeagh at noon, making a personal appeal for his assistance in her efforts to obtain a passport visa which will permit her to go either to England or France and remain there. At present she cannot leave Greece, since she has only transit visas.

Bloodhounds Used To Trail Pair; On Lookout For Return Here

(International News Service)

BELLEFONTE, Pa., Mar. 27.—Jail guards and state policemen today were scouring the mountains in the vicinity of the Rockview penitentiary for Leslie McNeil and Frank Rausch, two Lawrence county prisoners who escaped last night by scaling the fence around the recreation yard.

Bloodhounds were used in the search but the trail was lost a short distance north of the penitentiary along the railroad tracks.

Deputy Warden Clarence C. Rhoads, in charge of the penitentiary, said eight prison policemen, two state policemen and two state highway motor patrolmen were conducting the search. In addition, all highways and roads were being guarded.

Deputy Warden Rhoads said the trail of the two escaped prisoners was picked up by the dogs and followed to the railroad tracks near Bellefonte.

He said the men apparently headed north for a short distance along the railroad tracks and then turned west, towards Lawrence county.

McNeil was serving a two to four year sentence for breaking and entering and Rausch, one and a half to three years on the same charge. They had been at the penitentiary only about two weeks.

Warden Rhoads said the prisoners are allowed out into the recreation yard for a short period each night after the evening meal.

The escape was the first in the

TO SEEK OLD POST OFFICE FOR CITY USE

HUNT TWO FUGITIVES

Council To Ask Old Post Office Be Given City

Believe Federal Building Will Be Given To City For Library

FIRST STEPS TAKEN AT MEETING TODAY

New Post Office Building To Be Completed During Year

Action taken in city council at a special meeting this morning indicates that the present post office building on North Mercer street, which will be vacated when the new building being erected on the public square is completed, will probably be used for library or city purposes.

Council adopted Finance Director Hoyland's motion which requests the federal government to give to the city of New Castle the present post office building on North Mercer street, for public library or other municipal purposes. If given to the city, the building will not be used for commercial purposes.

To Ask Congress Action

The request will be sent to Senator David Reed and it is said he will introduce a measure in the U. S. Senate asking that the U. S. Treasury give the ground and building to the city for such purposes.

Inasmuch as the present post office may be vacated within a year, there has been considerable conjecture as to what would become of the building.

There is considerable optimism on the part of council that congress will favor the bill.

The present public library is located in North Jefferson street. It is believed the post office building on North Mercer street would make an excellent library building.

NEW AIR MAIL BIDS TO BE ASKED AT ONCE

(BULLETIN)
(International News Service)

WASHINGTON, Mar. 27.—The administration took the first step toward returning the air mail service to private operation today by issuing a call for new bids immediately.

The new bids will be asked on a temporary basis, pending the enactment by congress of the new and permanent air mail legislation.

Announcement that air mail bids would be asked of commercial companies immediately was made by the president in his semi-weekly press conference today.

The news was given out in the form of a simple oral statement by the president that at 2:30 today he would go over the new post office proposal for asking bids on air mail from commercial companies.

The president was immediately flooded with questions as to how he would ask for such bids pending legislation, and whether old companies whose contracts were rescinded in the general cancellation order some time ago could bid under the new plan

To these questions the president replied that he could not go into details.

Daring Payroll Bandits Hunted In Montreal

(International News Service)

MONTREAL, Mar. 27.—Underworld sections of Montreal were in a virtual state of siege today as police pressed a hunt for two daring gunmen who kidnaped two officials of a provision store and escaped with $15,000 of the store's money.

The abducted pair, members of the firm of Tousignant and Frere, Ltd., were driving to a bank to deposit the day's receipts when two men suddenly leaped on the running board of their car.

Brandishing revolvers, the two men took possession of the car and drove to a lonely section of the city. There the two business men are relieved of the $15,000 and compelled to leave the car.

PLANS TO ENJOY FISHING TRIP

(International News Service)

WASHINGTON, Mar. 27.—Forgetting care for a brief vacation, President Roosevelt will entrain for the south tonight, and tomorrow at Jacksonville, Fla., will board Vincent Astor's yacht, the Nourmahal, for a fishing cruise.

Mr. Roosevelt wants to get away from official duties, so far as is possible, during his outing. He will leave his business staff on land, in Miami, and communicate with them by radio. A secret service detail, required by law, will be the only reminder of his high office.

The presidential party will probably seek sail-fish off the lower Florida coast for several days, and may go further out to sea for bigger game during the trip.

Mr. Roosevelt will return to Washington not later than April 7.

Sixty Negro CCC Workers Share In Riot On Eve Of Being Discharged

TWO RINGLEADERS ARE PENALIZED

(International News Service)

GETTYSBURG, Pa., Mar. 27—Peace today again reigned at CCC Camp MP2 on the Gettysburg battlefield following a day of riotous disorders during which 60 negro members of the corps ran wild on the eve of their discharge and smashed and wrecked all the lights in the barracks and about 20 bunks.

The rioting members were quieted after about two and one-half hours by Lieut. James MacDonnell commandant of the camp, with the aid of leaders and guards within his own company.

James Stewart, of Camden, N. J. and a man known as Busby of Philadelphia, the alleged ringleaders, were found guilty of the military offenses of inciting to riot and wantonly and wilfully destroying government property at a summary court held by Lieutenant MacDonnell.

Both men were dishonorably discharged, deprived of their pay and evicted from the camp.

Other suspected leaders of the outbreak will be weeded out, according to MacDonnell.

No Delivery Of Mail Here This Afternoon

Service Curtailment Result Of Order From Postmaster General

New Castle's city letter carriers today observed another of the eight half-day furloughs which Postmaster General James A. Farley's recent economy order instructed them to take between now and the close of the government's fiscal year on June 30.

Acting Postmaster Richard A. Steen said that no afternoon mail deliveries would be made. This morning's deliveries were made as usual.

Hoping to work the least inconvenience on the public, the acting postmaster said that all the half-day furloughs will be taken on days when the volume of business is lighest. He made known that today's was one when the afternoon deliveries could easily be suspended. The orders came from the Washington office several weeks ago and has nation-wide effect. Other cities are forced to undergo the same service curtailment.

The Farley order called for four furlough days for all postal employes, although special exemptions were made in a new order issued yesterday. Only two members of the custodial force here as well as special delivery messengers will escape the forced holidays.

Mr. Steen assured the public that half-holidays would not be called on days when the mail is heavy.

FISH ADDS TO "BRAIN TRUST" CHARGES

Names 12 He Says Are "Radicals"

New York Congressman Names Members Of Administration

ASKS FOR PROBE OF WIRT'S CHARGES

(International News Service)

WASHINGTON, Mar. 27—Adding fuel to the charges hurled at the "brain trust" by Dr. William A. Wirt, Gary, (Ind.) educator, Rep. Fish (R) of New York today named his own list of "radicals" in the service of the administration.

Joining in the demand for a congressional investigation of Dr. Wirt's charges that the "brain trusters" are seeking to establish a new form of government, Fish declared that "the situation is well known to those who have watched development."

Names Twelve

Turning to the files of the house committee which investigated communist propaganda in 1931, Fish named 12 figures in the administration whose names figured in the inquiry.

While disclaiming any intention to brand "brain trusters" as communists, Fish said the 12 were associated with the American Civil Liberties Union.

"I believe practically all members of the American Civil Liberties Union are socialists at heart although there may be a few who have been misled as to the purposes of the organization," said Fish.

In addition Fish named four other "radicals" in the administration and asserted that the administration harbors "a score or more of young radicals" tutored by Prof. Felix Frankfurter of Harvard University.

In Civil Liberties Union

The 12 named as being affiliated with the American Civil Liberties Union are:

Prof. Rexford Guy Tugwell, assistant secretary of agriculture and designated by Fish as head of the "brain trust."

Prof. Paul H. Douglas, NRA

Prof. Albert E. Taussig, NRA

Jerome N. Frank, counsel agricultural relief administration

James M. Landis member Federal trade commission.

Dr. Frederic C. Howe, NRA

Clarence Darrow, noted lawyer and head of NRA review committee

Henry T. Hunt, Counsel, PWA

Nathan R. Margold, solicitor interior department

Robert Marshall, bureau of Indian affairs

William E. Dodd, ambassador to Germany

Rose Schneiderman, NRA labor advisory board.

Fish named four others who "may or may not be" affiliated with the American civil liberities union: ambassador to Russia William C. Bullitt, Prof. Mordecai Ezekiel, economist, agriculture department; Sidney Hillman, NRA labor advisory board and former Senator Smith W. Brookhart (R) of Iowa foreign trade adviser of the NRA.

"In addition" said Fish "it is estimated that there are about a score or more of young radicals, so-called economic experts and lawyers of the Felix Frankfurter school of thought, most of whom are disciples of Karl Marx," doing work for the government.

Meantime, Democratic house leaders were divided over the scope of the proposed investigation of Dr. Wirt's statements.

Correct this sentence: "The men worship her," said the gossip, "because she's so athletic and well-muscled."

Americanism: Knowing we can't make money unless the big fellows do; passing laws to hamstring the big fellows.

Seeks To Diminish Field

Gen. Edward Martin, Republican state chairman, filed his petitions at the last minute in the hope that the opportunity will occur during the remainder of this week to use his threatened candidacy to help diminish the field.

Political circles expressed some belief that attempts to narrow down the field of gubernatorial hopefuls, or even prosepective lieutenant governors might encounter difficulties because of the apparent neck and neck strength of several of the candidates.

Democrats, now that the filing deadline is past, are assured contests for every state wide office nomination, the most crowded field being the gubernatorial with six entrants.

Both the socialists and the Prohibitionists have a complete statewide slate on file but there are no contests in the primaries.

Petitions filed for congress, state Senate and legislature were believed to have surpassed all previous years. No accurate figure was available from the election bureau pending the sorting of numerous mailed petitions which are being accepted if they bear postmarks of March 26. More than 3,000 petitions had been tabulated at sundown, yesterday.

On Watch Here

Law enforcement agents of Lawrence county today kept a sharp vigil for "Leslie McNeil, 37, and Frank Rausch, 26, who escaped from Rockview penitentiary at 7:35 p. m. last night.

They were convicted and sentenced in Lawrence county court several months ago on charge of breaking and entering. Also convicted was George Zalick and Walter Rausch, the latter, father of Frank.

The gang, it was proved, not only committed various house robberies here, but also in eastern Ohio, although for quite a time the looters had investigators puzzled.

When a house they occupied at Harbor bridge was burned a tip resulted in state police and Constable Fallon visiting a Sampson street house where articles stolen and valued at $5,000, were discovered and arrests made.

visions, voted in the special session of congress as a method of bolstering the credit of the nation.

Important Principle

While the amount of money involved in the congressional provisions adopted over the objection of the president was not large, the chief executive was said to believe they embrace an important principle.

The difference revolved around World war veterans whose ills were declared by law to be "presumed" to arise from service during the war. These include tuberculars and veterans suffering from nervous and mental diseases.

Under the provisions, 29,000 "presumptives" would be restored permanently to the rolls at 75 per cent of their base compensation. The economy act provided for review of all cases by special boards.

The White House was said to be willing to accept provisions restoring service-connected cases to the rates enjoyed on March 19, 1933, and give Spanish-American war, Philippine Insurrection and Boxer rebellion veterans 75 per cent of the compensation paid them last March.

While the president has stated that men actually disabled in war should be aided by their government, he has vigorously opposed grants for "peace time" injuries of World war veterans. Therefore, he holds, all questionable cases should be reviewed by special boards.

The federal pay-cut restoration—which is five per cent as of Feb. 1 and another five per cent July 1—also goes beyond the original proposal of the president for a five per cent restoration on July 1. The full pay cut voted in the economy act was 15 percent.

The combined amendment to the supply bill, it is estimated, would cost the government $230,000,000 a year. The president has already modified the original veterans economy act to the extent of $100,000,000 to $150,000,000.

GERMANY WILL OFFER "TOKEN" DEBT PAYMENT

(International News Service)

WASHINGTON, Mar. 27.—Germany has decided to offer this government a so-called "token" payment on the $50,000,000 due the United States the end of this week on German mixed-claim and army of occupation payments, it was learned today.

Amount of the payment was withheld pending discussions with American officials, but it was believed to be around 10 per cent. This was the approximate percentage of the token payments made by Great Britain and the other debtor nations in the hope of avoiding the stigma of outright default.

New Castle Man Asks Police To Hunt For Woman

BUFFALO, N. Y., Mar. 27—Police today sought Mrs. Helen Heddle, Pittsburgh, Pa., who disappeared here last night leaving two small children with relatives.

Charles Remley, New Castle, Pa. and Frank Kader, Pittsburgh told police they came here last week with Mrs. Heddle and her two children, Leroy 8, and Thelma 5. Remley, cousin of Mrs. Heddle, said Mrs. Heddle visited him last night and left the children saying she would be back in twenty minutes. When she failed to return this morning, he notified police.

FISH ADDS TO "BRAIN TRUST" CHARGES

Names 12 He Says Are "Radicals"

New York Congressman Names Members Of Administration

ASKS FOR PROBE OF WIRT'S CHARGES

(International News Service)

WASHINGTON, Mar. 27—**Adding fuel to the charges hurled at the "brain trust" by Dr. William A. Wirt, Gary, (Ind.) educator, Rep. Fish (R) of New York today named his own list of "radicals" in the service of the administration.**

Joining in the demand for a congressional investigation of Dr. Wirt's charges that the "brain trusters" are seeking to establish a new form of government, Fish declared that "the situation is well known to those who have watched development."

Names Twelve

Turning to the files of the house committee which investigated communist propaganda in 1931, Fish named 12 figures in the administration whose names figured in the inquiry.

While disclaiming any intention to brand "brain trusters" as communists, Fish said the 12 were associated with the American Civil Liberties Union.

"I believe practically all members of the American Civil Liberties Union are socialists at heart although there may be a few who have been misled as to the purposes of the organization," said Fish.

In addition Fish named four other "radicals" in the administration and asserted that the administration harbors "a score or more of young radicals" tutored by Prof. Felix Frankfurter of Harvard University.

In Civil Liberties Union

The 12 named as being affiliated with the American Civil Liberties Union are:

Prof. Rexford Guy Tugwell, assistant secretary of agriculture and designated by Fish as head of the "brain trust."

Prof. Paul H. Douglas, NRA

Prof. Albert E. Taussig, NRA

Jerome N. Frank, coimsel agricultural relief administration

James M. Landis, member Federal trade commission.

Dr. Frederic C. Howe, NRA

Clarence Darrow, noted lawyer and head of NRA review committee

Henry T. Hunt, Counsel, PWA

Nathan R. Margold, solicitor interior department

Robert Marshall, bureau of Indian affairs

William E. Dodd, ambassador to Germany

Rose Schneiderman, NRA labor advisory board.

Fish named four others who "may or may not be" affiliated with the American civil liberities union: ambassador to Russia William C. Bullitt, Prof. Mordecai Ezekiel, economist, agriculture department; Sidney Hillman, NRA labor advisory board and former Senator Smith W. Brookhart (R) of Iowa foreign trade adviser of the NRA.

"In addition" said Fish "it is estimated that there are about a score or more of young radicals, so-called economic experts and lawyers of the Felix Frankfurter school of thought, most of whom are disciples of Karl Marx," doing work for the government.

Meantime, Democratic house leaders were divided over the scope of the proposed investigation of Dr. Wirt's statements.

Correct this sentence: "The men worship her," said the gossip, "because she's so athletic and well-muscled."

EXPECT MANY OF STATE CANDIDATES WILL WITHDRAW

fairs and six for superior court judge.

Seeks To Diminish Field

Gen. Edward Martin, Republican state chairman, filed his petitions at the last minute in the hope that the opportunity will occur during the remainder of this week to use his threatened candidacy to help diminish the field.

Political circles expressed some belief that attempts to narrow down the field of gubernatorial hopefuls, or even prosepective lieutenant governors might encounter difficulties because of the apparent neck and neck strength of several of the candidates.

Democrats, now that the filing deadline is past, are assured contests for every state wide office nomination, the most crowded field being the gubernatorial with six entrants.

Both the socialists and the Prohibitionists have a complete statewide slate on file but there are no contests in the primaries.

Petitions filed for congress, state Senate and legislature were believed to have surpassed all previous years. No accurate figure was available from the election bureau pending the sorting of numerous mailed petitions which are being accepted if they bear postmarks of March 26. More than 3,000 petitions had been tabulated at sundown. yesterday.

ROACHES APPRECIATE FINER THINGS IN LIFE

Prof. Rexford Guy Tugwell, assistant secretary of agriculture and designated by Fish as head of the "brain trust."

Prof. Paul H. Douglas, NRA

Prof. Albert E. Taussig, NRA

Jerome N. Frank, counsel agricultural relief administration

James M. Landis, member Federal trade commission.

Dr. Frederic C. Howe, NRA

Clarence Darrow, noted lawyer and head of NRA review committee

Henry T. Hunt, Counsel, PWA

Nathan R. Margold, solicitor interior department

Robert Marshall, bureau of Indian affairs

William E. Dodd, ambassador to Germany

Rose Schneiderman, NRA labor advisory board.

Fish named four others who "may or may not be" affiliated with the American civil liberities union: ambassador to Russia William C. Bullitt, Prof. Mordecai Ezekiel, economist, agriculture department; Sidney Hillman, NRA labor advisory board and former Senator Smith W. Brookhart (R) of Iowa foreign trade adviser of the NRA.

"In addition" said Fish "it is estimated that there are about a score or more of young radicals, so-called economic experts and lawyers of the Felix Frankfurter school of thought, most of whom are disciples of Karl Marx," doing work for the government.

Meantime, Democratic house leaders were divided over the scope of the proposed investigation of Dr. Wirt's statements.

Correct this sentence: "The men worship her," said the gossip, "because she's so athletic and well-muscled."

Americanism: Knowing we can't make money unless the big fellows do; passing laws to hamstring the big fellows.

Seeks To Diminish Field

Gen. Edward Martin, Republican state chairman, filed his petitions at the last minute in the hope that the opportunity will occur during the remainder of this week to use his threatened candidacy to help diminish the field.

Political circles expressed some belief that attempts to narrow down the field of gubernatorial hopefuls, or even prosepective lieutenant governors might encounter difficulties because of the apparent neck and neck strength of several of the candidates.

Democrats, now that the filing deadline is past, are assured contests for every state wide office nomination, the most crowded field being the gubernatorial with six entrants.

Both the socialists and the Prohibitionists have a complete statewide slate on file but there are no contests in the primaries.

Petitions filed for congress, state Senate and legislature were believed to have surpassed all previous years. No accurate figure was available from the election bureau pending the sorting of numerous mailed petitions which are being accepted if they bear postmarks of March 26. More than 3,000 petitions had been tabulated at sundown. yesterday.

ROACHES APPRECIATE FINER THINGS IN LIFE

(International News Service)

ST. LOUIS.—Even roaches have a taste for "the finer and better things of life."

This has been revealed by experts at Shaw's Garden here, who keep close watch over the new orchid queen, the sky-blue Vanda Caerulea, which has been developed at the botanical garden.

The tender, translucent root tips of the plant appear to be the caviar of the roach world and the plant must be especially guarded against them.

administration of Rhoads who last week succeeded W. J. McFarland. The latter resigned after nine years' service as deputy warden.

On Watch Here

Law enforcement agents of Lawrence county today kept a sharp vigil for Leslie McNeil, 37, and Frank Rausch, 26, who escaped from Rockview penitentiary at 7:35 p. m. last night.

They were convicted and sentenced in Lawrence county court several months ago on charge of breaking and entering. Also convicted was George Zalick and Walter Rausch, the latter, father of Frank.

The gang, it was proved, not only committed various house robberies here, but also in eastern Ohio, although for quite a time the looters had investigators puzzled.

When a house they occupied at Harbor bridge was burned a tip resulted in state police and Constable Fallon visiting a Sampson street house where articles stolen and valued at $5,000, were discovered and arrests made.

PRESIDENT IS LIKELY TO VETO FIRST MEASURE

(Continued From Page One)

visions, voted in the special session of congress as a method of bolstering the credit of the nation.

Important Principle

While the amount of money involved in the congressional provisions adopted over the objection of the president was not large, the chief executive was said to believe they embrace an important principle.

The difference revolved around World war veterans whose ills were declared by law to be "presumed" to arise from service during the war. These include tuberculars and veterans suffering from nervous and mental diseases.

Under the provisions, 29,000 "presumptives" would be restored permanently to the rolls at 75 per cent of their base compensation. The economy act provided for review of all cases by special boards.

The White House was said to be willing to accept provisions restoring service-connected cases to the rates enjoyed on March 19, 1933, and give Spanish-American war, Philippine Insurrection and Boxer rebellion veterans 75 per cent of the compensation paid them last March.

While the president has stated that men actually disabled in war should be aided by their government, he has vigorously opposed grants for "peace time" injuries of World war veterans. Therefore, he holds, all questionable cases should be reviewed by special boards.

The federal pay-cut restoration—which is five per cent as of Feb. 1 and another five per cent July 1—also goes beyond the original proposal of the president for a five per cent restoration on July 1. The full pay cut voted in the economy act was 15 percent.

The combined amendment to the supply bill, it is estimated, would cost the government $230,000,000 a year. The president has already modified the original veterans economy act to the extent of $100,000,000 to $150,000,000.

PHILATELIST LURE

(International News Service)

OSHKOSH, Neb.—The Oshkosh post office probably does business with more communities than any other post office located in a town of similar size in the country. For some reason the stamp cancelling machine received here several years ago contains 13 stars. Collectors soon learned of this and now the local postmaster is besieged with requests for stamps cancelled by the unique machine.

GERMANY WILL OFFER "TOKEN" DEBT PAYMENT

(International News Service)

WASHINGTON, Mar. 27.—Germany has decided to offer this government a so-called "token" payment on the $50,000,000 due the United States the end of this week on German mixed-claim and army of occupation payments, it was learned today.

Amount of the payment was withheld pending discussions with American officials, but it was believed to be around 10 per cent. This was the approximate percentage of the token payments made by Great Britain and the other debtor nations in the hope of avoiding the stigma of outright default.

New Castle Man Asks Police To Hunt For Woman

BUFFALO, N. Y., Mar. 27—Police today sought Mrs. Helen Heddle, Pittsburgh, Pa., who disappeared here last night leaving two small children with relatives.

Charles Remley, New Castle, Pa. and Frank Kader, Pittsburgh told police they came here last week with Mrs. Heddle and her two children, Leroy 8, and Thelma 5. Remley, cousin of Mrs. Heddle, said Mrs. Heddle visited him last night and left the children saying she would be back in twenty minutes. When she failed to return this morning, he notified police.

EXCELLENT PROGRAM GIVEN BY STUDENTS

A most delightful program of instrumental and vocal numbers was presented Monday evening at Highland U. P. church by the student members of the Music Club with club members, parents and friends forming a large and appreciative audience.

The quality of work presented by these young artists assures a future Music club of high standard. Marked rhymn, artistic interpretation, brilliant tonal quality and able technique were displayed by those presenting the program.

Such composers as Beethoven, Chopin, Arensky, Debussy, Mac Dowell, Sibelius and Rimsky Korsakoff were represented on the program which was in charge of Miss Helen Ewing.

Piano selections were given by the following James Fox, Morgan Jones, Mary Louise Kirkpatrick, Geraldine Ferver, Elizabeth Koski, Jean Wimer, Lena Silverman, Mary Loveridge, Viola Dufford, Isabelle Johnson, Frank Taylor, Dorothy Fisher.

Vocal numbers were ably given by William Fletcher accompanied by Morgan Jones and Marian Wilkison accompanied by Kathryn Newberry.

Violin selections were artistically presented by Anthony Casbero with Dorothy Fisher at the piano and James Ryhal accompanied by Elizabeth Koski.

A most delightful program of instrumental and vocal numbers was presented Monday evening at Highland U. P. church by the student members of the Music Club with club members, parents and friends forming a large and appreciative audience.

The quality of work presented by these young artists assures a future Music club of high standard. Marked rhymn, artistic interpretation, brilliant tonal quality and able technique were displayed by those presenting the program.

Such composers as Beethoven, Chopin, Arensky, Debussy, Mac Dowell, Sibelius and Rimsky Korsakoff were represented on the program which was in charge of Miss Helen Ewing.

Piano selections were given by the following James Fox, Morgan Jones, Mary Louise Kirkpatrick, Geraldine Ferver, Elizabeth Koski, Jean Wimer, Lena Silverman, Mary Loveridge, Viola Dufford, Isabelle Johnson, Frank Taylor, Dorothy Fisher.

Vocal numbers were ably given by William Fletcher accompanied by Morgan Jones and Marian Wilkison accompanied by Kathryn Newberry.

Violin selections were artistically presented by Anthony Casbero with Dorothy Fisher at the piano and James Ryhal accompanied by Elizabeth Koski.

Chapter Of Youth.

Chapter of Youth No. 48 will hold its regular monthly meeting on Wednesday evening at 7:30 o'clock in the city building.

The winner of a recent contest held among the members of the organization will be made known. A prize is being awarded by Miss Margaret Bonfield. The girls of the White group will be hostesses for the evening with Miss Rose Gillest acting as chairlady.

Dinner Party

Monday evening Mr. and Mrs. J. C. Hanrahan, Hamilton Apartments, entertained a group at dinner in honor of the birthday of Fred C. Loveland, Youngstown, Ohio.

Mr. and Mrs. Loveland and daughter, Doris and Mrs. George Pfaus all of Youngstown, Ohio, were out of town guests.

The evening was most informally spent in conversation and music.

Polka Dots

Mrs. Martha Wimer of Court street, will be hostess to the Polka Dots Wednesday evening.

CURRENT EVENTS CLASS HEARS BOOK REVIEW

An interesting and informative review of the much discussed book, "Movie Made Children" by Mrs. J. L. Vogan, president of the Parent-Teacher Association of Arthur McGill school, featured the meeting Monday afternoon of the Current Events class in the home of Mrs. Frank P. Butz on Carlisle street.

Current topics were given in answer to roll call with discussions following. Mrs. Robert McKinney and Mrs. John Madigan served as critics. The meeting was well attended.

On April 9, Mrs. James Chambers of Sumner avenue, will be hostess.

TWO BRIDES HONORED IN BRENNEMAN HOME

Monday evening the members of the Delta Class of the First Baptist church, May Cromie president, met at the home of Mrs. Henry Brenneman, Garfield avenue, for the monthly get-together.

During the evening, two of the members, Mrs. Donald McGeary, and Mrs. George Beltrame, brides of recent dates, who were formerly Gladys Nord and Mary Koch were given showers of lovely gifts to be used in their new homes.

Music and an informal social time featured the evening, with the hostess serving dainty refreshments.

Mrs. George Beltrame, Center St. will be hostess to the group April 30.

P. H. C. Meeting

Members of the P. H. C. spent a delightful evening at the home of Mrs. K. Abreczwicz on Reynolds streets.

Part of the evening was devoted to piecing together a beautiful quilt in the windmill pattern. Remaining hours were spent with various games prizes being awarded to the following, Mrs. Mary Konopka, Mrs. V. Sonchek, Mrs. H. Kopsky, Mrs. S. Wienski and Mrs. J. Ostrosky.

The evening was concluded with a delicious lunch served by the hostess and assisted by Mrs. J. Jopek.

The club will meet on Thursday April 5 at the home of Mrs. V. Sonchek, on Pennsylvania Ave.

Announce Engagement

Announcement was made this morning of the engagement of Miss Jennie Metta, daughter of Mr. and Mrs. Angelo Metta, of Agnew street and Charles Padula, son of Mr. and Mrs. P. Padula, of Pearl street. The wedding date has been set for June.

RUSSIAN PROGRAM AT CURRENT EVENTS '23

Mrs. C. W. Mayberry of Northview avenue, was a pleasing hostess to the Current Events class '23 Monday afternoon.

The president, Mrs W. H. Shipler was in charge and several splendid reports were given which were of much interest. Mrs. R. W. Garroway, chairman of the blind committee told of the work being done by that department while Mrs. Joseph Jordan, chairman of the community service committee outlined their activities.

The program following was Russian in nature. Mrs. D. T. McConahy introduced Mrs. William Mayberry who gave a most interesting talk on that country and its women, her information being gleaned from a recent lecture which she had heard.

Mrs. McConahy added information on the subject, her paper being entitled "The Women of Russia."

"Relationship Between the United States and Russia" was the topic of a splendid paper by Mrs. W. H. Dunlap, Sr., after which all the members joined in the discussion.

Members will please note that the next meeting, April 9, will be with Mrs. Stewart Thompson of West Washington street, instead of with Mrs. C. E. Miller as scheduled in year book.

YOUNG-MILLER WEDDING NEWS

Rev. Frank K. Young, pastor of the Free Methodist church, officiated at the wedding Monday afternoon at 2:30 of his daughter Miss Ruby M. Young to Jefferson A. Miller, son of Mr. and Mrs. Cecil Miller of Ellwood City.

The marriage was solemnized in the Young home on Woodland avenue in the presence of the immediate family. The bride was lovely in a blue crepe frock with harmonizing accessories.

After the ceremony, Mr. and Mrs. Miller departed for Ellwood City where they will reside for the present with the former's parents.

The bride is a graduate of the 1931 class of the New Castle High school and was formerly a student nurse at Jameson Memorial hospital. The groom is a graduate of the 1930 class of the Ellwood City high school and is identified with the National Tube company of Ellwood.

FIELD CLUB STAG POSTPONED THIS WEEK

Holy Week always causes a lull in the social activities of the city as thoughts are religiously inclined during this period, and for that reason there will be no stag party at the Field Club this week.

The pre-Easter lull will be broken with a brilliant Easter Monday ball Moinday evening April 2 at which time many of the younger set, home from school for the Easter vacation, will attend. The dancing will start at 9 o'clock.

Residing In City

Mr. and Mrs. John Stanley, who were married on Saturday, have taken up residence at 408 East Garfield avenue. The young couple has dispensed with a wedding trip for the present but will leave on June 10 for Provincetown, Mass to spend the summer.

Mrs. Stanley (Harriet Alice Landis Smith) is the daughter of Ira Landis of this city. Mr. Stanley is the son of Mrs. A. Stanley, of Monterey, Calif.

The marriage ceremony was performed by Justice of the Peace O. H. P. Green at 11:00 a. m. Saturday. The bride, attractively gowned in gray with matching accessories and the groom, were attended by Howard McCreary Wylie and Mary Virginia Armstrong, both of this city.

Castle Club

A game of cards Monday evening in the home of Mrs. Frank Dorsey on Wildwood avenue, was of interest to members of the Castle club. Concluding play, lovely favors were awarded Mrs. John Wagner, Mrs. Minerva Nolder of McKeesport who was a visitor, and Mrs. Frank Dorsey. Mrs. Carl Lockhart won the hostess' favor.

Later a dainty refection was served, yellow and white colors prevailing.

The next meeting will be on Tuesday, April 10, with Mrs. Foster McEwen of Ray street.

N. R. A. Club

Wednesday, N. R. A. members will gather in the home of Mrs. Alex Wroble on Spruce street, for an all day quilting.

BOGUS BENEVOLENCE

PRESSURE is constantly being brought on congress and on the immigration bureau to relax our immigration laws and to let in various classes of people from Europe. There is likewise steady resistance to any legislation that would check constant additions to our working population from seaman desertions, and from western hemisphere immigration that now has no quota limitation. This kind of immigration is now held in check only by temporary executive orders barring persons likely to become a public charge.

Since the enactment of our quota laws in 1924, it is estimated that over two million foreigners have been added to our working population at a time when labor saving devices and industrial changes were throwing our own people out of employment by the hundred thousand.

Under these circumstances, every immigrant worker who has no job has had to be supported, and every immigrant who gets a job is displacing someone already here who needs that job. This immigration, therefore, has added just so much to the burden that we now have to carry.

We hear a great deal about humanizing our immigration administration. There is more humbug than humanizing when the endeavor is made to oblige our consuls to issue visas to those for whom bonds are given guaranteeing that they will not become a public charge. What guarantee is there that they will not be given the jobs for which there is bitter need among our own workers?

By all means let everything possible be done for the helpless and suffering of all peoples, but let it not be done in a way that will be paid for by those of our own people on whom the present crisis is weighing most heavily.

Let there be humanized administration of our immigration laws, but let us see to it that it is the real thing.

GOING AFTER THE SPEAKEASY CLUBS

Loopholes in the State Liquor Control act fostered the growth throughout the state of speakeasies thinly disguised as clubs. The lower license fee—$50 as compared with the $600 restaurant charge—and opportunities for Sunday and after-hour liquor selling and use of bars, were potent lures to the illicit trade.

A racket in old and disused club charters, resurrected to give these establishments a semblance of legality, has gone hand in hand with the new-speakeasy business.

But things do not look so bright for the "racket" clubs right now. The State Liquor Board has finally found a weapon against them that appears effective. Quo Warranto proceedings are under way against a number of the places under which the proprietors must prove their establishments are actually legitimate clubs, living up to non-profit charters.

With the false-whiskers pulled off the fake charters, these "yacht" clubs wherein the only schooners are those that come foaming from the beer tap and these "literary" clubs whose chief reading matter is a cocktail list have little chance of asserting any claim to legitimacy.—Philadelphia Inquirer.

SCIENCE AGAIN SCORES

That science may be well on the way to discovery of a preventive vaccine for the type of sleeping sickness that became epidemic last year in St. Louis, Kansas City, Mo., and Paris. Ill., is revealed in an announcement by the Rockefeller Institute of Medical Research.

It will be recalled that the outbreak, with its accompanying high death rate, caused nation-wide alarm. Experts in various lines of medical research went to the affected areas and assisted in efforts to penetrate the mysteries of the baffling disease. These concentrated their attention largely toward finding the couse. Success was achieved last fall, when the Rockefeller institute, announced the virus, called "the St. Louis encephalitis," had been found.

This marked the first important step in the search for a preventive. Since then, the institute reveals, a vaccine has been developed strong enough to protect mice against from 1,000 to 1,000,000 doses of the virus. The vaccine apparently has not yet been tried on human subjects, but its success when used on mice gives promise that it will meet the higher need.

Development of the serum was described by Leslie T. Webster and George L. Fite of the institute in an article in Science. The immunity obtained with mice, they said, "has persisted unchanged for three weeks and doubtless endures much longer."

MODERN MAN WITHOUT A COUNTRY

The thousands of average folks who trusted Samuel Insull and found him wanting probably will never have their dissipated savings restored to them. But Insull, even if he ever is returned to this country for trial, is getting his punishment.

Sailing about in the Mediterranean in a dirty little tramp steamer, the once-powerful magnate is, in truth, the modern man without a country.

He cannot come to the United States unless he is willing to face trial.

The broken old man sails the sea, practically alone with his own conscience. He has no place to go. His escape may be from the realities of trial and legal punishment. But how is he to escape from himself? He cannot.

Samuel Insull is doomed to an even worse punishment than would befall him were he to return to the United States for trial.

Times would have been bad in 1928, too, if everybody had waited for Washington to do the go-getting.

The utter futility of war is brought home by the fact that elimination of the Kaiser gave the world Hitler.

The weather bureau at Washington says this was one of the mildest winters on record, except in spots. Like a flat tire that is flat only at the bottom.

The League of Nations is still asking Paraguay and Bolivia to lie down side by side in peace. But if they postpone it many weeks longer it looks as though Bolivia would be lying on the inside, in pieces.

EXTENUATING CIRCUMSTANCES

As poverty is lessened, crime will diminish.

It is natural for those compelled to struggle against poverty to acquire eventually a hardened conscience.

This does not mean that all those in straitened financial condition become dishonest.

Some of the most dependably honest persons are those having the hardest time in getting along.

But year after year of severe struggling to live is liable to cause a weakening of standards.

Most crimes are hatched and planned in slum districts.

In these sections, life becomes a matter of survival on the fittest.

Cunning and nefarious operations are often used to gain that which cannot be obtained in an honest way.

Most of us would succumb to temptation, if by honest effort we were unable to gain enough of the necessities for ourselves and our families.

Few people, if subjected to the conditions abounding in poverty-stricken areas or if tempted by criminals to adopt shady method could withstand the temptation.

The World AND THE Mud Puddles

WOULD IF HE COULD

Harry Alloway is a past master at telling stories about news of the Financial World. He should have been a great writer of Biographies. There is a Russell Sage incident.

"Russell Sage won the fame of being the biggest money possessor of his generation—no Wall Street emergency ever finding him unprepared to accommodate borrowers with collateral and reasonable approval of his interest rates.

"Mr. Sage started his business career in his teens, clerking in a country 'general store' his 'book learning' gained at a district school which purveyed only 'readin', writin' 'rithmetic. Thus a bit personally revealing, unexpectedly so, is this note he wrote to a Wall street youth who wanted to give up his Stock Exchange job and go to Harvard:

"Dear Horace: I am glad to advise you. You have the right spirit—as you show by writing you don't want anybody's help, money help, that you can work yourself through anything.

'Yes, it is sensible to go to Harvard College. Nothing you learn there will hurt you; and anyway, when you graduate, and know a lot you can, if you choose, come back to Wall street and as a college man get a better chance than you ever would without the Harvard stamp on you.

'But I predict that a boy as independent as you are will likely to stay on over there with your books and studies—and really get more pleasures out of that kind of life than from just stacking up against figures and facts (which down here aren't always so palatable).

'If I could have your age and your chance, I'd be buying the Boston railroad ticket.

'R. SAGE.' "

PURPOSE

Rain and cold
And a leaden sky
Brave and bold,
A man passed by.

Alone was he
As he trudged along,
But I seemed to see
A spectral throng.

A woman fair
And children gay
Were following there
As he went his way.

Thought I, it seems
Nor rain nor cold
Can spoil his dreams
For that four-year old.

Who goes to his task
With so bright a train
No favor need ask
From wind or rain.

Codes May Be Reopened Costs Higher, Sales Fewer Morgenthau Puzzles

By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, Mar. 27.—The next month may see every code reopened. Unless, in many industries, that is done, the small fellow will be squeezed out. Furthermore, the plight of the consumer may force the action sooner.

As Bernard Kilgore, writer on economics, points out in the Wall Street Journal retail tonnage shows that consumers are paying more but getting less.

He cites as an example the A. & P. food stores. For the four weeks ended Feb. 24. A. & P. sales in dollars were 5.2 per cent above the like 1933 period. Sales in tonnage (in quantity), however, were nearly 8 per cent below the 1933 level.

Kilgore further points out that dollar sales of all grocery chains gained 9 per cent in February, 1934, as compared with February, 1932. But retail food prices were 19 per cent above a year ago.

Thus, people are paying more and getting less.

This is applying virtually to every trade. Pay of individual men, in the meantime, does not begin to show the increase that prices do.

The Roosevelt program, of course is based on the assumption that reduction of the value of the dollar and vast expenditures, widely distributed, would accelerate private industry to such an extent that it would proceed to a period of "normalcy."

* * *

WRONG?

A Washington observer, speaking of the Roosevelt recovery program, recently remarked:

"The president's program is an admirable one for the preservation of what has been loosely called the capitalist or profit system.

"Those who attack the program—I suppose one has to call them capitalists—do not seem to realize that Mr. Roosevelt is their greatest defender. If his recovery program works, the capitalist system is saved.

"The men who would be saved by the Roosevelt program probably will destroy it. But then they, too, may be destroyed . . . and there will be confusion until a new system is evolved."

* * *

STOCK MARKET

Wall Street does not know how to catalogue Secretary of the Treasury Henry Morgenthau.

He was believed to be the "restraining influence" on the president in regard to the stock market regulation bill. Certain it is, in Washington it was believed that Morgenthau had urged "moderation." The "progressives" who wrote the bill were "sure" of it.

But then Morgenthau announced, "The treasury would like to see congress pass a stock exchange bill with teeth in it."

DISTURBING

Wall Street becomes more peeved with the Roosevelt administration every day.

That order for the Interstate Commerce Commission for all railroads to report for the past four years all expenditures not connected with construction and operation is a "mean" one.

REBELLION

Stockholders are becoming more and more rebellious. Stockholders find that officers who own little or no stock have gotten the cream in these watery milk years.

Stockholders of the Philadelphia Rapid Transit company voted a resolution calling upon officers receiving more than $3,000 a year to serve during the next two years without pay.

Stockholders of the Fisk Rubber company forced the abolition of the $12,000-a-year post of chairman of the board.

Other rebellions are forming.

TUESDAY MARCH 27.

History's Great Days—Mar. 27 1513—White haired, wrinkled Juan Ponce de Leon, only 53, discovered the coast of Florida, which he thought was an island, while looking for a fabled "fountain of youth" indentified by tradition with one of the Bahamas. He coasted it 11 days, landed on an Easter, took possession of it in the name of the king of Spain, named it Florida (Pascua Florida—Feast of Flowers—or Easter Sunday.)

Weekly Health Talk

"The choice of a physician is frequently anything else but a deliberate one. The result is that some persons employ a professional man whose standing and ability are open to criticism. This applies particularly to the co-called quack type of practitioneer. He is a horn-blower and frequently claims all sorts of superiorities which the more modest and decidedly more effective brethren allegedly lack," states Dr. Theodore B. Appel, state secretary of health.

"Responsible physicians do not claim they possess cure-all remedies. Neither do they state that they are originators of methods or treatments unknown to the healing art generally. And most assuredly they do not demand money in advance for a "sure cure." Therefore, it can almost certainly be stated that practitioners who make such claims are in business for their own rather than for their patients' health. The main aim apparently is to get as much money as they can from those sufficiently gullible to surrender it. This type of medical man should be avoided.

"Once having disposed of the frauds, the real question is how to make a good choice among the large number of physicians still left to select from in the medium sized locality or larger one.

"While no definite rule can be laid down, it generally can be said that the vast majority hold membership in their local Medical Society and in other ways indicate their professional worth to the community. After all, good professional performance is its best advertisement.

"One should give as much consideration to the choice of a physician as he would give were he choosing the services of an architect, an attorney or any other type of highly professional man. To permit other than professional consideration to enter into the proposition certainly is not applying the judgment which a matter of this kind justifies.

"Health and disease are serious subjects. And one's advisor on these matters should be a man of good standing among his brother physicians with a creditable record of achievement behind him."

BOGUS BENEVOLENCE

PRESSURE is constantly being brought on congress and on the immigration bureau to relax our immigration laws and to let in various classes of people from Europe. There is likewise steady resistance to any legislation that would check constant additions to our working propulation from seaman desertions, and from western hemisphere immigration that now has no quota limitation. This kind of immigration is now held in check only by temporary executive orders barring persons likely to become a public charge.

Since the enactment of our quota laws in 1924, it is estimated that over two million foreigners have been added to our working population at a time when labor saving devices and industrial changes were throwing our own people out of employment by the hundred thousand.

Under these circumstances, every immigrant worker who has no job has had to be supported, and every immigrant who gets a job is displacing someone already here who needs that job. This immigration, therefore, has added just so much to the burden that we now have to carry.

We hear a great deal about humanizing our immigration administration. There is more humbug than humanizing when the endeavor is made to oblige our consuls to issue visas to those for whom bonds are given guaranteeing that they will not become a public charge. What guarantee is there that they will not be given the jobs for which there is bitter need among our own workers?

By all means let everything possible be done for the helpless and suffering of all peoples, but let it not be done in a way that will be paid for by those of our own people on whom the present crisis is weighing most heavily.

Let there be humanized administration of our immigration laws, but let us see to it that it is the real thing.

GOING AFTER THE SPEAKEASY CLUBS

Loopholes in the State Liquor Control act fostered the growth throughout the state of speakeasies thinly disguised as clubs. The lower license fee—$50 as compared with the $600 restaurant charge—and opportunities for Sunday and after-hour liquor selling and use of bars, were potent lures to the illicit trade.

A racket in old and disused club charters, resurrected to give these establishments a semblance of legality, has gone hand in hand with the new-speakeasy business.

But things do not look so bright for the "racket" clubs right now. The State Liquor Board has finally found a weapon against them that appears effective. Quo Warranto proceedings are under way against a number of the places under which the proprietors must prove their establishments are actually legitimate clubs, living up to non-profit charters.

With the false-whiskers pulled off the fake charters, these "yacht" clubs wherein the only schooners are those that come foaming from the beer tap and these "literary" clubs whose chief reading matter is a cocktail list have little chance of asserting any claim to legitimacy.—Philadelphia Inquirer.

SCIENCE AGAIN SCORES

That science may be well on the way to discovery of a preventive vaccine for the type of sleeping sickness that became epidemic last year in St. Louis, Kansas City, Mo., and Paris, Ill., is revealed in an announcement by the Rockefeller Institute of Medical Research.

It will be recalled that the outbreak, with its accompanying high death rate, caused nation-wide alarm. Experts in various lines of medical research went to the affected areas and assisted in efforts to penetrate the mysteries of the baffling disease. These concentrated their attention largely toward finding the couse. Success was achieved last fall, when the Rockefeller institute, announced the virus, called "the St. Louis encephalitis," had been found.

This marked the first important step in the search for a preventive. Since then, the institute reveals, a vaccine has been developed strong enough to protect mice against from 1,000 to 1,000,000 doses of the virus. The vaccine apparently has not yet been tried on human subjects, but its success when used on mice gives promise that it will meet the higher need.

Development of the serum was described by Leslie T. Webster and George L. Fite of the institute in an article in Science. The immunity obtained with mice, they said, "has persisted unchanged for three weeks and doubtless endures much longer."

MODERN MAN WITHOUT A COUNTRY

The thousands of average folks who trusted Samuel Insull and found him wanting probably will never have their dissipated savings restored to them. But Insull, even if he ever is returned to this country for trial, is getting his punishment.

Sailing about in the Mediterranean in a dirty little tramp steamer, the once-powerful magnate is, in truth, the modern man without a country.

He cannot come to the United States unless he is willing to face trial.

The broken old man sails the sea, practically alone with his own conscience. He has no place to go. His escape may be from the realities of trial and legal punishment. But how is he to escape from himself? He cannot.

Samuel Insull is doomed to an even worse punishment than would befall him were he to return to the United States for trial.

Times would have been bad in 1928, too, if everybody had waited for Washington to do the go-getting.

The utter futility of war is brought home by the fact that elimination of the Kaiser gave the world Hitler.

EXTENUATING CIRCUMSTANCES

As poverty is lessened, crime will diminish.

It is natural for those compelled to struggle against poverty to acquire eventually a hardened conscience.

This does not mean that all those in straitened financial condition become dishonest.

Some of the most dependably honest persons are those having the hardest time in getting along.

But year after year of severe struggling to live is liable to cause a weakening of standards.

Most crimes are hatched and planned in slum districts.

In these sections, life becomes a matter of survival on the fittest.

Cunning and nefarious operations are often used to gain that which cannot be obtained in an honest way.

Most of us would succumb to temptation, if by honest effort we were unable to gain enough of the necessities for ourselves and our families.

Few people, if subjected to the conditions abounding in poverty-stricken areas or if tempted by criminals to adopt shady method could withstand the temptation.

The World AND THE Mud Puddles

WOULD IF HE COULD

Harry Alloway is a past master at telling stories about news of the Financial World. He should have been a great writer of Biographies. There is a Russell Sage incident.

"Russell Sage won the fame of being the biggest money possessor of his generation—no Wall Street emergency ever finding him unprepared to accommodate borrowers with collateral and reasonable approval of his interest rates.

"Mr. Sage started his business career in his teens, clerking in a country 'general store' his 'book learning' gained at a district school which purveyed only 'readin', writin' 'rithmetic. Thus a bit personally revealing, unexpectedly so, is this note he wrote to a Wall street youth who wanted to give up his Stock Exchange job and go to Harvard:

"Dear Horace: I am glad to advise you. You have the right spirit—as you show by writing you don't want anybody's help, money help, that you can work yourself through anything.

'Yes, it is sensible to go to Harvard College. Nothing you learn there will hurt you; and anyway, when you graduate, and know a lot you can, if you choose, come back to Wall street and as a college man get a better chance than you ever would without the Harvard stamp on you.

'But I predict that a boy as independent as you are will likely to stay on over there with your books and studies—and really get more pleasures out of that kind of life than from just stacking up against figures and facts (which down here aren't always so palatable).

'If I could have your age and your chance, I'd be buying the Boston railroad ticket.

'R. SAGE.' "

Codes May Be Reopened Costs Higher, Sales Fewer Morgenthau Puzzles

By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, Mar. 27.—The next month may see every code reopened. Unless, in many industries, that is done, the small fellow will be squeezed out. Furthermore, the plight of the consumer may force the action sooner.

As Bernard Kilgore, writer on economics, points out in the Wall Street Journal retail tonnage shows that consumers are paying more but getting less.

He cities as an example the A. & P. food stores. For the four weeks ended Feb. 24. A. & P. sales in dollars were 5.2 per cent above the like 1933 period. Sales in tonnage (in quantity), however, were nearly 8 per cent below the 1933 level.

Kilgore further points out that dollar sales of all grocery chains gained 9 per cent in February, 1934, as compared with February, 1932. But retail food prices were 19 per cent above a year ago.

Thus, people are paying more and getting less.

This is applying virtually to every trade. Pay of individual men, in the meantime, does not begin to show the increase that prices do.

The Roosevelt program, of course, is based on the assumption that reduction of the value of the dollar and vast expenditures, widely distributed, would accelerate private industry to such an extent that it would proceed to a period of "normalcy."

WRONG?

A Washington observer, speaking of the Roosevelt recovery program, recently remarked:

"The president's program is an admirable one for the preservation of what has been loosely called the capitalist or profit system.

"Those who attack the program—I suppose one has to call them capitalists—do not seem to realize that Mr. Roosevelt is their greatest defender. If his recovery program works, the capitalist system is saved.

"The men who would be saved by the Roosevelt program probably will destroy it. But then they, too, may be destroyed . . . and there will be confusion until a new system is evolved."

STOCK MARKET

Wall Street does not know how to catalogue Secretary of the Treasury Henry Morgenthau.

He was believed to be the "retraining influence" on the president in regard to the stock market regulation bill. Certain it is, in Washington it was believed that Morgenthau had urged "moderation." The "progressives" who wrote the bill were "sure" of it.

But then Morgenthau announced, "The treasury would like to see congress pass a stock exchange bill with teeth in it."

Whitney has been assured of powerful backing in that fight. His brother is the most active member of J. P. Morgan & Co.

DISTURBING

Wall Street becomes more peeved with the Roosevelt administration every day.

That order for the Interstate Commerce Commission for all railroads to report for the past four years all expenditures not connected with construction and operation is a "mean" one.

Some tasty bonuses and donations (probably to political candidates) are likely to be shown.

REBELLION

Stockholders are becoming more and more rebellious. Stockholders find that officers who own little or no stock have gotten the cream in these watery milk years.

Stockholders of the Philadelphia Rapid Transit company voted a resolution calling upon officers receiving more than $3,000 a year to serve during the next two years without pay.

Stockholders of the Fisk Rubber company forced the abolition of the $12,000-a-year post of chairman of the board.

Other rebellions are forming.

TUESDAY MARCH 27.

History's Great Days—Mar. 27 1513—White haired, wrinkled Juan Ponce de Leon, only 53, discovered the coast of Florida, which he thought was an island, while looking for a fabled "fountain of youth" indentified by tradition with one of the Bahamas. He coasted it 11 days, landed on an Easter, took possession of it in the name of the king of Spain, named it Florida (Pascua Florida—Feast of Flowers—or Easter Sunday.)

March 27, 1634—Leonard Calvert 28, brother to Lord Baltimore, Irish established the first Catholic colony in America at Yoamaco, Amerindian village on St. George's river, 12 miles from Chesapeake Bay, renamed it St. Mary's. (Thus today An earlier Lord Baltimore had tried to establish Maryland in Newfoundland, established a settlement which he called Ferryland. The severe climate quickly made ferries to anywhere popular sent Baltimore hurrying to King Charles for a grant of land further South.

Before St. Mary's was a year old it was engaged in war with the Virginia colony which claimed jurisdiction over the territory and feared the coast would be "overcrowded!"

March 27, 1794—President George Washington signed an act providing for the outfiting of six frigates to protect American commerce from the Algerian pirates, which specifically declared that it was not the intention of Congress to establish a permanent navy! This was the beginning of the permanent navy.

Weekly Health Talk

"The choice of a physician is frequently anything else but a deliberate one. The result is that some persons employ a professional man whose standing and ability are open to criticism. This applies particularly to the co-called quack type of practitioneer. He is a horn-blower and frequently claims all sorts of superiorities which the more modest and decidedly more effective brethren allegedly lack," states Dr. Theodore B. Appel, state secretary of health.

"Responsible physicians do not claim they possess cure-all remedies. Neither do they state that they are originators of methods or treatments unknown to the healing art generally. And most assuredly they do not demand money in advance for a "sure cure." Therefore, it can almost certainly be stated that practitioners who make such claims are in business for their own rather than for their patients' health. The main aim apparently is to get as much money as they can from those sufficiently gullible to surrender it. This type of medical man should be avoided.

"Once having disposed of the frauds, the real question is how to make a good choice among the large number of physicians still left to select from in the medium sized locality or larger one.

"While no definite rule can be laid down, it generally can be said that the vast majority hold membership in their local Medical Society and in other ways indicate their professional worth to the community. After all, good professional performance is its best advertisement.

"One should give as much consideration to the choice of a physician as he would give were he choosing the services of an architect, an attorney or any other type of highly professional man. To permit other than professional consideration to enter into the proposition certainly is not applying the judgment which a matter of this kind justifies.

"Health and disease are serious subjects. And one's advisor on these matters should be a man of good standing among his brother physicians with a creditable record of achievement behind him."

BOGUS BENEVOLENCE

PRESSURE is constantly being brought on congress and on the immigration bureau to relax our immigration laws and to let in various classes of people from Europe. There is likewise steady resistance to any legislation that would check constant additions to our working propulation from seaman desertions, and from western hemisphere immigration that now has no quota limitation. This kind of immigration is now held in check only by temporary executive orders barring persons likely to become a public charge.

Since the enactment of our quota laws in 1924, it is estimated that over two million foreigners have been added to our working population at a time when labor saving devices and industrial changes were throwing our own people out of employment by the hundred thousand.

Under these circumstances, every immigrant worker who has no job has had to be supported, and every immigrant who gets a job is displacing someone already here who needs that job. This immigration, therefore, has added just so much to the burden that we now have to carry.

We hear a great deal about humanizing our immigration administration. There is more humbug than humanizing when the endeavor is made to oblige our consuls to issue visas to those for whom bonds are given guaranteeing that they will not become a public charge. What guarantee is there that they will not be given the jobs for which there is bitter need among our own workers?

By all means let everything possible be done for the helpless and suffering of all peoples, but let it not be done in a way that will be paid for by those of our own people on whom the present crisis is weighing most heavily.

Let there be humanized administration of our immigration laws, but let us see to it that it is the real thing.

GOING AFTER THE SPEAKEASY CLUBS

Loopholes in the State Liquor Control act fostered the growth throughout the state of speakeasies thinly disguised as clubs. The lower license fee—$50 as compared with the $600 restaurant charge—and opportunities for Sunday and after-hour liquor selling and use of bars, were potent lures to the illicit trade.

A racket in old and disused club charters, resurrected to give these establishments a semblance of legality, has gone hand in hand with the new-speakeasy business.

But things do not look so bright for the "racket" clubs right now. The State Liquor Board has finally found a weapon against them that appears effective. Quo Warranto proceedings are under way against a number of the places under which the proprietors must prove their establishments are actually legitimate clubs, living up to non-profit charters.

With the false-whiskers pulled off the fake charters, these "yacht" clubs wherein the only schooners are those that come foaming from the beer tap and these "literary" clubs whose chief reading matter is a cocktail list have little chance of asserting any claim to legitimacy.—Philadelphia Inquirer.

SCIENCE AGAIN SCORES

That science may be well on the way to discovery of a preventive vaccine for the type of sleeping sickness that became epidemic last year in St. Louis, Kansas City, Mo., and Paris, Ill., is revealed in an announcement by the Rockefeller Institute of Medical Research.

It will be recalled that the outbreak, with its accompanying high death rate, caused nation-wide alarm. Experts in various lines of medical research went to the affected areas and assisted in efforts to penetrate the mysteries of the baffling disease. These concentrated their attention largely toward finding the couse. Success was achieved last fall, when the Rockefeller institute, announced the virus, called "the St. Louis encephalitis," had been found.

This marked the first important step in the search for a preventive. Since then, the institute reveals, a vaccine has been developed strong enough to protect mice against from 1,000 to 1,000,000 doses of the virus. The vaccine apparently has not yet been tried on human subjects, but its success when used on mice gives promise that it will meet the higher need.

Development of the serum was described by Leslie T. Webster and George L. Fite of the institute in an article in Science. The immunity obtained with mice, they said, "has persisted unchanged for three weeks and doubtless endures much longer."

MODERN MAN WITHOUT A COUNTRY

The thousands of average folks who trusted Samuel Insull and found him wanting probably will never have their dissipated savings restored to them. But Insull, even if he ever is returned to this country for trial, is getting his punishment.

Sailing about in the Mediterranean in a dirty little tramp steamer, the once-powerful magnate is, in truth, the modern man without a country.

He cannot come to the United States unless he is willing to face trial.

The broken old man sails the sea, practically alone with his own conscience. He has no place to go. His escape may be from the realities of trial and legal punishment. But how is he to escape from himself? He cannot.

Samuel Insull is doomed to an even worse punishment than would befall him were he to return to the United States for trial.

EXTENUATING CIRCUMSTANCES

As poverty is lessened, crime will diminish.

It is natural for those compelled to struggle against poverty to acquire eventually a hardened conscience.

This does not mean that all those in straitened financial condition become dishonest.

Some of the most dependably honest persons are those having the hardest time in getting along.

But year after year of severe struggling to live is liable to cause a weakening of standards.

Most crimes are hatched and planned in slum districts.

In these sections, life becomes a matter of survival on the fittest.

Cunning and nefarious operations are often used to gain that which cannot be obtained in an honest way.

Most of us would succumb to temptation, if by honest effort we were unable to gain enough of the necessities for ourselves and our families.

Few people, if subjected to the conditions abounding in poverty-stricken areas or if tempted by criminals to adopt shady method could withstand the temptation.

The World AND THE Mud Puddles

WOULD IF HE COULD

Harry Alloway is a past master at telling stories about news of the Financial World. He should have been a great writer of Biographies. There is a Russell Sage incident.

"Russell Sage won the fame of being the biggest money possessor of his generation—no Wall Street emergency ever finding him unprepared to accommodate borrowers with collateral and reasonable approval of his interest rates.

"Mr. Sage started his business career in his teens, clerking in a country 'general store' his 'book learning' gained at a district school which purveyed only 'readin', writin' 'rithmetic. Thus a hit personally revealing, unexpectedly so, is this note he wrote to a Wall street youth who wanted to give up his Stock Exchange job and go to Harvard:

"Dear Horace: I am glad to advise you. You have the right spirit—as you show by writing you don't want anybody's help, money help, that you can work yourself through anything.

'Yes, it is sensible to go to Harvard College. Nothing you learn there will hurt you; and anyway, when you graduate, and know a lot you can, if you choose, come back to Wall street and as a college man get a better chance thar you ever would without the Harvard stamp on you.

'But I predict that a boy as independent as you are will likely to stay on over there with your books and studies—and really get more pleasures out of that kind of life than from just stacking up against figures and facts (which down here aren't always so palatable).

'If I could have your age and your chance, I'd be buying the Boston railroad ticket.

'R. SAGE.' "

DISTURBING

Wall Street becomes more peeved with the Roosevelt administration every day.

That order for the Interstate Commerce Commission for all railroads to report for the past four years all expenditures not connected with construction and operation is a "mean" one.

Some tasty bonuses and donations (probably to political candidates) are likely to be shown.

REBELLION

Stockholders are becoming more and more rebellious. Stockholders find that officers who own little or no stock have gotten the cream in these watery milk years.

Stockholders of the Philadelphia Rapid Transit company voted a resolution calling upon officers receiving more than $3.000 a year to serve during the next two years without pay.

Stockholders of the Fisk Rubber company forced the abolition of the $12,000-a-year post of chairman of the board.

Other rebellions are forming.

TUESDAY MARCH 27.

History's Great Days—Mar. 27 1513—White haired, wrinkled Juan Ponce de Leon, only 53, discovered the coast of Florida, which he thought was an island, while looking for a fabled "fountain of youth" indentified by tradition with one of the Bahamas. He coasted it 11 days, landed on an Easter, took possession of it in the name of the king of Spain, named it Florida (Pascua Florida—Feast of Flowers—or Easter Sunday.)

March 27, 1634—Leonard Calvert 28, brother to Lord Baltimore, Irish established the first Catholic colony in America at Yoamaco, Amerindian village on St. George's river, 12 miles from Chesapeake Bay, renamed it St. Mary's. (Thus today An earlier Lord Baltimore had tried to establish Maryland in Newfoundland, established a settlement which he called Ferryland. The severe climate quickly made ferries to anywhere popular sent Baltimore hurrying to King Charles for a grant of land further South.

Before St. Mary's was a year old it was engaged in war with the Virginia colony which claimed jurisdiction over the territory and feared the coast would be "overcrowded!"

Weekly Health Talk

"The choice of a physician is frequently anything else but a deliberate one. The result is that some persons employ a professional man whose standing and ability are open to criticism. This applies particularly to the co-called quack type of practitioneer. He is a horn-blower and frequently claims all sorts of superiorities which the more modest and decidedly more effective brethren allegedly lack," states Dr. Theodore B. Appel, state secretary of health.

"Responsible physicians do not claim they possess cure-all remedies. Neither do they state that they are originators of methods or treatments unknown to the healing art generally. And most assuredly they do not demand money in advance for a "sure cure." Therefore, it can almost certainly be stated that practitioners who make such claims are in business for their own rather than for their patients' health. The main aim apparently is to get as much money as they can from those sufficiently gullible to surrender it. This type of medical man should be avoided.

"Once having disposed of the frauds, the real question is how to make a good choice among the large number of physicians still left to select from in the medium sized locality or larger one.

"While no definite rule can be laid down, it generally can be said that the vast majority hold membership in their local Medical Society and in other ways indicate that professional worth to the community. After all, good professional performance is its best advertisement.

"One should give as much consideration to the choice of a physician as he would give were he choosing the services of an architect, an attorney or any other type of highly professional man. To permit other than professional consideration to enter into the proposition certainly is not applying the judgment which a matter of this kind justifies.

"Health and disease are serious subjects. And one's advisor on these matters should be a man of good standing among his brother physicians with a creditable record of achievement behind him."

Private Industry Is Absorbing More CWA Workers Here

Indicating a favorable employment trend, the Federal-State Employment office today made known that a number of resignations are being submitted daily by CWA workers to CWA headquarters because they have found steady work elsewhere.

Manager R. L. Meermans reported that the CWA office has notified them of the apparent increase in employment in private business and industry.

The Federal-State office itself, through its own canvass of the county's industrial plants, is also sending a large number of jobless men back to work.

Teeth For Stock Control Bill Is Roosevelt's Aim

Expects Congress To Enact Strict Legislation For Control Of Markets

ACTION EXPECTED IN FORTNIGHT

(International News Service)

WASHINGTON, Mar. 27—President Roosevelt expects congress to enact legislation providing for strict regulation of stock and commodity exchanges during the next fortnight.

The president advised the senate and house committees in charge of such legislation that he wants it to have "teeth," in a letter addressed to the senate banking and the house interstate commerce committees, he demanded a measure which would curtail speculation and give the government "definite power of supervision" over exchanges.

Mr. Roosevelt at the some time told congressional leaders of an "organized drive" against enactment of such measures. He criticized the originators of this propaganda severely and declared that incoming letters and messages opposing stock market legislation bore "all the earmarks of originating in the same source."

Issuance of the new letter, the second instance in which the president has asked congress to enact stock market legislation, dissipated all reports that there would be no stock market bill enacted at this session. The executive declared that he distinctly wanted such legislation.

Roosevelt Hears Labor Executives In Rail Dispute

(International News Service)

WASHINGTON, Mar. 27.—President Roosevelt tackled another labor problem today, the wage dispute between workers and executives of the railroads.

The president heard protests of labor executives against his proposal that the present ten percent cut in wages be continued another six months.

Several days ago, after the managers and workers tried unsuccessfully to effect a compromise, the president offered the services of federal Coordinator of Transportation Joseph B. Eastman to umpire their negotiations. Eastman has worked in vaid to get the two factions together.

Today, Mr. Roosevelt agreed to see the rail labor chiefs, headed by A. F. Whitney, chairman of the Association of Railway Labor executives. With Whitney and his fellow chieftains before him, the president will make another effort to secure labor's acceptance of his proposal for continuation of the present wage scale.

BOY SCOUT Activities

STUDYING MORSE CODE.

Boy Scout Troop 9 held its regular meeting recently in the regular meeting place. Ninety-nine percent of the registered scouts were present.

The boys are being taught the Morse code as one of the requirements of second class rank. Zygmund Gierlach and Arthur Llewelan demonstrated to the boys how the messages are sent out and translated from the dash and dot to our own language.

The troop was divided into patrols and a contest will be held to see which patrol wins the greatest number of points in getting the Morse code memorized completely. The leaders of the patrols were Roy Love, Harry Williams and John Lucas.

The next meeting will be held Saturday afternoon, March 31, at 2:30 o'clock due to the fact that Scoutmaster Jack Turek will participate in the First Aid Teachers' Training course to be given in New Castle by Dr. Willison.

John Lucas, Assistant Scribe.

COMMITTEE TO GATHER

Members of the committee of Troop 14 will gather tonight at the Y. W. C. A. on Elm street for a special meeting with a committee of the N. A. A. C. P. at 8 o'clock.

Election of officers and other important business will be transacted.

SCOUT NEWS NUGGETS

Scout Executive Horton says the McConnell cabin at Camp John M. Phillips is dated up for March, so far.

New Castle's people certainly cooperated with the scouts in the collection of bedding, furniture and clothing for the needy folk. The drive ended some time ago.

News is to the effect that the April 27 first aid meet of the council will be a worth while meet.

Under the direction of Dr. E. E. Willison, noted Red Cross surgeon, a number of county men are now undergoing a through course in first aid work. The Red Cross here is sponsoring it.

The fact that the National Boy Scout Council holds its annual convention in Buffalo this year on May 31, June 1 and 2 is good reason for more of the councils representatives to be in attendance this year.

Cub Scout Troop No. 3 sponsored by the First U. P. church has copped the coveted Roosevelt award.

Headquarters Troop, composed of scout leaders will meet at Ben Franklin high on April 9.

STATE WORKERS CONFER AT HOTEL

Monday afternoon in the Castleton Hotel the state welfare workers of the city and county conferred with Miss Viola Moore of Harrisburgh, field supervisor of the state health pre-scrool department.

Among the workers present were Mrs. George Body of the Lawrence County P. T. A., Miss Edith Shrimp Ellwood City; Della Glenn, tuberculosis department and Mrs. Mary Bell, May Day health chairman.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver and bowel poisons before breakfast

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish tang which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

Roosevelt Hears Labor Executives In Rail Dispute

(International News Service)

WASHINGTON, Mar. 27.—President Roosevelt tackled another labor problem today, the wage dispute between workers and executives of the railroads.

The president heard protests of labor executives against his proposal that the present ten percent cut in wages be continued another six months.

Several days ago, after the managers and workers tried unsuccessfully to effect a compromise, the president offered the services of federal Coordinator of Transportation Joseph B. Eastman to umpire their negotiations. Eastman has worked in vaid to get the two factions together.

Today, Mr. Roosevelt agreed to see the rail labor chiefs, headed by A. F. Whitney, chairman of the Association of Railway Labor executives. With Whitney and his fellow chieftains before him, the president will make another effort to secure labor's acceptance of his proposal for continuation of the present wage scale.

BOY SCOUT Activities

STUDYING MORSE CODE.

Boy Scout Troop 9 held its regular meeting recently in the regular meeting place. Ninety-nine percent of the registered scouts were present.

The boys are being taught the Morse code as one of the requirements of second class rank. Zygmund Gierlach and Arthur Llewelan demonstrated to the boys how the messages are sent out and translated from the dash and dot to our own language.

The troop was divided into patrols and a contest will be held to see which patrol wins the greatest number of points in getting the Morse code memorized completely. The leaders of the patrols were Roy Love, Harry Williams and John Lucas.

The next meeting will be held Saturday afternoon, March 31, at 2:30 o'clock due to the fact that Scoutmaster Jack Turek will participate in the First Aid Teachers' Training course to be given in New Castle by Dr. Willison.

John Lucas, Assistant Scribe.

COMMITTEE TO GATHER

Members of the committee of Troop 14 will gather tonight at the Y. W. C. A. on Elm street for a special meeting with a committee of the N. A. A. C. P. at 8 o'clock.

Election of officers and other important business will be transacted.

SCOUT NEWS NUGGETS

Scout Executive Horton says the McConnell cabin at Camp John M. Phillips is dated up for March, so far.

New Castle's people certainly cooperated with the scouts in the collection of bedding, furniture and clothing for the needy folk. The drive ended some time ago.

News is to the effect that the April 27 first aid meet of the council will be a worth while meet.

Under the direction of Dr. E. E. Willison, noted Red Cross surgeon, a number of county men are now undergoing a through course in first aid work. The Red Cross here is sponsoring it.

The fact that the National Boy Scout Council holds its annual convention in Buffalo this year on May 31, June 1 and 2 is good reason for more of the councils representatives to be in attendance this year.

Cub Scout Troop No. 3 sponsored by the First U. P. church has copped the coveted Roosevelt award.

Headquarters Troop, composed of scout leaders will meet at Ben Franklin high on April 9.

STATE WORKERS CONFER AT HOTEL

Monday afternoon in the Castleton Hotel the state welfare workers of the city and county conferred with Miss Viola Moore of Harrisburgh, field supervisor of the state health pre-scrool department.

Among the workers present were Mrs. George Body of the Lawrence County P. T. A., Miss Edith Shrimp Ellwood City; Della Glenn, tuberculosis department and Mrs. Mary Bell, May Day health chairman.

Schemes to equalize wealth are fine, except that they make everybody equally poor instead of equally rich.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver and bowel poisons before breakfast

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish tang which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

Teeth For Stock Control Bill Is Roosevelt's Aim

Expects Congress To Enact Strict Legislation For Control Of Markets

ACTION EXPECTED IN FORTNIGHT

(International News Service)

WASHINGTON, Mar. 27—President Roosevelt expects congress to enact legislation providing for strict regulation of stock and commodity exchanges during the next fortnight.

The president advised the senate and house committees in charge of such legislation that he wants it to have "teeth," in a letter addressed to the senate banking and the house interstate commerce committees, he demanded a measure which would curtail speculation and give the government "definite power of supervision" over exchanges.

Mr. Roosevelt at the some time told congressional leaders of an, "organized drive" against enactment of such measures. He criticized the originators of this propaganda severely and declared that incoming letters and messages opposing stock market legislation bore "all the earmarks of originating in the same source."

Issuance of the new letter, the second instance in which the president has asked congress to enact stock market legislation, dissipated all reports that there would be no stock market bill enacted at this session. The executive declared that he distinctly wanted such legislation.

Memorial Day Plans Started

General Committee Meets For Organization In Legion Home Monday Evening

RALPH CAMPBELL NAMED CHAIRMAN

Plans for the annual observance of Memorial Day in New Castle got under way last evening, when representatives of the various veterans organizations met in the Legion home and started plans for the customary celebration here.

Ralph M. Campbell, who has been chairman of the general committee for a number of years, was re-elected to this position, with Orville Potter as secretary.

It was voted to follow the plan which has been carried out for some time past, with a program in a downtown theater, followed by a parade to Greenwood cemetery, where the concluding exercises will be carried out.

The various sub-committees will be named by Chairman Campbell within a few days.

Visitation of the schools is to be stressed more this year than in the past, this feature having been somewhat neglected by the different veteran organizations of late years, but it is hoped to have several veterans appointed for each school in the city this year.

Representatives were present from the United Spanish War Veterans, Sons of Veterans, American Legion, Veterans of Foreign Wars, Legion of Honor, and World War Veterans of Lawrence County, at the initial meeting last evening.

College Foes Are Defeated By Vote At Slippery Rock

Entire Faculty Re-elected At Meeting Of College Trustees

SLIPPERY ROCK, Pa., March 27. Foes of the present administration policies at Slippery Rock State Teachers college, led by Mrs. Emma Guffey Miller, Democratic politician of Pittsburgh, went down to inglorious defeat Monday when the entire faculty was re-elected by the board of trustees.

Dr. J. Linwood Eisenberg, president, under a ruling by the State Education department, continues in office indefinitely or until his contract is terminated by the board of trustees. The raminder of the faculty was elected for the period of one year.

The non-instruction group, headed by A. C. Fisher, bursar, was re-elected. Dr. James N. Rule, head of the state department of public instruction, met with the trustees and agreed to work with them in an investigation of the administrative policies which have been under fire by a minority group of the board. Dr. Rule agreed to report on his investigation no later than September 10.

Dr. Eisenberg's report and recommendations for projects at the school for the coming year were accepted with few changes. The meeting, held at the college, had aroused intense interest here, due to the fact that at the last meeting Dr. Eisenberg, who has been president for 17 years, was elected only until June 1. This election was held illegal by the state department, which ruled that teachers' college presidents continued in office indefinitely or until dismissed. Result of Monday's election was considered as a vote of confidence by friends of the school administrators.

Welsh Nominate Hughes For New Grand Secretary

Star of Wales lodge had a very interesting meeting Saturday evening. Thomas Grey was in the president's chair; there was a very good attendance of members. Thomas D. Thomas reported receiving a very nice letter from the Ivorite brother, Thomas Edwards, of Pico, California. Daniel Hughes, the trueasurer of the lodge, was nominated for the office of grand secretary of the order. The election will take place at the next convention, at Rome, N. Y.

Llewellyn Thomas of South Mercer street is back home from Taylor, Pa., where he was called by the sudden death of his sister, Mrs. Jane Williams. Many friends from far and near were present at the funeral. The favorite Welsh hymns of the deceased were sung.

Griffith Thomas occupied the pulpit of the Emmanuel Baptist church and preached a very interesting sermon Sunday. After the service the members of the church elected four new members to the board of deacons. Rev. Elias Jones of Hearick, Pa., has offered his services for any Sunday in the future. The choir of the Franklin Junior high school will conduct services at the Emmanuel Baptist church Easter Sunday at 7:30 p. m. It has arranged a beautiful program composed of songs, readings and speeches.

Miss Ceinwen Johns, Highland avenue, will leave this week for New York City from where she will sail on August 29 for her home in Rhondda Valley, South Wales.

Picture Stars With Beautiful Shoulders Are Named By Artist

By WALLACE X. RAWLES
International News Service Staff Correspondent

HOLLYWOOD, Mar. 27.—Fashion hangs on the shoulders.

With formal gowns accentuating them more and more, the question as to the possessors of the most beautiful shoulders in Hollywood was put today to Willy Pogany, illustrator and portrait artist.

Pogany now in Hollywood designing sets for motion pictures and finding time to do portraits of some of the leading stars named the following as the ten women in pictures, who in his opinion, have the most beautiful and the most nearly perfect shoulders:

Dolores Del Rio, Ann Harding, Kay Francis, Jean Harlow, Joan Crawford, Carole Lombard, Joan Blondell, Loretta Young, Ginger Rogers, Victoria Vinton.

All are prominent stars, except Miss Vinton who has just started her film career as a contract player.

"The shoulders are a pedestal for the head," explained Pogany in connection with his selection. "In a subtly complex manner they give dignity and character to the human body.

"The women I have named have eloquent beauty, complimented by beauty of movement."

Memorial Day Plans Started

General Committee Meets For Organization In Legion Home Monday Evening

RALPH CAMPBELL NAMED CHAIRMAN

Plans for the annual observance of Memorial Day in New Castle got under way last evening, when representatives of the various veterans organizations met in the Legion home and started plans for the customary celebration here.

Ralph M. Campbell, who has been chairman of the general committee for a number of years, was re-elected to this position, with Orville Potter as secretary.

It was voted to follow the plan which has been carried out for some time past, with a program in a downtown theater, followed by a parade to Greenwood cemetery, where the concluding exercises will be carried out.

The various sub-committees will be named by Chairman Campbell within a few days.

Visitation of the schools is to be stressed more this year than in the past, this feature having been somewhat neglected by the different veteran organizations of late years, but it is hoped to have several veterans appointed for each school in the city this year.

Representatives were present from the United Spanish War Veterans, Sons of Veterans, American Legion, Veterans of Foreign Wars, Legion of Honor, and World War Veterans of Lawrence County, at the initial meeting last evening.

College Foes Are Defeated By Vote At Slippery Rock

Entire Faculty Re-elected At Meeting Of College Trustees

SLIPPERY ROCK, Pa., March 27. Foes of the present administration policies at Slippery Rock State Teachers college, led by Mrs. Emma Guffey Miller, Democratic politician of Pittsburgh, went down to inglorious defeat Monday when the entire faculty was re-elected by the board of trustees.

Dr. J. Linwood Eisenberg, president, under a ruling by the State Education department, continues in office indefinitely or until his contract is terminated by the board of trustees. The raminder of the faculty was elected for the period of one year.

The non-instruction group, headed by A. C. Fisher, bursar, was re-elected. Dr. James N. Rule, head of the state department of public instruction, met with the trustees and agreed to work with them in an investigation of the administrative policies which have been under fire by a minority group of the board. Dr. Rule agreed to report on his investigation no later than September 10.

Dr. Eisenberg's report and recommendations for projects at the school for the coming year were accepted with few changes. The meeting, held at the college, had aroused intense interest here, due to the fact that at the last meeting Dr. Eisenberg, who has been president for 17 years, was elected only until June 1. This election was held illegal by the state department, which ruled that teachers' college presidents continued in office indefinitely or until dismissed. Result of Monday's election was considered as a vote of confidence by friends of the school administrators.

Memorial Day Plans Started

General Committee Meets For Organization In Legion Home Monday Evening

RALPH CAMPBELL NAMED CHAIRMAN

Plans for the annual observance of Memorial Day in New Castle got under way last evening, when representatives of the various veterans organizations met in the Legion home and started plans for the customary celebration here.

Ralph M. Campbell, who has been chairman of the general committee for a number of years, was re-elected to this position, with Orville Potter as secretary.

It was voted to follow the plan which has been carried out for some time past, with a program in a downtown theater, followed by a parade to Greenwood cemetery, where the concluding exercises will be carried out.

The various sub-committees will be named by Chairman Campbell within a few days.

Visitation of the schools is to be stressed more this year than in the past, this feature having been somewhat neglected by the different veteran organizations of late years, but it is hoped to have several veterans appointed for each school in the city this year.

Representatives were present from the United Spanish War Veterans, Sons of Veterans, American Legion, Veterans of Foreign Wars, Legion of Honor, and World War Veterans of Lawrence County, at the initial meeting last evening.

College Foes Are Defeated By Vote At Slippery Rock

Entire Faculty Re-elected At Meeting Of College Trustees

SLIPPERY ROCK, Pa., March 27. Foes of the present administration policies at Slippery Rock State Teachers college, led by Mrs. Emma Guffey Miller, Democratic politician of Pittsburgh, went down to inglorious defeat Monday when the entire faculty was re-elected by the board of trustees.

Dr. J. Linwood Eisenberg, president, under a ruling by the State Education department, continues in office indefinitely or until his contract is terminated by the board of trustees. The raminder of the faculty was elected for the period of one year.

The non-instruction group, headed by A. C. Fisher, bursar, was re-elected. Dr. James N. Rule, head of the state department of public instruction, met with the trustees and agreed to work with them in an investigation of the administrative policies which have been under fire by a minority group of the board. Dr. Rule agreed to report on his investigation no later than September 10.

Dr. Eisenberg's report and recommendations for projects at the school for the coming year were accepted with few changes. The meeting, held at the college, had aroused intense interest here, due to the fact that at the last meeting Dr. Eisenberg, who has been president for 17 years, was elected only until June 1. This election was held illegal by the state department, which ruled that teachers' college presidents continued in office indefinitely or until dismissed. Result of Monday's election was considered as a vote of confidence by friends of the school administrators.

Welsh Nominate Hughes For New Grand Secretary

Name Will Be Presented At National Convention; Other News By Brython

By WILLIAM A. JOHNS
Brython

Star of Wales lodge had a very interesting meeting Saturday evening. Thomas Grey was in the president's chair; there was a very good attendance of members. Thomas D. Thomas reported receiving a very nice letter from the Ivorite brother, Thomas Edwards, of Pico, California. Daniel Hughes, the trueasurer of the lodge, was nominated for the office of grand secretary of the order. The election will take place at the next convention, at Rome, N. Y.

Llewellyn Thomas of South Mercer street is back home from Taylor, Pa., where he was called by the sudden death of his sister, Mrs. Jane Williams. Many friends from far and near were present at the funeral. The favorite Welsh hymns of the deceased were sung.

Griffith Thomas occupied the pulpit of the Emmanuel Baptist church and preached a very interesting sermon Sunday. After the service the members of the church elected four new members to the board of deacons. Rev. Elias Jones of Hearick, Pa., has offered his services for any Sunday in the future. The choir of the Franklin Junior high school will conduct services at the Emmanuel Baptist church Easter Sunday at 7:30 p. m. It has arranged a beautiful program composed of songs, readings and speeches.

Miss Ceinwen Johns, Highland avenue, will leave this week for New York City from where she will sail on August 29 for her home in Rhondda Valley, South Wales.

TO CLOSE OFFICES ALL DAY ON FRIDAY

Court house officials announced this morning that all the offices would observe "Good Friday" by closing. This has been the custom during the past few years.

WHERE 14 DIED IN VIRGINIA RELIEF HOME FIRE

This photo shows rescuers searching for victims in the charred wreckage of the Federal Transient Relief bureau at Lynchburg, Va., after the place had been gutted by a fire which took a toll of 14 lives and injured at least 75 others. The blaze, starting from a stove in the kitchen, spread through the former furniture shop which had been converted into a dormitory for the homeless and derelict. There were 190 lodgers in the home when the blaze broke out.

Picture Stars With Beautiful Shoulders Are Named By Artist

By WALLACE X. RAWLES
International News Service Staff Correspondent

HOLLYWOOD, Mar. 27.—Fashion hangs on the shoulders.

With formal gowns accentuating them more and more, the question as to the possessors of the most beautiful shoulders in Hollywood was put today to Willy Pogany, illustrator and portrait artist.

Pogany now in Hollywood designing sets for motion pictures and finding time to do portraits of some of the leading stars named the following as the ten women in pictures, who in his opinion, have the most beautiful and the most nearly perfect shoulders:

Dolores Del Rio, Ann Harding, Kay Francis, Jean Harlow, Joan Crawford, Carole Lombard, Joan Blondell, Loretta Young, Ginger Rogers, Victoria Vinton.

All are prominent stars except Miss Vinton who has just started her film career as a contract player.

"The shoulders are a pedestal for the head," explained Pogany in connection with his selection. "In a subtly complex manner they give dignity and character to the human body.

"The women I have named have eloquent beauty, complimented by beauty of movement."

Employment And Payrolls Jumped To Higher Level

Real Upward Turn In Business Expected With Opening Of Spring, Just Ahead

(International News Service)

WASHINGTON, Mar. 27.—Factory employment and payrolls increased substantially between the middle of January and the middle of February to a level higher, on a seasonally adjusted basis, than at any other time since the summer of 1931, the Federal Reserve board announced today.

This was the best showing made for many months and led officials to believe a real upward turn may be anticipated with the opening of spring, especially in view of the fact that the threatened automobile strike has been averted.

Working forces on railroads also showed an increase. At the mines there was little change in the volume of employment. The report showed CWA payrolls carried about 2,900,000 employes in the week ending March 1, a drop from 4,000,000 in January.

The volume of industrial activity increased in February for the third consecutive month. Wholesale commodity prices, after advancing for two months, showed little change between the middle of February and the middle of March.

The board's seasonally adjusted index of industrial production increased from 78 per cent of the 1923-1925 average in January to 81 per cent in February.

MOVING CARS MAKE PEOPLE LOOK AHEAD

(International News Service)

BOSTON. — When you see an automobile moving along the street, it isn't where you see it at all. At the instant you see it, it is ahead of the spot in which you see it.

For instance, if an automobile were traveling at 60 miles an hour, it would be 5½ feet ahead of the point you saw it, at the time you saw it.

The explanation is that with normal eyesight it takes about one sixteenth of a second between the time an object is looked at and the time it is finally interpreted by the brain, according to Dr. Lawrence P. Folsom, president of the New England Council of Optometrists, which held its 1934 convention here, with more than 600 optometrists from all parts of the country attending.

Eskimo Children Prefer Whale To Pig

(International News Service)

BERKELEY, Cal.—Though Eskimo children are regaled with stories of the three little pigs and Washington and the cherry tree, just as American children are, they still prize the skin and blubber of whales as their favorite dish, according to Dr. Otto William Geist, Alaska ethnologist visiting at the University of California today.

Dr. Geist is en route to Washington to report to leading ethnologists and archaeologists his findings during a 13-year residence among the Eskimos of lonely St. Lawrence Island in the Bering Sea.

Philadelphia Gang Member Is Found Slain

(International News Service)

PHILADELPHIA, Mar. 27.—Suspecting a possible connection between the victim of a gangland murder near here and the notorious John Dillinger gang, police today awaited an answer from Indiana authorities to their request for information regarding Joseph Hunter, 34.

A pretty young woman was also sought in the hope that she may be able to shed light on Hunter's recent activities.

With three bullets imbedded in his head and another slug in his back, Hunter's body was discovered on a sparsely-traveled road near Hammonton, N. J., yesterday. In his pocket were found two horror pictures, bearing the curt caption:

"It's easy to lose your head."

Question Family

After talking with Hunter's family here, investigating detectives said Hunter had been heard to boast of his friendship with Dillinger, the escaped Indiana desperado. The "ride" victim, police said, had recently completed serving a six-year term for robbery in the Indiana State penitentiary.

It was believed he was "put on the spot" for trying to chisel in on the numbers racket here.

The girl sought for questioning was not known to Hunter's family. Her picture appears on the back of a watch found in the slain man's pocket.

AVERAGE DOCTOR IS UNPAID FOR HALF HIS WORK

(International News Service)

NEW YORK.—As his contribution to charity, the average American doctor works one day out of every four for nothing, according to a recent nation-wide survey.

Furthermore, under present economic conditions, he is unable to collect for another quarter of his working hours. Thus half the physician's time is devoted to free work, the grand total reaching a figure of more than $1,000,000 a day.

SAILORS 'Y MOTHER' RETIRES FROM SERVICE

(International News Service)

BOSTON.—The "Y mother" to thousands of American sailors in ports of the Near East has retired from active service with the American Board of Commissioners for Foreign Missions in Smyra, Turkey.

Mrs. Lydia A. P. Flint who won her title while serving the English and American sailors at the Eagle hut in London during the World War, has completed fifteen years of work in Near East.

She volunteered for overseas work with the Y. M. C. A. with her husband and spent much time in France and England, during the war. Mr. Flint died of typhus in 1923.

INCOME TAX AUTHOR FEARS ASSASSINATION

(International News Service)

PARIS.—The name of the man who wrote the six-page, closely printed income tax questionnaire is being kept secret in France for fear of assassination.

This was admitted here before the French Chamber of Deputies by M. Germain-Martin, finance minister. He revealed the author was a deputy, too, but refused to tell whom, saying:

"I am afraid he would become victim of public vengeance."

RANGE MARAUDERS

(International News Service)

LAS ANIMAS, Colo.—Sheriff Casto Dunavin, of Brent county was on the alert for an outbreak of range warfare, following a night raid on the Hand Ranch, owned by Oscar Hasser. The marauders cut a three-wire barbed wire fence at each post for a distance of a mile, the sheriff said.

Heavy Guard Escorts Gang To Columbus

(International News Service)

LIMA, O., Mar. 27.—The three Dillinger gangsters, convicted in connection with the slaying of Sheriff Jess Sarber, today were taken on their last ride—to Ohio penitentiary.

Probably no more elaborate "last ride" was ever accorded a gangster than the one today for the three Dillinger gangsters, Harry Pierpont, Charles Makley and Russell Clark.

Pierpont and Makley were being taken to the State prison at Columbus to face execution in the electric chair. Clark is scheduled to start a term of life imprisonment.

The escort for the last ride of the three gangsters was comprised of 45 Ohio National Guardsmen, 13 automobiles, including two open trucks on which were mounted machine guns, and several squads of State Highway patrolmen.

The armed caravan was led by Sheriff Don Sarber, son of the slain officer.

Sheriff Sarber's car scouted the road about three or four miles in advance of two scout cars which were being used to block roads and prevent any sudden attack from by-roads on the 95-mile route to Columbus.

Reach Prison

Columbus, O., Mar. 27.—The massive steel gates of the Ohio penitentiary swung shut today behind three members of the desperado John Dillinger's gang, two of whom are to die in the electric chair on July 13 for the murder of Allen county Sheriff Jess Sarber on October 12, last.

Harry Pierpont and Charles Makley, who face death in the electric chair, and Russell Clark, sentenced to life imprisonment, were received at the penitentiary at 12:30 p. m.

Curiosity Of Pair Has Ending In Jail

(International News Service)

DENVER—Any curiosity that S. V. Argenzio of Denver and Vincent McMorrow of Leadville have had concerning prisons, federal or state, has been completely satisfied, they write Denver friends. The two were driving through to New York to take a boat for Italy when they passed the federal penitentiary at Leavenworth, Kan. It was night and the prison walls were brightly lighted. Argenzio and McMorrow drove around the walls a few times to "see the sights."

Prison guards saw them and had them arrested. They were locked in a Leavenworth jail while penitentiary officials investigated their story.

Gunton Park Is Being Developed

New City Beauty Spot Will Have Great Appeal This Summer

Away from the ordinary lanes of traffic Gunton park is being developed by CWA employes with little attention from the public. The result is that when the park is completed, the citizens of this city will be amazed with the beautification that has been going on.

Tree surgeons have been busy for weeks filling cavities in trees much as a dentist fills a cavity in a tooth. Other workmen have been trimming branches and removing underbrush.

Still others are busy erecting two stone bridges, one of them 38 feet long and the other forty two feet long. When the work is done Gunton Park will be a breathing spot that will attract people to its shady areas and rugged hills.

INVOLVED IN FEDERAL TAX PROBE

Thomas S. Lamont

Thomas L. Sidlo

Assertion that the federal government's planned inquiry into his tax returns involves his personal income tax returns only has been made by Thomas L. Sidlo, right, of Cleveland, law partner of Newton D Baker, former secretary of war, and counsel for a newspaper chain. Sidlo, whose tax payments are being probed together with those of Thomas S. Lamont, left, member of a New York brokerage firm; Andrew W. Mellon, former secretary of the treasury, and James J. Walker, former mayor of New York City, at the order of Attorney General Homer S. Cummings, asserts that the government's scrutiny of his income tax returns involves claimed deductions on bank and industrial stocks.

SEVEN POSTAL MEN HERE AFFECTED BY NEW ECONOMY MOVE

Seven postal substitutes here—five letter carriers and two clerks—are directly affected by the economy order which Postmaster General James A. Farley recently issued in an effort to curtail department expenses.

The order provided for four holidays without pay for most all postal employes, thereby eliminating the necessity of substitutes.

It was learned here that several of the subs have been doing "sick relief" duty for others since the order took effect.

The old novels left them at the altar. The new ones begin there and introduce the third party.

It wasn't so hard to recognize Russia. The hard part is to recognize America.

Blind Owner Of Newspaper Agency Voted Town's Outstanding Citizen

(International News Service)

WOOD RIVER, Ill.—Bryant M. Harrod, blind proprietor of a newspaper and magazine agency here, has been voted Wood River's outstanding citizen.

Blinded at the age of 13 when he was kicked by a horse on his father's farm in Ohio, Harrod, who is 47 years old, has made a success as a business man, a citizen and a neighbor, despite his handicap.

His selection for the honor, which is to be awarded annually hereafter by Wood River's service clubs, was announced at a mass meeting.

A resident of Wood River for twenty-five years, he has conducted his news agency here for seventeen years. He now employes twenty-five boys and young men.

Harrod is best known in Wood River for his remarkable memory and his uncanny ability to identify voices properly. He knows most of this town's residents by their voices.

He was married in 1923 and has two adopted children, Minor and Ruth, both 8 years old.

Coupe Collides With School Bus

A collision on Wilmington avenue, this morning, damaged to some extent the school bus owned and operated by O. H. Rogers, of Pulaski township, and the coupe driven by Edward Wood, of R. D. 1, New Wilmington.

Mr. Rogers stopped the bus, which was conveying Pulaski township school students to the New Castle senior high school, on Wilmington avenue before turning left on to Euclid avenue. He made a complete stop as required by a state law for school buses, he says. The car driven by Edward Wood crashed into the rear of the bus.

Mr. Robers reported to the state highway patrol that the stop signals at the rear of the bus were in perfect condition.

INEBRIATE INDIAN PUT BACK ON HIS FEET

(International News Service)

PORTLAND, O.—An American Indian, arrested on a drunkenness charge, was literally put back on his feet after awakening in the city jail.

Officers found the dizzy brave lying in a pedestrian's subway tunnel under Burnside street. He was dragged to the sidewalk level and when he reached there, a leg was discovered missing. An artificial limb was retrieved and the prisoner and his leg removed to headquarters. In removing the Indian at headquarters, police accidentally jerked off the remaining leg, also artificial.

Forty-eight hours later, the Indian, who gave the name of Earl Kennedy, 31, put on his legs with the aid of policemen and went on his way.

TOBACCO PLANTING SUCCESSFUL IN ALASKA

(International News Service)

SEWARD, Alaska.—Among an order placed last Spring for garden seeds by Alex Bolam, big game guide, who dwells on the shores of Kenai Lake, 50 miles north of Seward, there arrived a pacsage of tobacco seed. Out of curiosity, Bolam planted the seeds in his garden.

Thus it was that the discovery was made that tobacco will not only grow with fecundity on a par with Alaskan grains and vegetables, but may become one of the big money crops of the territory. The seed came from a New England strain of tobacco. Leaves reached a length of 24 inches and a width of 12 inches. The weed has exceptional strength.

Bolam will devote a large area to tobacco culture next summer.

Employment And Payrolls Jumped To Higher Level

Real Upward Turn In Business Expected With Opening Of Spring, Just Ahead

(International News Service)

WASHINGTON, Mar. 27.—Factory employment and payrolls increased substantially between the middle of January and the middle of Fedruary to a level higher, on a seasonally adjusted basis, than at any other time since the summer of 1931, the Federal Reserve board announced today.

This was the best showing made for many months and led officials to believe a real upward turn may be anticipated with the opening of spring, especially in view of the fact that the threatened automobile strike has been averted.

Working forces on railroads also showed an increase. At the mines there was little change in the volume of employment. The report showed CWA payrolls carried about 2,000,000 employes in the week ending March 1, a drop from 4,000,000 in January.

The volume of industrial activity increased in February for the third consecutive month. Wholesale commodity prices, after advancing for two months, showed little change between the middle of February and the middle of March.

The board's seasonally adjusted index of industrial production increased from 78 per cent of the 1923-1925 average in January to 81 per cent in February.

MOVING CARS MAKE PEOPLE LOOK AHEAD

(International News Service)

BOSTON. — When you see an automobile moving along the street, it isn't where you see it at all. At the instant you see it, it is ahead of the spot in which you see it.

For instance, if an automobile were traveling at 60 miles an hour, it would be 5½ feet ahead of the point you saw it, at the time you saw it.

The explanation is that with normal eyesight it takes about one sixteenth of a second between the time an object is looked at and the time it is finally interpreted by the brain, according to Dr. Lawrence P. Folsom, president of the New England Council of Optometrists, which held its 1934 convention here, with more than 600 optometrists from all parts of the country attending.

Eskimo Children Prefer Whale To Pig

(International News Service)

BERKELEY, Cal.—Though Eskimo children are regaled with stories of the three little pigs and Washington and the cherry tree, just as American children are, they still prize the skin and blubber of whales as their favorite dish, according to Dr. Otto William Geist, Alaska ethnologist visiting at the University of California today.

Dr. Geist is en route to Washington to report to leading ethnologists and archaeologists his findings during a 13-year residence among the Eskimos of lonely St. Lawrence Island in the Bering Sea.

Philadelphia Gang Member Is Found Slain

(International News Service)

PHILADELPHIA, Mar. 27.—Suspecting a possible connection between the victim of a gangland murder near here and the notorious John Dillinger gang, police today awaited an answer from Indiana authorities to their request for information regarding Joseph Hunter, 34.

A pretty young woman was also sought in the hope that she may be able to shed light on Hunter's recent activities.

With three bullets imbedded in his head and another slug in his back, Hunter's body was discovered on a sparsely-traveled road near Hammonton, N. J., yesterday. In his pocket were found two horror pictures, bearing the curt caption:

"It's easy to lose your head."

Question Family

After talking with Hunter's family here, investigating detectives said Hunter had been heard to boast of his friendship with Dillinger, the escaped Indiana desperado. The "ride" victim, police said, had recently completed serving a six-year term for robbery in the Indiana State penitentiary.

It was believed he was "put on the spot" for trying to chisel in on the numbers racket here.

The girl sought for questioning was not known to Hunter's family. Her picture appears on the back of a watch found in the slain man's pocket.

AVERAGE DOCTOR IS UNPAID FOR HALF HIS WORK

(International News Service)

NEW YORK.—As his contribution to charity, the average American doctor works one day out of every four for nothing, according to a recent nation-wide survey.

Furthermore, under present economic conditions, he is unable to collect for another quarter of his working hours. Thus half the physician's time is devoted to free work, the grand total reaching a figure of more than $1,000,000 a day.

SAILORS 'Y MOTHER' RETIRES FROM SERVICE

(International News Service)

BOSTON.—The "Y mother" to thousands of American sailors in ports of the Near East has retired from active service with the American Board of Commissioners for Foreign Missions in Smyra, Turkey.

Mrs. Lydia A. P. Flint who won her title while serving the English and American sailors at the Eagle hut in London during the World War, has completed fifteen years of work in Near East.

She volunteered for overseas work with the Y. M. C. A. with her husband and spent much time in France and England, during the war. Mr. Flint died of typhus in 1923.

INCOME TAX AUTHOR FEARS ASSASSINATION

(International News Service)

PARIS.—The name of the man who wrote the six-page, closely printed income tax questionnaire is being kept secret in France for fear of assassination.

This was admitted here before the French Chamber of Deputies by M. Germain-Martin, finance minister. He revealed the author was a deputy, too, but refused to tell whom, saying:

"I am afraid he would become victim of public vengeance."

RANGE MARAUDERS

(International News Service)

LAS ANIMAS, Colo.—Sheriff Casto Dunavin, of Brent county was on the alert for an outbreak of range warfare, following a night raid on the Hand Ranch, owned by Oscar Hasser. The marauders cut a three-wire barbed wire fence at each post for a distance of a mile, the sheriff said.

Working forces on railroads also showed an increase. At the mines there was little change in the volume of employment. The report showed CWA payralls carried about 2,900,000 employes in the week ending March 1, a drop from 4,000,000 in January.

The volume of industrial activity increased in February for the third consecutive month. Wholesole commodity prices, after advancing for two months, showed little change between the middle of February and the middle of March.

The board's seasonally adjusted index of industrial production increased from 78 per cent of the 1923-1925 average in January to 81 per cent in February.

MOVING CARS MAKE PEOPLE LOOK AHEAD

(International News Service)

BOSTON. — When you see an automobile moving along the street, it isn't where you see it at all. At the instant you see it, it is ahead of the spot in which you see it.

For instance, if an automobile were traveling at 60 miles an hour, it would be 5½ feet ahead of the point you saw it, at the time you saw it.

The explanation is that with normal eyesight it takes about one sixteenth of a second between the time an object is looked at and the time it is finally interpreted by the brain, according to Dr. Lawrence P. Folsom, president of the New England Council of Optometrists, which held its 1934 convention here, with more than 600 optometrists from all parts of the country attending.

Eskimo Children Prefer Whale To Pig

(International News Service)

BERKELEY, Cal.—Though Eskimo children are regaled with stories of the three little pigs and Washington and the cherry tree, just as American children are, they still prize the skin and blubber of whales as their favorite dish, according to Dr. Otto William Geist, Alaska ethnologist visiting at the University of California today.

Dr. Geist is en route to Washington to report to leading ethnologists and archaeologists his findings during a 13-year residence among the Eskimos of lonely St. Lawrence Island in the Bering Sea.

Philadelphia Gang Member Is Found Slain

(International News Service)

PHILADELPHIA, Mar. 27.—Suspecting a possible connection between the victim of a gangland murder near here and the notorious John Dillinger gang, police today awaited an answer from Indiana authorities to their request for information regarding Joseph Hunter, 34.

A pretty young woman was also sought in the hope that she may be able to shed light on Hunter's recent activities.

With three bullets imbedded in his head and another slug in his back, Hunter's body was discovered on a sparsely-traveled road near Hammonton, N. J., yesterday. In his pocket were found two horror pictures, bearing the curt caption:

"It's easy to lose your head."

Question Family

After talking with Hunter's family here, investigating detectives said Hunter had been heard to boast of his friendship with Dillinger, the escaped Indiana desperado. The "ride" victim, police said, had recently completed serving a six-year term for robbery in the Indiana State penitentiary.

It was believed he was "put on the spot" for trying to chisel in on the numbers racket here.

The girl sought for questioning was not known to Hunter's family. Her picture appears on the back of a watch found in the slain man's pocket.

AVERAGE DOCTOR IS UNPAID FOR HALF HIS WORK

(International News Service)

NEW YORK.—As his contribution to charity, the average American doctor works one day out of every four for nothing, according to a recent nation-wide survey.

Furthermore, under present economic conditions, he is unable to collect for another quarter of his working hours. Thus half the physician's time is devoted to free work, the grand total reaching a figure of more than $1,000,000 a day.

SAILORS 'Y MOTHER' RETIRES FROM SERVICE

(International News Service)

BOSTON. — The "Y mother" to thousands of American sailors in ports of the Near East has retired from active service with the American Board of Commissioners for Foreign Missions in Smyra, Turkey.

Mrs. Lydia A. P. Flint who won her title while serving the English and American sailors at the Eagle hut in London during the World War, has completed fifteen years of work in Near East.

She volunteered for overseas work with the Y. M. C. A. with her husband and spent much time in France and England, during the war. Mr. Flint died of typhus in 1923.

INCOME TAX AUTHOR FEARS ASSASSINATION

(International News Service)

PARIS. — The name of the man who wrote the six-page, closely printed income tax questionnaire is being kept secret in France for fear of assassination.

This was admitted here before the French Chamber of Deputies by M. Germain-Martin, finance minister. He revealed the author was a deputy, too, but refused to tell whom, saying:

"I am afraid he would become victim of public vengeance."

RANGE MARAUDERS

(International News Service)

LAS ANIMAS, Colo.—Sheriff Casto Dunavin, of Brent county was on the alert for an outbreak of range warfare, following a night raid on the Hand Ranch, owned by Oscar Hasser. The marauders cut a three-wire barbed wire fence at each post for a distance of a mile, the sheriff said.

Heavy Guard Escorts Gang To Columbus

(International News Service)

LIMA, O., Mar. 27.—The three Dillinger gangsters, convicted in connection with the slaying of Sheriff Jess Sarber, today were taken on their last ride—to Ohio penitentiary.

Probably no more elaborate "last ride" was ever accorded a gangster than the one today for the three Dillinger gangsters, Harry Pierpont, Charles Makley and Russell Clark.

Pierpont and Makley were being taken to the State prison at Columbus to face execution in the electric chair. Clark is scheduled to start a term of life imprisonment.

The escort for the last ride of the three gangsters was comprised of 45 Ohio National Guardsmen, 13 automobiles, including two open trucks on which were mounted machine guns, and several squads of State Highway patrolmen.

The armed caravan was led by Sheriff Don Sarber, son of the slain officer.

Sheriff Sarber's car scouted the road about three or four miles in advance of two scout cars which were being used to block roads and prevent any sudden attack from by-roads on the 95-mile route to Columbus.

Reach Prison

Columbus, O., Mar. 27.—The massive steel gates of the Ohio penitentiary swung shut today behind three members of the desperado John Dillinger's gang, two of whom are to die in the electric chair on July 13 for the murder of Allen county Sheriff Jess Sarber on October 12, last.

Harry Pierpont and Charles Makley, who face death in the electric chair, and Russell Clark, sentenced to life imprisonment, were received at the penitentiary at 12:30 p. m.

Curiosity Of Pair Has Ending In Jail

(International News Service)

DENVER—Any curiosity that S. V. Argenzio of Denver and Vincent McMorrow of Leadville have had concerning prisons, federal or state, has been completely satisfied, they write Denver friends. The two were driving through to New York to take a boat for Italy when they passed the federal penitentiary at Leavenworth, Kan. It was night and the prison walls were brightly lighted. Argenzio and McMorrow drove around the walls a few times to "see the sights."

Prison guards saw them and had them arrested. They were locked in a Leavenworth jail while penitentiary officials investigated their story.

Gunton Park Is Being Developed

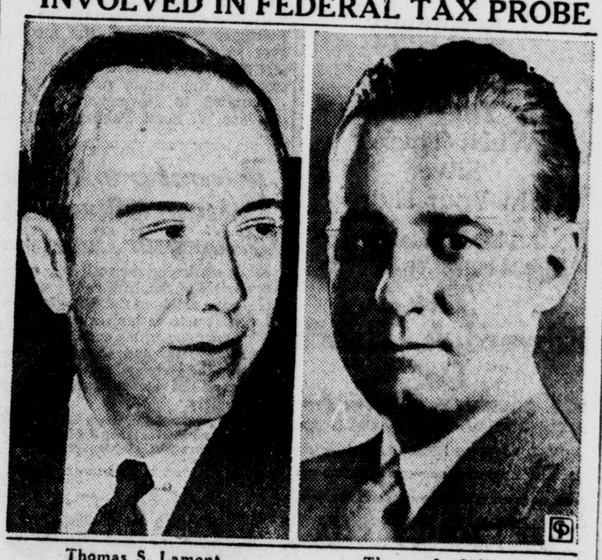
New City Beauty Spot Will Have Great Appeal This Summer

Away from the ordinary lanes of traffic Gunton park is being developed by CWA employes with little attention from the public. The result is that when the park is completed, the citizens of this city will be amazed with the beautification that has been going on.

Tree surgeons have been busy for weeks filling cavities in trees much as a dentist fills a cavity in a tooth. Other workmen have been trimming branches and removing underbrush.

Still others are busy erecting two stone bridges, one of them 38 feet long and the other forty two feet long. When the work is done Gunton Park will be a breathing spot that will attract people to its shady areas and rugged hills.

INVOLVED IN FEDERAL TAX PROBE



Thomas S. Lamont

Thomas L. Sidlo

Assertion that the federal government's planned inquiry into his tax returns involves his personal income tax returns only has been made by Thomas L. Sidlo, right, of Cleveland, law partner of Newton D Baker, former secretary of war, and counsel for a newspaper chain. Sidlo, whose tax payments are being probed together with those of Thomas S. Lamont, left, member of a New York brokerage firm; Andrew W. Mellon, former secretary of the treasury, and James J. Walker, former mayor of New York City, at the order of Attorney General Homer S. Cummings, asserts that the government's scrutiny of his income tax returns involves claimed deductions on bank and industrial stocks.

SEVEN POSTAL MEN HERE AFFECTED BY NEW ECONOMY MOVE

Seven postal substitutes here—five letter carriers and two clerks—are directly affected by the economy order which Postmaster General James A. Farley recently issued in an effort to curtail department expenses.

The order provided for four holidays without pay for most all postal employes, thereby eliminating the necessity of substitutes.

It was learned here that several of the subs have been doing "sick relief" duty for others since the order took effect.

The old novels left them at the altar. The new ones begin there and introduce the third party.

Blind Owner Of Newspaper Agency Voted Town's Outstanding Citizen

(International News Service)

WOOD RIVER, Ill. — Bryant M. Harrod, blind proprietor of a newspaper and magazine agency here, has been voted Wood River's outstanding citizen.

Blinded at the age of 13 when he was kicked by a horse on his father's farm in Ohio, Harrod, who is 47 years old, has made a success as a business man, a citizen and a neighbor, despite his handicap.

His selection for the honor, which is to be awarded annually hereafter by Wood River's service clubs, was announced at a mass meeting.

A resident of Wood River for twenty-five years, he has conducted his news agency here for seventeen years. He now employes twenty-five boys and young men.

Harrod is best known in Wood River for his remarkable memory and his uncanny ability to identify voices properly. He knows most of this town's residents by their voices.

He was married in 1923 and has two adopted children, Minor and Ruth, both 8 years old.

Coupe Collides With School Bus

A collision on Wilmington avenue, this morning, damaged to some extent the school bus owned and operated by O. H. Rogers, of Pulaski township, and the coupe driven by Edward Wood, of R. D. 1, New Wilmington.

Mr. Rogers stopped the bus, which was conveying Pulaski township school students to the New Castle senior high school, on Wilmington avenue before turning left on to Euclid avenue. He made a complete stop as required by a state law for school buses, he says. The car driven by Edward Wood crashed into the rear of the bus.

Mr. Robers reported to the state highway patrol that the stop signals at the rear of the bus were in perfect condition.

INEBRIATE INDIAN PUT BACK ON HIS FEET

(International News Service)

PORTLAND, O.. An American Indian, arrested on a drunkenness charge, was literally put back on his feet after awakening in the city jail.

Officers found the dizzy brave lying in a pedestrian's subway tunnel under Burnside street. He was dragged to the sidewalk level and when he reached there, a leg was discovered missing. An artificial limb was retrieved and the prisoner and his leg removed to headquarters. In removing the Indian at headquarters, police accidentally jerked off the remaining leg, also artificial

Forty-eight hours later, the Indian, who gave the name of Earl Kennedy, 31, put on his legs with the aid of policemen and went on his way.

TOBACCO PLANTING SUCCESSFUL IN ALASKA

(International News Service)

SEWARD, Alaska. — Among an order placed last Spring for garden seeds by Alex Bolam, big game guide, who dwells on the shores of Kenai Lake, 50 miles north of Seward, there arrived a package of tobacco seed. Out of curiosity, Bolam planted the seeds in his garden.

Thus it was that the discovery was made that tobacco will not only grow with fecundity on a par with Alaskan grains and vegetables, but may become one of the big money crops of the territory. The seed came from a New England strain of tobacco. Leaves reached a length of 24 inchees and a width of 12 inches The weed has exceptional strength.

Bolam will devote a large area to tobacco culture next summer.

Politics Play Important Part In Relief Work

Assertion Is Made By Secretary Of Public Charities Association

WANTS WORK UNDER CIVIL SERVICE PLAN

By SOL ZATT
International News Service Staff Correspondent

PHILADELPHIA, Pa., Mar. 27—Charging that politics play a large part in relief work, Arthur Dunham, secretary of the public charities association and newly elected president of the Pennsylvania welfare conference, today advocated placing social service workers under a civil service system. He declared:

"Competitive examination would assure social workers of their positions and would prevent them from being ousted from their duties when a change in administration is made.

"If a state law, to that effect should ever be passed, social workers who regard their work more as a career than an occupation, should have no grounds for fear of not being able to pass a civil service examination. A true welfare worker should be able to meet any sort of a test concerning his work.

"A person who desires to become active in the social service field, and cannot meet the requirements of a trained welfare worker, but happens to be a friend-of-a-friend, of one of the higher-ups, is usually able to make the grade because of his so-called connections."

Operations of private relief organizations will not be curtailed by the growth of public charities, arising from the economic crisis, Dunham believes. He explained:

"Although the needy have drifted in the last few years to relief organizations maintained wholly by state funds, I can see no reason why private charitable institutions maintained by private donations, endowments and community-raised funds shall cease or curtail their operations the years immediately ahead of us.

"The most essential duty of the privately manned organizations among the needy and poverty-stricken in that commonly known to welfare workers as 'case work.' Case work, or family analysis, is highly important in the relief field. As much depends on the information derived from such work in keeping impoverished families together.

"The stress of depression has endangered the unity of family life and to keep the family going is one of the prime duties of the relief worker.

"The county relief boards recently established throughout the state of Pennsylvania have not the time to study and make a careful analysis of each family they undertake to aid. The swelling number of families on the state relief rolls do not permit the opportunity for type of work. Most of the state worker's time is occupied in investigating cases.

"Therefore, the state must depend upon the private charities to make complete studies of the needy and the sick. Creation of emergency county relief boards has decreased the number of those relying for aid on private charities, making it possible for the private agencies to carry on their work further.

Pinchot Fixes Execution Date For Doomed Man

Charles Walker, Of Philadelphia, Convicted Of First Degree Murder To Die

(International News Service)

HARRISBURG, Mar. 27.—Governor Gifford Pinchot has fixed the week of April 30 for the execution of Charles Walker, convicted of first degree murder in Philadelphia.

The state supreme court on March 19 sustained the conviction.

Hospital Plans Group Insurance

(International News Service)

BUTLER, Pa., Mar. 27.—Trustees of the Butler County Memorial hospital are considering adoption of group insurance as a means of caring for patients who avail themselves of the plan. Industries, schools and other groups would be solicited to adopt the plan for persons under their care or employed by them. It is estimated that the cost would be from 60 to 75 cents a month, and hospital care for 20 days would be furnished without cost except for the services of a physician.

LEGION OF HONOR PLANNING PROGRAM

Plans have been completed for a good program of entertainment on Wednesday evening at the meeting of the Legion of Honor of the New Castle Consistory.

At the close of the program, lunch will be served. Arrangements will be completed at this time for a number of activities the Chapter is planning for the near future.

JACKSON, Mich., Mar. 27.—A guard on an express truck spent two hours locked in the safety compartment of the vehicle when the driver dropped his keys into a manhole in front of the bank where they had halted.

Supreme Court Hears Argument In Craig Case

Involves Assessment On Bank Stock Held By The Late Percy Craig

(International News Service)

PITTSBURGH, Mar. 27.—Asserting there was no basis for a stock levy following failure of the bank of the Monongahela Valley, Morgantown, W. Va., counsel for the estate of Percy L. Craig, Lawrence county, appealed a $2,892.50 judgment in argument before the state supreme court here Monday.

Harold F. Reed, representing Earle M. Craig, executor of the deceased man's estate, argued that no evidence was offered in the common pleas court of Lawrence county as to the extent of the defunct bank's assets. The action was taken to court and the judgment won after the defendant refused to pay the stock levy assessed by the West Virginia commissioner of banking.

Reed argued that the West Virginia laws and statutes provide that levies upon capital stock share holders in case of bank failures are to be based on an inventory of the institution's assets and liabilities. He said:

"We have been shown nothing to indicate what the assets of the bank were at the time of its closing. Certinly, it included something more than just the capital stock, of $300,000 par value."

He further argued that the case, when taken into court, should have been in equity and not in common pleas court, as it was presented in Lawrence county.

George R. Farmer, attorney for Charles E. Lawhead, receiver of the bank and appellee in the case, was not called for argument.

Rotary's Past Leaders Honored At Luncheon

Twelve Of 20 Who Have Served Since 1913 Recall Past Service

STAND IN RESPECT FOR THREE DECEASED

The New Castle Rotary club took the calendar in tow on Monday and turned back the pages of time, more than 20 years back, to reminisce once again over its two decades of service when it observed a special President's Day luncheon in The Castleton.

Recalls Past Service

Memories of its participation in years of community affairs came to the fore as most of the 20 past presidents related, in short but interesting talks, the outstanding events which marked their respective administrations.

The former Rotary leaders were honored in the club's regular Monday luncheon hour.

Seated in the center of the speakers' table was President Ralph W. Bolsinger who turned the meeting over to Program Chairman H. R. McCulloch to conduct, and who introduced the former presidents.

Founded in November, 1913, by the late W. Scott Paisley, a prominent druggist, the club has grown throughout the years until it has established itself here as the most prominent of service organizations with a membership, throughout the years, of men who were pioneer New Castle boosters and whose contributions to the city's life are perpetuated today in monuments or institutions of various kinds.

Honor Deceased Leaders

The club stood at the outset of its program in silent respect to the man under whom the club began its service, and later, standing in silence again, the clubmen paid tribute to Dr. W. Charles Wallace, one-time Westminster college president who served as its president during the 1927-28 term. They also stood for the late Harry S. Toynbee, president in 1917 and 1918.

Presidents Who Served

Other presidents of the Rotary club included the following:

George W. Muse, who succeeded Mr. Paisley for the 1914-15 term.
Ed. E. Seavy, 1915-16.
George F. Winter, 1916-17.
H. S. Toynbee, 1917-18.
J. Lee McPate, 1918-19.
Fred L. Rentz, 1919-20.
Russell D. Dietrich, 1920-21.
William K. Hugus, 1921-22.
Dr. Ben G. Graham, 1922-23.
Howard B. Richards, 1923-24.
DeLace Cole, 1924-25.
Dr. W. L. Campbell, 1925-26.
Dr. L. W. Wilson, 1926-27.
Dr. W. C. Wallace, 1927-28.
Welty O. Rugh, 1928-29.
Frank L. Burton, 1929-30.
T. Wilbur McCullough, 1930-31.
Louis B. Round, 1931-32.
William J. Caldwell, 1932-33.

Ralph W. Bolsinger, serving today in the 1933-34 term.

Twelve of the past presidents spoke yesterday while Dr. Graham, now superintendent of Pittsburgh's schools, and Mr. Richards, now at Birmingham, Ala., sent appropriate messages.

Jacob F. Rentz, vice president in the Caldwell administration, spoke for his leader, and DeLace Cole, in a humorous manner, summarized the entire score of years of the club's civic life.

Guests present for the luncheon included Prof. John Lawther, Westminster college; E. M. Standley, Beaver and Dr. James Crawford, this city.

PULASKI

Mr. and Mrs. W. J. McCallister spent Monday in New Castle.

Mrs. Dora Cover is spending some time with friends in Ellwood City.

Mr. and Mrs. Charles Knox of North Liberty were recent callers on friends in town.

Mr. and Mrs. James McCormick of Youngstown were guests Sunday of Mr. and Mrs. A. W. Graham.

Mrs. Laura Wilson has returned home after spending some time the guest of her daughter and husband Mr. and Mrs. Frank Ferrell of Ellwood City.

The marriage of Marleah Lesh Pontius of New Castle and John Edgar Wherry of Pulaski took place at the home of Rev. Henry Shilling of West Middlesex on Wednesday evening. A wedding dinner was served at the home of the groom's parents, Mr. and Mrs. John P. Clark. Mr. and Mrs. Wherry will reside in Pulaski for the present.

Mr. and Mrs. James Black and Arnella Myrtle Bilger spent the week end the guest of the former's sister Mrs. Ada Hershey of Ellwood City on Sunday afternoon accompanied by Mrs. Hershey all were guests of Mrs. Jos. H. Dalbey of New Brighton.

Mr. and Mrs. Virgil Myers and daughter Katheryn of Espyville were guests for dinner Sunday of the former's brother and wife, Mr. and Mrs. J. F. Myers. Other guests in the afternoon were Mr. and Mrs. Louis Sykes and Mr. and Mrs. Clarence Roberts and son George of Girard.

Union services of the Presbyterian and Methodist churches were held in the Methodist church on Sunday evening with the Pastors, Rev. William Parsons D. D., and Rev. Earl Jay Jennings in charge and will continue each evening this week and on Friday evening communion services will be held in the Presbyterian church.

ZION NOTES

Miss Thelma Fout spent a few days at Pittsburgh recently.

Homer Cooper and family expect to move in with his father, Clell Cooper, after April 1.

Roy McGowan and Joe Davis attended the funeral services for their cousin, Mrs. Eva McClay of Butler.

Politics Play Important Part In Relief Work

Assertion Is Made By Secretary Of Public Charities Association

WANTS WORK UNDER CIVIL SERVICE PLAN

By SOL ZATT
International News Service Staff Correspondent

PHILADELPHIA, Pa., Mar. 27—Charging that politics play a large part in relief work, Arthur Dunham, secretary of the public charities association and newly elected president of the Pennsylvania welfare conference, today advocated placing social service workers under a civil service system. He declared:

"Competitive examination would assure social workers of their positions and would prevent them from being ousted from their duties when a change in administration is made.

"If a state law, to that effect should ever be passed, social workers who regard their work more as a career than an occupation, should have no grounds for fear of not being able to pass a civil service examination. A true welfare worker should be able to meet any sort of a test concerning his work.

"A person who desires to become active in the social service field, and cannot meet the requirements of a trained welfare worker, but happens to be a friend-of-a-friend, of one of the higher-ups, is usually able to make the grade because of his so-called connections."

Operations of private relief organizations will not be curtailed by the growth of public charities, arising from the economic crisis, Dunham believes. He explained:

"Although the needy have drifted in the last few years to relief organizations maintained wholly by state funds, I can see no reason why private charitable institutions maintained by private donations, endowments and community-raised funds shall cease or curtail their operations the years immediately ahead of us.

"The most essential duty of the privately manned organizations among the needy and poverty-stricken in that commonly known to welfare workers as 'case work.' Case work, or family analysis, is highly important in the relief field. As much depends on the information derived from such work in keeping impoverished families together.

"The stress of depression has endangered the unity of family life and to keep the family going is one of the prime duties of the relief worker.

"The county relief boards recently established throughout the state of Pennsylvania have not the time to study and make a careful analysis of each family they undertake to aid. The swelling number of families on the state relief rolls do not permit the opportunity for type of work. Most of the state worker's time is occupied in investigating cases.

"Therefore, the state must depend upon the private charities to make complete studies of the needy and the sick. Creation of emergency county relief boards has decreased the number of those relying for aid on private charities, making it possible for the private agencies to carry on their work further.

Hospital Plans Group Insurance

(International News Service)

BUTLER, Pa., Mar. 27.—Trustees of the Butler County Memorial hospital are considering adoption of group insurance as a means of caring for patients who avail themselves of the plan. Industries, schools and other groups would be solicited to adopt the plan for persons under their care or employed by them. It is estimated that the cost would be from 60 to 75 cents a month, and hospital care for 20 days would be furnished without cost except for the services of a physician.

Supreme Court Hears Argument In Craig Case

Involves Assessment On Bank Stock Held By The Late Percy Craig

(International News Service)

PITTSBURGH, Mar. 27.—Asserting there was no basis for a stock levy following failure of the bank of the Monongahela Valley, Morgantown, W. Va., counsel for the estate of Percy L. Craig, Lawrence county, appealed a $2,892.50 judgment in argument before the state supreme court here Monday.

Harold F. Reed, representing Earle M. Craig, executor of the deceased man's estate, argued that no evidence was offered in the common pleas court of Lawrence county as to the extent of the defunct bank's assets. The action was taken to court and the judgment won after the defendant refused to pay the stock levy assessed by the West Virginia commissioner of banking.

Reed argued that the West Virginia laws and statutes provide that levies upon capital stock share holders in case of bank failures are to be based on an inventory of the institution's assets and liabilities. He said:

"We have been shown nothing to indicate what the assets of the bank were at the time of its closing. Certinly, it included something more than just the capital stock, of $300,000 par value."

He further argued that the case, when taken into court, should have been in equity and not in common pleas court, as it was presented in Lawrence county.

George R. Farmer, attorney for Charles E. Lawhead, receiver of the bank and appellee in the case, was not called for argument.

Rotary's Past Leaders Honored At Luncheon

Twelve Of 20 Who Have Served Since 1913 Recall Past Service

STAND IN RESPECT FOR THREE DECEASED

The New Castle Rotary club took the calendar in tow on Monday and turned back the pages of time, more than 20 years back, to reminisce once again over its two decades of service when it observed a special President's Day luncheon in The Castleton.

Recalls Past Service

Memories of its participation in years of community affairs came to the fore as most of the 20 past presidents related, in short but interesting talks, the outstanding events which marked their respective administrations.

The former Rotary leaders were honored in the club's regular Monday luncheon hour.

Seated in the center of the speakers' table was President Ralph W. Bolsinger who turned the meeting over to Program Chairman H. R. McCulloch to conduct, and who introduced the former presidents.

Founded in November, 1913, by the late W. Scott Paisley, a prominent druggist, the club has grown throughout the years until it has established itself here as the most prominent of service organizations with a membership, throughout the years, of men who were pioneer New Castle boosters and whose contributions to the city's life are perpetuated today in monuments or institutions of various kinds.

Honor Deceased Leaders

The club stood at the outset of its program in silent respect to the man under whom the club began its service, and later, standing in silence again, the clubmen paid tribute to Dr. W. Charles Wallace, one-time Westminster college president who served as its president during the 1927-28 term. They also stood for the late Harry S. Toynbee, president in 1917 and 1918.

Presidents Who Served

Other presidents of the Rotary club included the following:

George W. Muse, who succeeded Mr. Paisley for the 1914-15 term.
Ed. E. Seavy, 1915-16.
George F. Winter, 1916-17.
H. S. Toynbee, 1917-18.
J. Lee McFate, 1918-19.
Fred L. Rentz, 1919-20.
Russell D. Dietrich, 1920-21.
William K. Hugus, 1921-22.
Dr. Ben G. Graham, 1922-23.
Howard B. Richards, 1923-24.
DeLace Cole, 1924-25.
Dr. W. L. Campbell, 1925-26.
Dr. L. W. Wilson, 1926-27.
Dr. W. C. Wallace, 1927-28.
Welty O. Rugh, 1928-29.
Frank L. Burton, 1929-30.
T. Wilbur McCullough, 1930-31.
Louis B. Round, 1931-32.
William J. Caldwell, 1932-33.

Ralph W. Bolsinger, serving today in the 1933-34 term.

Twelve of the past presidents spoke yesterday while Dr. Graham, now superintendent of Pittsburgh's schools, and Mr. Richards, now at Birmingham, Ala., sent appropriate messages.

Jacob F. Rentz, vice president in the Caldwell administration, spoke for his leader, and DeLace Cole, in a humorous manner, summarized the entire score of years of the club's civic life.

Guests present for the luncheon included Prof. John Lawther, Westminster college; E. M. Standley, Beaver and Dr. James Crawford, this city.

PULASKI

Mr. and Mrs. W. J. McCallister spent Monday in New Castle.

Mrs. Dora Cover is spending some time with friends in Ellwood City

Mr. and Mrs. Charles Knox of North Liberty were recent callers on friends in town.

Mr. and Mrs. James McCormick of Youngstown were guests Sunday of Mr. and Mrs. A. W. Graham.

Mrs. Laura Wilson has returned home after spending some time the guest of her daughter and husband Mr. and Mrs. Frank Ferrell of Ellwood City.

The marriage of Marleah Lesh Pontius of New Castle and John Edgar Wherry of Pulaski took place at the home of Rev. Henry Shilling of West Middlesex on Wednesday evening. A wedding dinner was served at the home of the groom's parents, Mr. and Mrs. John P. Clark. Mr. and Mrs. Wherry will reside in Pulaski for the present.

Mr. and Mrs. James Black and Arnella Myrtle Bilger spent the week end the guest of the former's sister Mrs. Ada Hershey of Ellwood City on Sunday afternoon accompanied by Mrs. Hershey all were guests of Mrs. Jos. H. Dalbey of New Brighton.

Mr. and Mrs. Virgil Myers and daughter Katheryn of Espyville were guests for dinner Sunday of the former's brother and wife, Mr. and Mrs. J. F. Myers. Other guests in the afternoon were Mr. and Mrs. Louis Sykes and Mr. and Mrs. Clarence Roberts and son George of Girard.

Union services of the Presbyterian and Methodist churches were held in the Methodist church on Sunday evening with the Pastors, Rev. William Parsons D. D., and Rev. Earl Jay Jennings in charge and will continue each evening this week and on Friday evening communion services will be held in the Presbyterian church.

ZION NOTES

Rotary's Past Leaders Honored At Luncheon

Twelve Of 20 Who Have Served Since 1913 Recall Past Service

STAND IN RESPECT FOR THREE DECEASED

The New Castle Rotary club took the calendar in tow on Monday and turned back the pages of time, more than 20 years back, to reminisce once again over its two decades of service when it observed a special President's Day luncheon in The Castleton.

Recalls Past Service

Memories of its participation in years of community affairs came to the fore as most of the 20 past presidents related, in short but interesting talks, the outstanding events which marked their respective administrations.

The former Rotary leaders were honored in the club's regular Monday luncheon hour.

Seated in the center of the speakers' table was President Ralph W. Bolsinger who turned the meeting over to Program Chairman H. R. McCulloch to conduct, and who introduced the former presidents.

Founded in November, 1913, by the late W. Scott Paisley, a prominent druggist, the club has grown throughout the years until it has established itself here as the most prominent of service organizations with a membership, throughout the years, of men who were pioneer New Castle boosters and whose contributions to the city's life are perpetuated today in monuments or institutions of various kinds.

Honor Deceased Leaders

The club stood at the outset of its program in silent respect to the man under whom the club began its service, and later, standing in silence again, the clubmen paid tribute to Dr. W. Charles Wallace, one-time Westminster college president who served as its president during the 1927-28 term. They also stood for the late Harry S. Toynbee, president in 1917 and 1918.

Presidents Who Served

Other presidents of the Rotary club included the following:

George W. Muse, who succeeded Mr. Paisley for the 1914-15 term.
Ed. E. Seavy, 1915-16.
George F. Winter, 1916-17.
H. S. Toynbee, 1917-18.
J. Lee McFate, 1918-19.
Fred L. Rentz, 1919-20.
Russell D. Dietrich, 1920-21.
William K. Hugus, 1921-22.
Dr. Ben G. Graham, 1922-23.
Howard B. Richards, 1923-24.
DeLace Cole, 1924-25.
Dr. W. L. Campbell, 1925-26.
Dr. L. W. Wilson, 1926-27.
Dr. W. C. Wallace, 1927-28.
Welty O. Rugh, 1928-29.
Frank L. Burton, 1929-30.
T. Wilbur McCullough, 1930-31.
Louis B. Round, 1931-32.
William J. Caldwell, 1932-33.

Ralph W. Bolsinger, serving today in the 1933-34 term.

Twelve of the past presidents spoke yesterday while Dr. Graham, now superintendent of Pittsburgh's schools, and Mr. Richards, now at Birmingham, Ala., sent appropriate messages.

Jacob F. Rentz, vice president in the Caldwell administration, spoke for his leader, and DeLace Cole, in a humorous manner, summarized the entire score of years of the club's civic life.

Guests present for the luncheon included Prof. John Lawther, Westminster college; E. M. Standley, Beaver and Dr. James Crawford, this city.

Pinchot Demands Greater Federal Emergency Aid

Says Pennsylvania Cannot Meet $65,000,000 Asked For Work

CITES MANY STATES BEING FAVORED

In Lot Of States Nation Is Paying 95 Cents Out Of Every Dollar, He Says

(International News Service)

HARRISBURG, Mar. 27.—Gov. Gifford Pinchot on Monday renewed his demands for greater federal relief for the unemployed.

In a lengthy statement issued at Long Key, Florida, where he is recuperating from an attack of shingles, the governor declared that Pennsylvania cannot produce "out of a hat" the $65,000,000 or $75,000,000 which it would be called upon to provide between April 1, 1934 and February 1, 1935 under the new federal emergency relief works program.

The governor charged that while in the past year Pennsylvania taxpayers were providing 45 and 50 cents out of very dollar spent in the state for relief, the federal emergency relief administration at Washington paid directly about 95 cents out of every dollar spent for similar purposes in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Texas and West Virginia.

Under the new national program which is scheduled to replace the CWA on April 1, expenditures of between $150,000,000 and $170,000,000 are planned for Pennsylvania, according to the governor. Of this amount, Pennsylvania would be required to pay half and it was to this provision that the governor objected. He asserted:

Cannot Match Funds

"The new program must be financed by federal funds and not half by the state and half by the federal government as at present proposed.

"Clearly it is impossible for Pennsylvania to put up the half of any such sum between now and February 1. Neither is it conceivable that a special session of the legislature would or could do so.

"If Pennsylvania could borrow as New York can, the situation would be different. But, our constitution prevents."

The governor said at the most there is available $23,250,000 of the state funds already appropriated. As for squeezing additional money out of departmental appropriations, he declared:

"Neither could even a respectable fraction be provided by additional savings, for the state budget has already been reduced to a point which endangers the services of the state departments needed by our citizens."

Makes Statement

In conclusion, the governor, who is a candidate for the Republican senatorial nomination, declared:

"It is clearly impossible and unavoidable therefore, that the federal government shall provide not less than $125,000,000 for unemployment relief in Pennsylvania between now and February 1, 1935, and be prepared to furnish as much as $150,000,000 if necessary, for the same period.

"Our people must not starve. The federal government has sources from which it can provide the money. Pennsylvania cannot."

Expect To Start Radio Building Soon

Probabilities are the city of New Castle, with CWA electricians, will start construction of the Police Radio system here this week. The city has been informed they could purchase the necessary equipment without infringing on the patent rights of any firm, according to a letter received from the Ross Radio company, 46 Federal Street, Youngstown. The police department radio of Youngstown is a system constructed by electricians who now are employed as operators.

Right Of Officer To Examine Truck Load Is Explained

Can Order Driver To Nearest Scales If He Suspects Truck Over Weight

(International News Service)

PHILADELPHIA, Mar. 27.—In response to a flood of requests from puzzled owners of trucks, an explanation of the state law permitting police to order removal of excess loads from motor vehicles was given by Harrison G. Kildare, attorney in charge of the Keytsone Automobile Club's legal department.

"Any vehicle in Pennsylvania, whether owned by a resident or a non-resident," he said, "may be stopped at any time by a police officer in uniform and displaying the proper badge of authority, for the purpose of determining whether the vehicle is carrying a weight in excess of the limits specified by the vehicle code.

"Section 904 of the code provides that an officer who has reason to believe that the weight of the vehicle and load is unlawful is authorized to order the truck to be driven to the nearest stationary scales in the event that such scales are within a distance of two miles, in order to check the weight. If no stationary scales are to be found within two miles, portable scales must be used or an arrest cannot be made.

"If the officer finds that the gross weight of the load and the vehicle exceeds the limit prescribed by law, he may then require the operator to unload the amount in excess in order to bring the gross weight within the proper limits. The code also provides, however, that no arrests shall be made in cases where the maximum gross weight for the class of the truck is not exceeded by more than ten per cent.

Checker Playing In Prison Cells Placed Under Ban

Sheriff Would Also Tear Down Pictures Of Actresses On The Walls

(International News Service)

MEDIA, Pa., Mar. 27.—No longer will the inmate of any Delaware county prison assuage the pangs of confinement by gazing at pictures of scantly-clothed film cuties.

"It's bad for morale," ruled the new warden of county prisons, Major Romanus Fellman, former official of Westchester county prison in New York and erstwhile chief of police at Norristown, Montgomery county.

Major Fellman ordered all pictures of actresses, adorning the walls of prisoners' cells, removed. In a further step to tighten discipline and elevate morale the new warden also banned the long-sanctioned checker tournaments in the jail cells.

"If prisoners want to engage in checker playing or any other game," Major Fellman said, "let them do it in the proper place, the recreation room. Hereafter, there will be no loafing in cells. The cells will be used only for sleeping."

Emergency Education Relief Work Progresses

(Contributed)

Through the wisdom of the national administration and the cooperation of the Department of Public Instruction in Pennsylvania there is in operation a unique and highly useful educational project in the City of New Castle.

The classes for adults which meet in the North street, Lincoln-Garfield and George Washington schools provide educational opportunities for 362 students and remunerative employment for 14 teachers.

The classes meet five hours a day for five days each week. Attendance is voluntary; no credits are given for attendance or scholastic achievement; and no formal examinations are required to determine a student's promotion or progress. If a student does not prepare his lessons he is the one who suffers loss and not the teacher or his fellow students.

If he is faithful in preparing his lessons and is attentive in class he receives the reward of a consciousness that he is improving his opportunities.

There is no discipline of the usual type found in schools. The only requirement is that an individual student does not interfere with the progress of his fellow students and comports himself as a good citizen.

There are no curriculum requirements. A student may undertake one or more courses according to his desires, his needs and the time at his disposal. No questions are asked concerning his ability to take up a certain course. He is allowed to determine that question for himself.

The result of this type of organization is a group of purposeful students whose progress is not determined by any artificial incentive. In the last analysis it is an ideal school situation for adult students. It would not be practicable for children.

The courses offered are only those for which there is a demand and for which competent instructors are available. At the present time the following subjects are taught: spelling, writing, grammar, composition, literature, arithmetic, history, government, civics, psychology, commercial law, bookkeeping, cost accounting, typewriting, shorthand, international law, economics, physical training, English for foreigners, civics for foreigners, music, dramatic art, woodworking and clothing repair.

The teachers are faithful and competent. While they are paid on an hourly basis, they work more hours each week than are required by their schedule. The monthly payroll, amounting to $1,360, is in itself a useful factor in the present economic emergency.

Federal funds are used in the conduct of these classes. The local school district merely provides the rooms with light, heat and janitor service. The chief beneficiaries are the students themselves and through them the community as a whole.

Oldest Methodist Church In World To Be Renovated

(International News Service)

PHILADELPHIA, Mar. 27.—An an ancient structure, standing near the Delaware river bridge, old St. George's, the oldest Methodist Episcopal church building in the world, is about to undergo renovation.

In time to celebrate its 165th birthday the aged building will be restored to its original condition. When work is completed the structure will look as it did in 1800 when the Methodist society, after 31 years of labor, finally finished decorating the interior.

The cornerstone of the building was laid in 1763 by a Dutch Reformed congregation. Because of financial difficulties the Reformed congregation sold the unfinished church to the Methodist society in 1769 and work of completing the structure began.

"FAT MABEL" FINDS SHE CAN LOSE A POUND A DAY

Scientists have just announced a remarkable discovery which enables the fat person to grow thin at a cost so small that it hardly need be considered!

Indeed, in this way you can eat 3 full meals daily and lose—comfortably—as much as a FULL POUND EVERY DAY!

All for about 14¢ a week!

All You Do

It's amazingly easy. You just do two simple things. Get a bottle of the new *Condensed* JAD Salts and take a teaspoonful in a glass of water before breakfast. Make two small changes in diet—as explained in the folder inside the *Condensed* JAD package you get. That's all.

You *look* pounds lighter from *the first day*, for the *Condensed* JAD Salts banishes excess moisture weight and all puffiness and bloat *at once*. And the system is quickly cleared of toxins and depleting poisons . . . *Yet you never need know a hungry moment.*

Month's Supply Only 60¢!

Just ask for the new *Condensed* JAD Salts at any drug store. A month's supply is only 60¢. *You actually can follow this famous scientific plan for 2¢ a day.* Don't forget: ask for the new *Condensed* JAD Salts.

Begin the quick Jad Method of reducing—tomorrow morning. The *Condensed* JAD Salts—remember—is urged as a poison-banishing agent . . . to banish unhealthy bloating and to eliminate body moisture . . . not as a reducing one.

Prevent This Condition with Kellogg's ALL-BRAN

The first question your doctor asks is whether you are constipated or not. He knows that this condition may cause headaches, loss of appetite and energy, sleeplessness. It is often the starting point of serious illness.

You can prevent and relieve common constipation so easily. Just eat a delicious cereal once a day. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" and vitamin B to aid regular habits. ALL-BRAN is also a rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

Isn't this "cereal way" safer and far more pleasant than taking patent medicines—so often harmful? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. With each meal in chronic cases. If seriously ill, see your doctor—ALL-BRAN is not a "cure-all."

Enjoy ALL-BRAN as a cereal, or use in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Pinchot Demands Greater Federal Emergency Aid

Says Pennsylvania Cannot Meet $65,000,000 Asked For Work

HARRISBURG, Mar. 27.—Gov. Gifford Pinchot on Monday renewed his demands for greater federal relief for the unemployed.

Right Of Officer To Examine Truck Load Is Explained

Can Order Driver To Nearest Scales If He Suspects Truck Over Weight

(International News Service)

PHILADELPHIA, Mar. 27.—In response to a flood of requests from puzzled owners of trucks, an explanation of the state law permitting police to order removal of excess loads from motor vehicles was given by Harrison G. Kildare, attorney in charge of the Keystone Automobile Club's legal department.

"Any vehicle in Pennsylvania, whether owned by a resident or a non-resident," he said, "may be stopped at any time by a police officer in uniform and displaying the proper badge of authority, for the purpose of determining whether the vehicle is carrying a weight in excess of the limits specified by the vehicle code.

"Section 904 of the code provides that an officer who has reason to believe that the weight of the vehicle and load is unlawful is authorized to order the truck to be driven to the nearest stationary scales in the event that such scales are within a distance of two miles, in order to check the weight. If no stationary scales are to be found within two miles, portable scales must be used or an arrest cannot be made.

"If the officer finds that the gross weight of the load and the vehicle exceeds the limit prescribed by law, he may then require the operator to unload the amount in excess in order to bring the gross weight within the proper limits. The code also provides, however, that no arrests shall be made in cases where the maximum gross weight for the class of the truck is not exceeded by more than ten per cent.

Checker Playing In Prison Cells Placed Under Ban

Sheriff Would Also Tear Down Pictures Of Actresses On The Walls

(International News Service)

MEDIA, Pa., Mar. 27.—No longer will the inmate of any Delaware county prison assuage the pangs of confinement by gazing at pictures of scantly-clothed film cuties.

"It's bad for morale," ruled the new warden of county prisons, Major Romanus Fellman, former official of Westchester county prison in New York and erstwhile chief of police at Norristown, Montgomery county.

Major Fellman ordered all pictures of actresses, adorning the walls of prisoners' cells, removed. In a further step to tighten discipline and elevate morale the new warden also banned the long-sanctioned checker tournaments in the jail cells.

"If prisoners want to engage in checker playing or any other game," Major Fellman said, "let them do it in the proper place, the recreation room. Hereafter, there will be no loafing in cells. The cells will be used only for sleeping."

Emergency Education Relief Work Progresses

(Contributed)

Through the wisdom of the national administration and the cooperation of the Department of Public Instruction in Pennsylvania there is in operation a unique and highly useful educational project in the City of New Castle.

The classes for adults which meet in the North street, Lincoln-Garfield and George Washington schools provide educational opportunities for 362 students and remunerative employment for 14 teachers.

The classes meet five hours a day for five days each week. Attendance is voluntary; no credits are given for attendance or scholastic achievement; and no formal examinations are required to determine a student's promotion or progress. If a student does not prepare his lessons he is the one who suffers loss and not the teacher or his fellow students.

If he is faithful in preparing his lessons and is attentive in class he receives the reward of a consciousness that he is improving his opportunities.

There is no discipline of the usual type found in schools. The only requirement is that an individual student does not interfere with the progress of his fellow students and comports himself as a good citizen.

There are no curriculum requirements. A student may undertake one or more courses according to his desires, his needs and the time at his disposal. No questions are asked concerning his ability to take up a certain course. He is allowed to determine that question for himself.

The result of this type of organization is a group of purposeful students whose progress is not determined by any artificial incentive. In the last analysis it is an ideal school situation for adult students. It would not be practicable for children.

The courses offered are only those for which there is a demand and for which competent instructors are available. At the present time the following subjects are taught: spelling, writing, grammar, composition, literature, arithmetic, history, government, civics, psychology, commercial law, bookkeeping, cost accounting, typewriting, shorthand, international law, economics, physical training, English for foreigners, civics for foreigners, music, dramatic art, woodworking and clothing repair.

The teachers are faithful and competent. While they are paid on an hourly basis, they work more hours each week than are required by their schedule. The monthly payroll, amounting to $1,360, is in itself a useful factor in the present economic emergency.

Federal funds are used in the conduct of these classes. The local school district merely provides the rooms with light, heat and janitor service. The chief beneficiaries are the students themselves and through them the community as a whole.

Oldest Methodist Church In World To Be Renovated

(International News Service)

PHILADELPHIA, Mar. 27.—An an ancient structure, standing near the Delaware river bridge, old St. George's, the oldest Methodist Episcopal church building in the world, is about to undergo renovation.

In time to celebrate its 165th birthday the aged building will be restored to its original condition. When work is completed the structure will look as it did in 1800 when the Methodist society, after 31 years of labor, finally finished decorating the interior.

The cornerstone of the building was laid in 1763 by a Dutch Reformed congregation. Because of financial difficulties the Reformed congregation sold the unfinished church to the Methodist society in 1769 and work of completing the structure began.

Prevent This Condition with Kellogg's ALL-BRAN

The first question your doctor asks is whether you are constipated or not. He knows that this condition may cause headaches, loss of appetite and energy, sleeplessness. It is often the starting point of serious illness.

You can prevent and relieve common constipation so easily. Just eat a delicious cereal once a day. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" and vitamin B to aid regular habits. ALL-BRAN is also a rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

Isn't this "cereal way" safer and far more pleasant than taking patent medicines—so often harmful? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. With each meal in chronic cases. If seriously ill, see your doctor—ALL-BRAN is not a "cure-all."

Enjoy ALL-BRAN as a cereal, or use in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Pinchot Demands Greater Federal Emergency Aid

Says Pennsylvania Cannot Meet $65,000,000 Asked For Work

CITES MANY STATES BEING FAVORED

In Lot Of States Nation Is Paying 95 Cents Out Of Every Dollar, He Says

(International News Service)

HARRISBURG, Mar. 27.—Gov. Gifford Pinchot on Monday renewed his demands for greater federal relief for the unemployed.

In a lengthy statement issued at Long Key, Florida, where he is recuperating from an attack of shingles, the governor declared that Pennsylvania cannot produce "out of a hat" the $65,000,000 or $75,000,000 which it would be called upon to provide between April 1, 1934 and February 1, 1935 under the new federal emergency relief works program.

The governor charged that while in the past year Pennsylvania taxpayers were providing 45 and 50 cents out of very dollar spent in the state for relief, the federal emergency relief administration at Washington paid directly about 95 cents out of every dollar spent for similar purposes in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Texas and West Virginia.

Under the new national program which is scheduled to replace the CWA on April 1, expenditures of between $150,000,000 and $170,000,000 are planned for Pennsylvania, according to the governor. Of this amount, Pennsylvania would be required to pay half and it was to this provision that the governor objected. He asserted:

Cannot Match Funds

"The new program must be financed by federal funds and not half by the state and half by the federal government as at present proposed.

"Clearly it is impossible for Pennsylvania to put up the half of any such sum between now and February 1. Neither is it conceivable that a special session of the legislature would or could do so.

"If Pennsylvania could borrow as New York can, the situation would be different. But, our constitution prevents."

The governor said at the most there is available $23,250,000 of the state funds already appropriated. As for squeezing additional money out of departmental appropriations, he declared:

"Neither could even a respectable fraction be provided by additional savings, for the state budget has already been reduced to a point which endangers the services of the state departments needed by our citizens."

Makes Statement

In conclusion, the governor, who is a candidate for the Republican senatorial nomination, declared:

"It is clearly impossible and unavoidable therefore, that the federal government shall provide not less than $125,000,000 for unemployment relief in Pennsylvania between now and February 1, 1935, and be prepared to furnish as much as $150,000,000 if necessary, for the same period.

"Our people must not starve. The federal government has sources from which it can provide the money. Pennsylvania cannot."

Five Countries Are Willing To Protect Insull

Unable To Decide Which Country Will Be Safest For Insull To Reside In

IS STILL CRUISING ON MEDITERRANEAN

By JAMES L. KILGALLEN
International News Service Staff Correspondent

ATHENS, Mar. 27.—Five countries are ready to receive Samuel Insull, fugitive Chicago financier, his attorney George Kiros told International News Service today.

"We are negotiating with five countries which are ready to accept Insull," Kiros said. "We have not decided which country to send him to. That depends upon which country gives the best guarantees.

Cannot Reveal Names

"Obviously we cannot reveal the names of these countries now."

Kiros confirmed that the dingy Greek freighter, Maiotis, which Insull chartered for his flight from Athens on the eve of his deportation by Greek authorities, is in the vicinity of the Island of Rhodes, about 250 miles southeast of Athens.

"We have not heard from Mr. Insull since the Maiotis left the Island of Rhodes," Kiros said. "He probably is cruising and awaiting instructions from us.

Enjoying Cruise

"In the last wireless we received from him, he said the cruise was favorably affecting his health."

Insull has chartered the Maiotis until April 20. He therefore has at least 25 days in which to cruise the Mediterranean, awaiting efforts of his agents to find a country that will grant a haven to the 74-year-old magnate who fled the United States after collapse of his utilities enterprises, which resulted in his indictment for violation of the federal bankruptcy laws.

Wife In Seclusion

Kiros sharply criticized the United States government today for alleged interference with efforts of Mrs. Insull to obtain a British passport visa.

Mrs. Insull remained in seclusion today, awaiting the outcome of efforts to obtain a British visa which would permit her to proceed to London. She already has transit visas from the French and Jugoslavian governments.

Arguments In Supreme Court In Thayer Case

Appeal Of County Controller R. McCaslin Is Heard By Higher Court

(International News Service)

PITTSBURGH, Mar. 26.—County Controller Robert C. McCaslin, Jr., stands in the way of completing the proposed new court house for Lawrence county, counsel for the Thayer Company, New Castle architects, told the supreme court today in opposing the controller's appeal from their $7800 judgment verdict.

McCaslin appealed the judgment ordered by Judge E. Lawrence Hildebrand for payment of services in designing the proposed eight-story county court house, jail and sheriff's residence. Construction of the unit as a public works project has been approved at Washington.

Orville Brown, counsel for McCaslin, based his appeal on the allegation that the county commissioners violated the general county law of 1929 by increasing the year's expenditures in their approval of the contract with the firm of architects.

The charge of obstruction to the completion of the project was hurled by W. Walter Braham, attorney for A. L. Lauren H., and Harding H. Thayer, appellees in the action. He said:

"The commissioners have taken the first step toward completion of this important work, and this was duly approved by our court.

"This one man, by his appeal, stands in the way of completing this public project. In behalf of the county commissioners and the citizens of the county, I would ask the earliest possible disposal of this case."

A third legal representative, Charles H. Akens, who appeared for the tax-payers, was not heard by the high court but was invited to file a brief if he so desired.

FEARFUL OF MARRIAGE

(International News Service)

SALT LAKE CITY, Utah—Henri Cloud, an attorney of Memphis, Tenn., may move to Salt Lake City if the laws here don't compel him to marry. Cloud wrote a letter to the local city attorney asking if there was a law, either written or unwritten, requiring all persons between the ages of 18 and 21 to marry within six months or leave the city.

HELPLESS IN SNOW

(International News Service)

LAKE GEORGE, Colo.—Thomas Sype, a rancher, was brought to a hospital here suffering a broken leg and exposure after lying helpless on the snow-covered prairie for six hours. Sype was riding ten miles west of here when his horse stumbled and fell, breaking its leg. His three brothers, sent in search of him, found him lying in the snow.

Police chronology for 24 hours ending 3:30 p. m., March 26, 12 arrests on charges as follows: violation parking law 3, drunkenness 6, disorderly conduct and drunkenness 1 and suspicion 2.

Five hundred and ninety five tons of garbage were collected and disposed of at the city furnace during February, according to a report submitted by Howard M. Phillips to council yesterday. In addition to this amount 100 loads were disposed of by non-city truckers. Within a few months the garbage disposed of by the city will reach the 750 ton mark. And also hundreds upon hundreds of tin cans will be removed when the trucks proposed brings the equipment up to its full quota.

Among the duties of the city bacteriologist, Dr. W. L. Steen is the testing of water, samples of which are obtained from the New Castle Water Company and privately owned wells and springs. During February he tested 22 samples taken from the New Castle Water company pipes and three samples from wells and springs. He is now busily engaged testing water taken from wells in the vicinity of places where Civil Works administration men are employed.

Annual reports of various departments of the city have been compiled by the heads of the various bureaus and have been submitted to the printer. The reports will be available in the near future. The engineers department netted receipts of $661.20, for 1933. Fees from building permits were lower than the money received for blueprints. The former netted the city $65.50, and blueprints sold for $80.70. Maps of the city brought the city $14.75. The milk license fee netted the city $36.75 while the fines and forfeits of the police department increased the general revenue of the city $5,429.28. Dance permits and licenses brought an additional $505.00. Seven thousand four hundred and fourteen played golf at the municipal course. The receipts were $1,912.45 and the bureau of plumbing turned over $545.75 to general revenue. Most interesting is the collections on tax and improvement liens by the city solicitor during the year past. The records show he gathered for the city $29,878.53. The treasurer distributed the money as follows: general revenue, $16,169.80, sidewalk, $444.27, sinking fund, $2,461.02, library fund, $641.32 and improvement fund, $14,162.12.

Spring is here. Two persons complained to the police department Sunday that boys were playing baseball in public streets.

Equitable Building & Loan company yesterday presented to city council a request that they be allowed to redeem four lots, inasmuch as taxes and costs of redemption were paid to the city. The city will probably grant the request.

City Assessor Andrew Sands has made a recommendation to council that when it sits as a board of revision exonerations be granted in cases as follows: Aaron Book, student, away at school; Reese Llewelyn, from foreman to laborer; Mary O'Hara, West Falls street, garage has been removed; Charles Callahan, West Fairfield avenue, lot, from $960 to $880 and Adela DuShane heirs, 117 North Mill, property from $1540 to $1490, sunporch used as office.

The next meeting will be held at the Y. M. C. A. on the evening of Monday April 9. At this meeting Edward Spencer will speak on "Precancels."

RARE WATER AGATES PICKED UP ON BEACH

(International News Service)

PORTLAND, Ore., Mar. 27.—An unusual number of rare water agates, twenty-four in all, have been picked up on the beach at Oceanlake since January 1. This is an unprecedented record in the agate-finding history of Lincoln county.

The presence of a tiny drop of crytal water glistening in the center of transparent rock provides a combination much sought after by collectors.

How the water becomes sealed within its crystallized cell is a mystery of nature. The most popular explanation advanced is the theory that water agates are petrified clams minus the outer shells.

ROOSEVELT MAY CRUISE IN NEW 'THRILL' SLOOP

(International News Service)

SALEM, Mass., Mar. 27.—Mingo, fleet racing schooner, is ready for President Roosevelt.

If the nation's chief executive can get away in time this year he will cruise the New England coastline aboard the slim, dashing Mingo instead of the Amberpack II used last year.

James Roosevelt, eldest son of the president, has been at the Dion ship yards inspecting the Mingo and said plans for the summer are still in a tentative stage.

Mingo, two-masted, white, cut on daring racing lines, is a "thrill" boat, experts agree.

Mingo is 50 feet long, 31-foot waterline, has an auxiliary motor, a two-bunk cabin, a galley, four bunks for crew quarters, is finished in mahogany and has no rail around the deck.

CONTRACTS AWARDED FOR BRIDGE PROJESTS

MERCER, Mar. 27—The award of seven bridge contracts, a part of Mercer county's $200,000 PWA program has been announced by the county commissioners.

The contract for the large which will span the Shenango river at Wheatland, went to the Johnston-McIntyre Company of Sharon on a bid of $34,200. The Keelen and Bost Company of Greenville will erect bridge No. 819 in that borough. The bid was $3,339.10.

JOBLESS MAY GET GARDENS FOR FOOD

(International News Service)

DENVER, March 27.—Between 15,000 and 20,000 Colorado families would be taken from relief rolls under a plan for raising their own vegetables and fruits being prepared for submission to Washington authorities by W. D. Tidwell, Denver representative of the Federal Surplus Relief corporation.

The plans call for the renting of garden tracts, as well as purchase of water for necessary irrigation. Tidwell said that $25,000 was available for the purchase of seed, but that $100,000 would be needed.

And you can recognize the road to success by the discarded friends who aren't useful any more.

Five Countries Are Willing To Protect Insull

Unable To Decide Which Country Will Be Safest For Insull To Reside In

IS STILL CRUISING ON MEDITERRANEAN

By JAMES L. KILGALLEN
International News Service Staff Correspondent

ATHENS, Mar. 27.—Five countries are ready to receive Samuel Insull, fugitive Chicago financier, his attorney George Kiros told International News Service today.

"We are negotiating with five countries which are ready to accept Insull," Kiros said. "We have not decided which country to send him to. That depends upon which country gives the best guarantees.

Cannot Reveal Names

"Obviously we cannot reveal the names of these countries now."

Kiros confirmed that the dingy Greek freighter, Maiotis, which Insull chartered for his flight from Athens on the eve of his deportation by Greek authorities, is in the vicinity of the Island of Rhodes, about 250 miles southeast of Athens.

"We have not heard from Mr. Insull since the Maiotis left the Island of Rhodes," Kiros said. "He probably is cruising and awaiting instructions from us.

Enjoying Cruise

"In the last wireless we received from him, he said the cruise was favorably affecting his health."

Insull has chartered the Maiotis until April 20. He therefore has at least 25 days in which to cruise the Mediterranean, awaiting efforts of his agents to find a country that will grant a haven to the 74-year-old magnate who fled the United States after collapse of his utilities enterprises, which resulted in his indictment for violation of the federal bankruptcy laws.

Wife In Seclusion

Kiros sharply criticized the United States government today for alleged interference with efforts of Mrs. Insull to obtain a British passport visa.

Mrs. Insull remained in seclusion today, awaiting the outcome of efforts to obtain a British visa which would permit her to proceed to London. She already has transit visas from the French and Jugoslavian governments.

Arguments In Supreme Court In Thayer Case

Appeal Of County Controller R. McCaslin Is Heard By Higher Court

(International News Service)

PITTSBURGH, Mar. 26.—County Controller Robert C. McCaslin, Jr., stands in the way of completing the proposed new court house for Lawrence county, counsel for the Thayer Company, New Castle architects, told the supreme court today in opposing the controller's appeal from their $7800 judgment verdict.

McCaslin appealed the judgment ordered by Judge R. Lawrence Hildebrand for payment of services in designing the proposed eight-story county court house, jail and sheriff's residence. Construction of the unit as a public works project has been approved at Washington.

Orville Brown, counsel for McCaslin, based his appeal on the allegation that the county commissioners violated the general county law of 1929 by increasing the year's expenditures in their approval of the contract with the firm of architects.

The charge of obstruction to the completion of the project was hurled by W. Walter Braham, attorney for A. L. Lauren H., and Harding H. Thayer, appellees in the action. He said:

"The commissioners have taken the first step toward completion of this important work, and this was duly approved by our court.

"This one man, by his appeal, stands in the way of completing this public project. In behalf of the county commissioners and the citizens of the county, I would ask the earliest possible disposal of this case."

A third legal representative, Charles H. Akens, who appeared for the tax-payers, was not heard by the high court but was invited to file a brief if he so desired.

FEARFUL OF MARRIAGE

(International News Service)

SALT LAKE CITY, Utah—Henri Cloud, an attorney of Memphis, Tenn., may move to Salt Lake City if the laws here don't compel him to marry. Cloud wrote a letter to the local city attorney asking if there was a law, either written or unwritten, requiring all persons between the ages of 18 and 21 to marry within six months or leave the city.

HELPLESS IN SNOW

(International News Service)

LAKE GEORGE, Colo.—Thomas Sype, a rancher, was brought to a hospital here suffering a broken leg and exposure after lying helpless on the snow-covered prairie for six hours. Sype was riding ten miles west of here when his horse stumbled and fell, breaking its leg. His three brothers, sent in search of him, found him lying in the snow.

AROUND CITY HALL

Police chronology for 24 hours ending 3:30 p. m., March 26, 12 arrests on charges as follows: violation parking law 3, drunkenness 6, disorderly conduct and drunkenness 1 and suspicion 2.

Five hundred and ninety five tons of garbage were collected and disposed of at the city furnace during February, according to a report submitted by Howard M. Phillips to council yesterday. In addition to this amount 100 loads were disposed of by non-city truckers. Within a few months the garbage disposed of by the city will reach the 750 ton mark. And also hundreds upon hundreds of tin cans will be removed when the trucks proposed brings the equipment up to its full quota.

Among the duties of the city bacteriologist, Dr. W. L. Steen is the testing of water, samples of which are obtained from the New Castle Water Company and privately owned wells and springs. During February he tested 22 samples taken from the New Castle Water company pipes and three samples from wells and springs. He is now busily engaged testing water taken from wells in the vicinity of places where Civil Works administration men are employed.

Annual reports of various departments of the city have been compiled by the heads of the various bureaus and have been submitted to the printer. The reports will be available in the near future. The engineers department netted receipts of $661.20, for 1933. Fees from building permits were lower than the money received for blueprints. The former netted the city $65.50, and blueprints sold for $80.70. Maps of the city brought the city $14.75. The milk license fee netted the city $36.75 while the fines and forfeits of the police department increased the general revenue of the city $5,429.28. Dance permits and licenses brought an additional $505.00. Seven thousand and four hundred and fourteen played golf at the municipal course. The receipts were $1,912.45 and the bureau of plumbing turned over $545.75 to general revenue. Most interesting is the collections on tax and improvement liens by the city solicitor during the year past. The records show he gathered for the city $29,878.53. The treasurer distributed the money as follows: general revenue, $16,169.80, sidewalk, $444.27, sinking fund, $2,461.02, library fund, $641.32 and improvement fund, $14,162.12.

Spring is here. Two persons complained to the police department Sunday that boys were playing baseball in public streets.

Equitable Building & Loan company yesterday presented to city council a request that they be allowed to redeem four lots, inasmuch as taxes and costs of redemption were paid to the city. The city will probably grant the request.

City Assessor Andrew Sands has made a recommendation to council that when it sits as a board of revision exonerations be granted in cases as follows: Aaron Book, student, away at school; Reese Llewelyn, from foreman to laborer; Mary O'Hara, West Falls street, garage has been removed; Charles Callahan, West Fairfield avenue, lot, from $960 to $880 and Adela DuShane heirs, 117 North Mill, property from $1540 to $1490, sunporch used as office.

Stamp Club Hears Ellwood City Man

Ralph Benton Speaks Here On Monday Night—Spencer To Speak

Ralph Benton of Ellwood City, who is president of the Ellwood Stamp Club made the principal address at the meeting of the New Castle Stamp Club Monday night in the Y. M. C. A. President Benton outlined the aims and objectives of the Ellwood organization, which he described as being a combined Junior and Adult club. He expressed a desire to see the former Tri-State Stamp association of which both Ellwood and New Castle were members, functioning once more.

The new Ellwood City postoffice will open soon, Mr. Benton states Possibly April second will be the date. Those who are interested in first day covers should send their cachets soon, at any rate. As a courtesy to local collectors who do not live in Ellwood City he will look after any first day cachets they may wish to entrust to him.

The committee appointed to prepare by-laws consisting of Warren A. Hennon and Louis Casselman reported on their work. Harold Ingram, E. Edward Spencer and William J. Stevenson Jr., were appointed to look after printing.

The next meeting will be held at the Y. M. C. A. on the evening of Monday April 9. At this meeting Edward Spencer will speak on "Precancels."

CRISIS REACHED IN GERMAN DEBT SITUATION

Germany May Join Defaulters

Informally Notifies U. S. It Cannot Meet Payment Due This Week

SHOULD PAY LARGE SUM BEFORE APRIL 1

By KINGSBURY SMITH
International News Service Staff Correspondent
(Copyright, 1934, By International News Service)

WASHINGTON, Mar. 27.—**A crisis has developed in the American governmental debt situation with Germany, it was learned today.**

Germany has notified this government informally it will be unable to meet in full the $50,000,000 due the end of this week on mixed claims and American army of occupation payments.

Unless some arrangement is worked out within the next five days, the United States faces the danger of having Germany join the European debt defaulting nations.

Seek Settlement

Efforts are now being made through diplomatic channels to reach some arrangement whereby Germany can avoid this. Ambassador Hans Luther is calling at the state department almost daily in an effort to effect a satisfactory arrangement.

Indications are that Germany wishes to meet the payment in the same manner as it did a minor installment last September.

At that time, Germany was due to pay approximately $1,600,000 interest on both the mixed claims and army of occupation postponed payments. Instead of making the payment, however, it set aside the amount in the form of marks in the Reichsbank to the credit of the American treasury.

This government could draw on this amount for expenditures in Germany, such as the purchase of German goods, but it could not take the money out of Germany owing to exchange restrictions.

Not Acceptable

American officials are reluctant to agree to any such arrangement in connection with the $50,000,000 due March 31st.

This form of payment is considered contrary to the terms of the mixed claims and army of occupation debt agreement. In fact, officials here consider Germany technically in default on the $1,600,000 payment.

Furthermore, the amount due represents not only interest but principal as well and includes five installments on which Germany has postponed payments since the Hoover moratorium.

Under the terms of the debt agreement with Germany, that nation cannot postpone any more payments on mixed claims obligations. It must either start paying or default unless some new arrangement is made.

Germany, however, has let this government know it will be virtually impossible for it to meet the $50,000,000 payment in dollars, as provided under the terms of the debt agreement. The $50,000,000 represents approximately 127,000,000 marks. Germany's total reserves on March 15 amounted to only 274,000,000 marks, or about twice what it is due to pay this government.

Steel Industry Wage Increase Is Discussed

(International News Service)

PITTSBURGH Mar. 27—"Off-the-record" comment of steel executives in the Pittsburgh area today gave added impetus to reports that the steel industry will increase wages 10 percent effective April 1.

Only one company with offices in the golden triangle refused to deny or confirm the rumor that began sifting through steel circles yesterday. Spokesmen for Jones and Laughlin Steel Corporation said they "know nothing of any change planned in the steel industry's wage scales."

However, at Carnegie Steel, National and Weirton Steel, Pittsburgh Steel and other concerns holding key positions in the steel industry, spokesmen were fluent in "off-the-record" comment predicting the increase which would restore the 1929 wage levels in many places.

CRISIS REACHED IN GERMAN DEBT SITUATION

Germany May Join Defaulters

Informally Notifies U. S. It Cannot Meet Payment Due This Week

SHOULD PAY LARGE SUM BEFORE APRIL 1

By KINGSBURY SMITH
International News Service Staff Correspondent
(Copyright, 1934, By International News Service)

WASHINGTON, Mar. 27.—**A crisis has developed in the American governmental debt situation with Germany, it was learned today.**

Germany has notified this government informally it will be unable to meet in full the $50,000,000 due the end of this week on mixed claims and American army of occupation payments.

Unless some arrangement is worked out within the next five days, the United States faces the danger of having Germany join the European debt defaulting nations.

Seek Settlement

Efforts are now being made through diplomatic channels to reach some arrangement whereby Germany can avoid this. Ambassador Hans Luther is calling at the state department almost daily in an effort to effect a satisfactory arrangement.

Indications are that Germany wishes to meet the payment in the same manner as it did a minor installment last September.

At that time, Germany was due to pay approximately $1,600,000 interest on both the mixed claims and army of occupation postponed payments. Instead of making the payment, however, it set aside the amount in the form of marks in the Reichsbank to the credit of the American treasury.

This government could draw on this amount for expenditures in Germany, such as the purchase of German goods, but it could not take the money out of Germany owing to exchange restrictions.

Not Acceptable

American officials are reluctant to agree to any such arrangement in connection with the $50,000,000 due March 31st.

This form of payment is considered contrary to the terms of the mixed claims and army of occupation debt agreement. In fact, officials here consider Germany technically in default on the $1,600,000 payment.

Furthermore, the amount due represents not only interest but principal as well and includes five installments on which Germany has postponed payments since the Hoover moratorium.

Under the terms of the debt agreement with Germany, that nation cannot postpone any more payments on mixed claims obligations. It must either start paying or default unless some new arrangement is made.

Germany, however, has let this government know it will be virtually impossible for it to meet the $50,000,000 payment in dollars, as provided under the terms of the debt agreement. The $50,000,000 represents approximately 127,000,000 marks. Germany's total reserves on March 15 amounted to only 274,000,000 marks, or about twice what it is due to pay this government.

Steel Industry Wage Increase Is Discussed

(International News Service)

PITTSBURGH Mar. 27—"Off-the-record" comment of steel executives in the Pittsburgh area today gave added impetus to reports that the steel industry will increase wages 10 percent effective April 1.

Only one company with offices in the golden triangle refused to deny or confirm the rumor that began sifting through steel circles yesterday. Spokesmen for Jones and Laughlin Steel Corporation said they "know nothing of any change planned in the steel industry's wage scales."

However, at Carnegie Steel, National and Weirton Steel, Pittsburgh Steel and other concerns holding key positions in the steel industry, spokesmen were fluent in "off-the-record" comment predicting the increase which would restore the 1929 wage levels in many places.

Post Office At Ellwood City To Be Open April 2

Special Ceremony And Program To Be Carried Out At 2 P. M. Next Monday

ELLWOOD CITY, Mar. 27.—Ellwood City's new federal post office will be formally opened at 2 o'clock next Monday afternoon according to an official announcement issued by Burgess Judd C. Turner.

Final authorization for this day, April 2, came from the Post Office department at Washington, D. C., this morning Burgess Turner stated.

A special program and ceremony will be carried out on this occasion in charge of the local Junior Stamp club. Washington has also given its approval for this.

Baracca Class Has Meeting On Monday

ELLWOOD CITY, Mar. 27—The Young Men's Baracca Class of the U. P. Church held its regular monthly business meeting in the church last evening. Teachers and officers for the coming year were elected as follows:

Teacher, Rev. W. E. Minteer: assistant, L. C. Barnhart; president, L. A. Hamill: first vice president, N. N. Steele; second vice president, D. M. McCowan; secretary, W. C. Lersch; assistant, W. L. Badger; and treasurer, A. M Crowe. N. N. Steele presided at the business meeting in the absence of President W. C. Schluster.

The speaker of the evening was the Rev. R. J. Fredericks, D. D. pastor of the Calvary Presbyterian church, New Castle. He brought an inspiring message.

A social time with games and contests was enjoyed later. A luncheon was served later by a committee. The class now numbers 87 and is steadily growing.

Congregation Has Fine Tureen Dinner

ELLWOOD CITY, Mar. 27—A fine meeting and tureen dinner was held by the congregation of the local Methodist Episcopal church last night in the church dining room. Over 150 were present on the occasion.

Following the tureen dinner annual reports were given by Mrs. C. A. Adams, J. I. Porter and Mrs. Ed Spencer. The pastor Rev. R. H. Little delivered an interesting address at this time. Also at this time a plan for raising funds was presented by O. J. Kemp. It was announced that the financial canvass of the church will be soon completed.

FUNERAL SERVICES

ELLWOOD CITY Mar. 27—Funeral services for Canfield Shanor, aged 78 years whose death occurred Friday at the home of his sister, Mrs. O. W. Beighley of the Ellwood-Portersville road, were held Sunday afternoon at 2 o'clock from the Beighley residence. Rev. Charles Smith of the Mountville U. P. church was in charge of the services which were very largely attended.

Mr. Shanor's death occurred quite suddenly while visiting at the home of his sister.

Interment was made in the Middle Lancaster Lutheran cemetery.

39th Anniversary Date Is Honored

ELLWOOD CITY, May 27.—Mr. and Mrs. Clarence White were agreeably surprised Saturday evening when a group of relatives and friends invaded their home at Wurtemburg to help celebrate the occasion of their 39th wedding anniversary. Although completely surprised Mr. and Mrs. White proved to be pleasing hosts entertaining the guests in a hospitalable manner.

The hours were passed pleasantly with cards and music as the diversions and instrumental and vocal selections were contributed by Mrs. Robert Slusher, Mrs. James Majors and Ralph Majors. At an appropriate time those attending partook of a tasty repast.

Sharing the event were: Mr. and Mrs. John Wimer and children Margaret and Fred of New Castle; Mrs. James Wimer and Mr. and Mrs. Norman Wimer and son Jimmy, of Camp Run; Mr. and Mrs. J. W. Majors and son Ralph, Mrs. Campbell Dupont and Mrs. Robert Slusher, all of Canton, O., and Mrs. James Hazen, Mr. and Mrs. H. P. White and sons, Dale and Jimmy Lee, Mr. and Mrs. W. P. Lersch, Mr. and Mrs. Vaughn Whybrew, Mary Emma and Emmerson White, all of this vicinity.

Among the lovely gifts presented to Mr. and Mrs. White was a hand painted tapestry.

Mrs. H. C. Kiesling Honored On Birthday

ELLWOOD CITY, Mar. 27—Mrs. Henry C. Kiesling was delightfully surprised last Saturday evening when immediate members of the family gathered at her home to celebrate her birthday anniversary.

A social time with music, games, and contests occupied the attention of those present. At a later hour a luncheon was served at one table centered with a lovely birthday cake. The guest of honor was presented with a beautiful gift at this time by those present.

Those enjoying the occasion were Mr. and Mrs. Frances Bobb and daughter Marion, Mr. and Mrs. Ferd Kaufman, Mr. and Mrs. Henry Kiesling, Mr. and Mrs. James Cogley, Grace, Geraldine, Eugene and Gladys Kiesling.

Octette Bridge Members Gather

ELLWOOD CITY, Mar. 27—Mrs. Carl Kamperman opened her home on Franklin avenue last night for the pleasure of the members of the Octette Bridge Club.

Those present thoroughly enjoyed the evening around two tables of bridge at the conclusion of which a delicious luncheon was served by the hostess with the assistance of her mother, Mrs. Clark.

In two weeks, Mrs. Clifford McDanel will entertain the club at her home on Sixth street.

CLASS MEETINGS

ELLWOOD CITY Mar. 27—This evening members of the Sunshine and Wide Awake classes of the Hickory Knell Church of God will hold a combined meeting at the home of Frances and Florence Gallaher of the Zelienople road.

Members of the Gleaners class of the Wurtemburg M. E. church will be enterained at their regular meeting at the home of Mrs. Carl Ketterer of Hazel avenue. Mrs. William Clyde will preside.

Dinner-Meet Held By Local Foremen

Over 300 Participate In Special Event At Shelby On Monday Evening

AKRON PROFESSOR PRINCIPAL SPEAKER

ELLWOOD CITY, Mar. 27.—Success in every detail marked the dinner-meeting of the Foremen's club of the local National Tube company in the Shelby auditorium last evening. Over 300, nearly a hundred percent attendance, participated in the occasion.

William R. McLaughlin of the United States Navy department, Vaughn R. DeLong, superintendent of Ellwood City Schools, Prof. J. Ellis Bell, principal of the local high school, and Fred Robuck of The News, were special guests on the occasion.

A splendid dinner was served by Rose Babel and her well trained aides. The varied program was one of the features of the evening. The affair opened with devotions conducted by Rev. C. Z. Bell, D. D. Then there was a period of group singing led by James Croft. A number of selections were given by the Foremen's Glee club under the direction of Mr. Croft. Special solos were rendered by Domenic Mundo and Mr. Croft.

W. Bruce Hunter presided as toastmaster on the occasion and announced the events and speakers. Previous to the principal talk of the evening Mr. McLaughlin rendered a humorous talk which was the cause of much laughter.

A short business meeting was held with President J. E. McDanel presiding. Various reports were heard from club officers at this time. John Brunot announced that arrangements for a plant trip have been completed. G. C. Denniston stated that another conference meeting has been planned for April 9. J. A. Pearson announced that the club's Boy Scout troop has been properly registered and is functioning very nicely.

Both President McDanel and General Superintendent J. W. Offutt expressed their appreciation of the club's fine response to this affair. The latter gave a short talk on quality and service.

Outlines European Situation

Toastmaster Hunter then introduced the principal speaker of the evening, Prof. G. A. C. Hantelman of the University of Akron, at Akron, O. Prof. Hantelman's subject was "How the European Situation Affects America". He touched on how it affected our industry, but dwelt mostly on international politics, intrigue, and diplomacy. He freely discussed the Facism, Nazi, and Communistic movements. He told of the international debt situation, and how France who is unwilling to meet her obligations to America has granted one large loan to Czechoslovakia and two to Austria.

Prof. Hantelman stated that we are facing an unparalled world period of unrest, uncertainity, and indecision. He told of the new balance of power in Europe and of the various treaties and alliances that threaten the peace of the world. He talked on the questionable stand of Japan at the present time. The speaker warned his hearers that if they thought that the Russian experiment was a failure, they were badly misinformed. He stated that they are an alert and organized people and seem to be working to some definite end.

In closing Prof. Hantelman urged that a careful study be made of European politics so that America will be prepared to act accordingly. He warned the assemblage to never have faith in European honesty and decency. And as an example he told of the naval disarmament conference.

Mr. Hantelman is professor of Economics at the university.

Crucial Game At Shelby Tonight

Ellwood High Passers And Shelby Champs To Battle For City Title

ELLWOOD CITY, Mar. 27.— The long awaited sport event which local fans have eagerly hoped for will finally come off tonight when the Ellwoodians alias the Ellwood City High passers, will meet the crack Finishing No. 1 team, champions of the Shelby Inter-department basketball league, for the city title at the Shelby Auditorium.

One of the finest basketball games of the year is in prospect for tonight when the two fast stepping teams clash this evening at 8:30. The only basis of comparison of the two teams places them on a par Both have defeated the Faculty High passers in close games. The Shelby Champs will have to be in top form if they are to take the measure of the Ellwoodians tonight. The latter have been setting a dizzy pace in independent basketball in the district. They hold victories over such teams as St. Mary's of Beaver Falls, the Wampum Merchants, Frisco Merchants, the Busy Bees, and the St. Monicas. They have won eight consecutive games.

Dewey Cunningham, manager of the Shelby Champs, realized that his team will be on the spot tonight, and has wasted no time in getting the players in form. It is expected to be a real game from beginning to end.

A first class preliminary will be played at 7:30. The Cold Draw, winners of the second half in the Shelby League and runner-up to the Finishing No. 1 will meet the local Faculty passers. This will be a real game as the local Faculty team is composed of ex-College stars. Its roster consists of such well known players. Todd Lloyd, Ganzy Benedict, John King, Mike Ferrare, Harold Caplan, Earnest Kensley, Howard Gills, and Owen Montgomery.

The probable line-up for the championship game is as follows:

Post Office At Ellwood City To Be Open April 2

Special Ceremony And Program To Be Carried Out At 2 P. M. Next Monday

ELLWOOD CITY, Mar. 27.—Ellwood City's new federal post office will be formally opened at 2 o'clock next Monday afternoon according to an official announcement issued by Burgess Judd C. Turner.

Final authorization for this day, April 2, came from the Post Office department at Washington, D. C., this morning Burgess Turner stated.

A special program and ceremony will be carried out on this occasion in charge of the local Junior Stamp club. Washington has also given its approval for this.

Baracca Class Has Meeting On Monday

ELLWOOD CITY, Mar. 27—The Young Men's Baracca Class of the U. P. Church held its regular monthly business meeting in the church last evening. Teachers and officers for the coming year were elected as follows:

Teacher, Rev. W. E. Minteer: assistant, L. C. Barnhart; president, L. A. Hamill: first vice president, N. N. Steele; second vice president, D. M. McCowan; secretary, W. C. Lersch; assistant, W. L. Badger; and treasurer, A. M Crowe. N. N. Steele presided at the business meeting in the absence of President W. C. Schluster.

The speaker of the evening was the Rev. R. J. Fredericks, D. D. pastor of the Calvary Presbyterian church, New Castle. He brought an inspiring message.

A social time with games and contests was enjoyed later. A luncheon was served later by a committee. The class now numbers 87 and is steadily growing.

Congregation Has Fine Tureen Dinner

ELLWOOD CITY, Mar. 27—A fine meeting and tureen dinner was held by the congregation of the local Methodist Episcopal church last night in the church dining room. Over 150 were present on the occasion.

Following the tureen dinner annual reports were given by Mrs. C. A. Adams, J. I. Porter and Mrs. Ed Spencer. The pastor Rev. R. H. Little delivered an interesting address at this time. Also at this time a plan for raising funds was presented by O. J. Kemp. It was announced that the financial canvass of the church will be soon completed.

FUNERAL SERVICES

ELLWOOD CITY Mar. 27—Funeral services for Canfield Shanor, aged 78 years whose death occurred Friday at the home of his sister, Mrs. O. W. Beighley of the Ellwood-Portersville road, were held Sunday afternoon at 2 o'clock from the Beighley residence. Rev. Charles Smith of the Mountville U. P. church was in charge of the services which were very largely attended.

Mr. Shanor's death occurred quite suddenly while visiting at the home of his sister.

Interment was made in the Middle Lancaster Lutheran cemetery.

39th Anniversary Date Is Honored

ELLWOOD CITY, May 27.—Mr. and Mrs. Clarence White were agreeably surprised Saturday evening when a group of relatives and friends invaded their home at Wurtemburg to help celebrate the occasion of their 39th wedding anniversary. Although completely surprised Mr. and Mrs. White proved to be pleasing hosts entertaining the guests in a hospitalable manner.

The hours were passed pleasantly with cards and music as the diversions and instrumental and vocal selections were contributed by Mrs. Robert Slusher, Mrs. James Majors and Ralph Majors. At an appropriate time those attending partook of a tasty repast.

Sharing the event were: Mr. and Mrs. John Wimer and children Margaret and Fred of New Castle; Mrs. James Wimer and Mr. and Mrs. Norman Wimer and son Jimmy, of Camp Run; Mr. and Mrs. J. W. Majors and son Ralph, Mrs. Campbell Dupont and Mrs. Robert Slusher, all of Canton, O., and Mrs. James Hazen, Mr. and Mrs. H. P. White and sons, Dale and Jimmy Lee, Mr. and Mrs. W. P. Lersch, Mr. and Mrs. Vaughn Whybrew, Mary Emma and Emmerson White, all of this vicinity.

Among the lovely gifts presented to Mr. and Mrs. White was a hand painted tapestry.

Mrs. H. C. Kiesling Honored On Birthday

ELLWOOD CITY, Mar. 27—Mrs. Henry C. Kiesling was delightfully surprised last Saturday evening when immediate members of the family gathered at her home to celebrate her birthday anniversary.

A social time with music, games, and contests occupied the attention of those present. At a later hour a luncheon was served at one table centered with a lovely birthday cake. The guest of honor was presented with a beautiful gift at this time by those present.

Those enjoying the occasion were Mr. and Mrs. Frances Bobb and daughter Marion, Mr. and Mrs. Ferd Kaufman, Mr. and Mrs. Henry Kiesling, Mr. and Mrs. James Cogley, Grace, Geraldine, Eugene and Gladys Kiesling.

Octette Bridge Members Gather

ELLWOOD CITY, Mar. 27—Mrs. Carl Kamperman opened her home on Franklin avenue last night for the pleasure of the members of the Octette Bridge Club.

Those present thoroughly enjoyed the evening around two tables of bridge at the conclusion of which a delicious luncheon was served by the hostess with the assistance of her mother, Mrs. Clark.

In two weeks, Mrs. Clifford McDanel will entertain the club at her home on Sixth street.

CLASS MEETINGS

ELLWOOD CITY Mar. 27—This evening members of the Sunshine and Wide Awake classes of the Hickory Knell Church of God will hold a combined meeting at the home of Frances and Florence Gallaher of the Zelienople road.

Members of the Gleaners class of the Wurtemburg M. E. church will be enterained at their regular meeting at the home of Mrs. Carl Ketterer of Hazel avenue. Mrs. William Clyde will preside.

Miss Mildred Warren will open her home at New Brighton the same evening to members of the Excelsior class of the Providence Baptist church at North Sewickley when they assemble for the regular March meeting.

Easter Services At Wurtemburg

ELLWOOD CITY, Mar. 27—The pre-Easter services being held each evening this week except Saturday at the Wurtemburg United Presbyterian church are being well attended. Excellent speaker have been secured for each meeting and the messages being delivered, are most impressive and worthwhile.

The services last evening were in charge of Rev. S. L. Louden, D. D. of the Mars United Presbyterian church. A feature of the evening was a duet, Give Thanks to God, contributed by W. L. Timblim and Earl Timblim.

The speaker this evening will be Rev. J. Ralph Neale, D. D., of the New Wilmington U. P. church. On Wednesday evening, Rev. George Neill of Bethel: Thursday evening, Rev. J. A. King of Ellwood and Friday evening Rev. Charles Bell of Ellwood. Rev. J. E. Caughey is pastor of the congregation.

Boys Organize Fellowship Club

ELLWOOD CITY, Mar. 27—A number of local boys have organized a fellowship club which will meet monthly at the various homes of the members. Each member will be permitted to bring one guest to each meeting.

The hours will be spent socially with games, dancing and refreshments featured.

Charter members are: Paul Wallis, Emil Javorik, Russel Galvin, John Mehan, Clayton Houk, Raymond Wallis, Floyd Stillwagon, Lemoyne French, Wayne McDonald and Alex Horton.

Dinner-Meet Held By Local Foremen

Over 300 Participate In Special Event At Shelby On Monday Evening

AKRON PROFESSOR PRINCIPAL SPEAKER

ELLWOOD CITY, Mar. 27.—Success in every detail marked the dinner-meeting of the Foremen's club of the local National Tube company in the Shelby auditorium last evening. Over 300, nearly a hundred percent attendance, participated in the occasion.

William R. McLaughlin of the United States Navy department, Vaughn R. DeLong, superintendent of Ellwood City Schools, Prof. J. Ellis Bell, principal of the local high school, and Fred Robuck of The News, were special guests on the occasion.

A splendid dinner was served by Rose Babel and her well trained aides. The varied program was one of the features of the evening. The affair opened with devotions conducted by Rev. C. Z. Bell, D. D. Then there was a period of group singing led by James Croft. A number of selections were given by the Foremen's Glee club under the direction of Mr. Croft. Special solos were rendered by Domenic Mundo and Mr. Croft.

W. Bruce Hunter presided as toastmaster on the occasion and announced the events and speakers. Previous to the principal talk of the evening Mr. McLaughlin rendered a humorous talk which was the cause of much laughter.

A short business meeting was held with President J. E. McDanel presiding. Various reports were heard from club officers at this time. John Brunot announced that arrangements for a plant trip have been completed. G. C. Denniston stated that another conference meeting has been planned for April 9. J. A. Pearson announced that the club's Boy Scout troop has been properly registered and is functioning very nicely.

Both President McDanel and General Superintendent J. W. Offutt expressed their appreciation of the club's fine response to this affair. The latter gave a short talk on quality and service.

Outlines European Situation

Toastmaster Hunter then introduced the principal speaker of the evening, Prof. G. A. C. Hantelman of the University of Akron, at Akron, O. Prof. Hantelman's subject was "How the European Situation Affects America". He touched on how it affected our industry, but dwelt mostly on international politics, intrigue, and diplomacy. He freely discussed the Facism, Nazi, and Communistic movements. He told of the international debt situation, and how France who is unwilling to meet her obligations to America has granted one large loan to Czechoslovakia and two to Austria.

Prof. Hantelman stated that we are facing an unparalled world period of unrest, uncertainity, and indecision. He told of the new balance of power in Europe and of the various treaties and alliances that threaten the peace of the world. He talked on the questionable stand of Japan at the present time. The speaker warned his hearers that if they thought that the Russian experiment was a failure, they were badly misinformed. He stated that they are an alert and organized people and seem to be working to some definite end.

In closing Prof. Hantelman urged that a careful study be made of European politics so that America will be prepared to act accordingly. He warned the assemblage to never have faith in European honesty and decency. And as an example he told of the naval disarmament conference.

Mr. Hantelman is professor of Economics at the university.

POLA NEGRI TO WED M'CORMICK?

Intimate friends assert that the old romance of Pola Negri, movie actress and former wife of Prince Serge Mdivani, and Harold F. McCormick, Chicago millionaire, is blossoming again. The actress, shown above with McCormick, is said to have declared that on her next appearance in Hollywood, which she intends to make shortly, she will be the wife of the millionaire, former husband of the late Edith Rockefeller McCormick and Ganna Walska.

Two Automobiles Reported Stolen

Police Watching For Truck Stolen From Warren, Ohio

Several automobiles and a truck were reported stolen last night according to city police reports. The truck was stolen from Warren, O., and contained five barrels of brass and copper. It was an International truck. The two cars were stolen here.

Chrysler roadster, Ohio license 880-899, was reported stolen by John Apple, 941 Adams street, this city. It was stolen from near the New Castle hospital.

The Auburn roadster, with Pennsylvania license 3335M, owned by W. G. Farrell, 308 Sheridan avenue, also was stolen from near the New Castle hospital.

Charles Van Dyke, 821 Ninth street, Beaver Falls, reported the state highway truck he operated, was rifled here of a steel tape and report books. It was parked in South Mercer street.

Two Injured In Highway Accident

When an automobile enroute along the Perry highway, south of Harlansburg, enroute to Ohio got off the road and hit an ash pile last night two men, father and son were injured. They were brought to the office of a local physician by Louis Hunt of Harlansburg after which they resumed their journey. One of the men had a severe laceration of the forehead. The men were enroute from New York to Hudson, O.

Crucial Game At Shelby Tonight

Ellwood High Passers And Shelby Champs To Battle For City Title

ELLWOOD CITY, Mar. 27.— The long awaited sport event which local fans have eagerly hoped for will finally come off tonight when the Ellwoodians alias the Ellwood City High passers, will meet the crack Finishing No. 1 team, champions of the Shelby Inter-department basketball league, for the city title at the Shelby Auditorium.

One of the finest basketball games of the year is in prospect for tonight when the two fast stepping teams clash this evening at 8:30. The only basis of comparison of the two teams places them on a par Both have defeated the Faculty High passers in close games. The Shelby Champs will have to be in top form if they are to take the measure of the Ellwoodians tonight. The latter have been setting a dizzy pace in independent basketball in the district. They hold victories over such teams as St. Mary's of Beaver Falls, the Wampum Merchants, Frisco Merchants, the Busy Bees, and the St. Monicas. They have won eight consecutive games.

Dewey Cunningham, manager of the Shelby Champs, realized that his team will be on the spot tonight, and has wasted no time in getting the players in form. It is expected to be a real game from beginning to end.

A first class preliminary will be played at 7:30. The Cold Draw, winners of the second half in the Shelby League and runner-up to the Finishing No. 1 will meet the local Faculty passers. This will be a real game as the local Faculty team is composed of ex-College stars. Its roster consists of such well known players, Todd Lloyd, Ganzy Benedict, John King, Mike Ferrare, Harold Caplan, Earnest Hensley, Howard Gills, and Owen Montgomery.

The probable line-up for the championship game is as follows:

Finishing No. 1.		Ellwoodians.
Barnes	F.	Robuck
Cavalier	F.	Latiano
Ursu	C.	Lamenzo
Justine	G.	Bunny
Zeigler	G.	McFadden

New Cases Of Contagion Here

Injured When He Steps On Grating

J. W. Donaldson, 420 Park Avenue stepped upon an iron grating in South Mill street yesterday and it gave way, according to a police report. His left knee was injured. Police placed a warning light on the grating following the accident.

TWO POLICEMEN ILL

George Wyman and Harry Flinner, city policemen are reported on the sick list. The former is reported to be quite ill.

WAMPUM

CHURCH ACTIVITIES

The pre-Easter services at the Presbyterian church will continue Thursday and Friday night of this week. No midweek service on Wednesday. Thursday at 7:45 p. m. Rev. Willis of New Galilee will have charge. Rev. J. G. Bingham will preach at New Galilee at same time. Friday at 7:45 p. m. the pastor will conduct the service. Rev. J. G. Bingham.

BAD SIDEWALKS

The sidewalks in some places on Beaver street are certainly a black eye to the rest of the streets.

Pedestrians will soon have to walk on road if they want to keep mud from their shoes. Vehicles driving in over the sidewalks during the soft spell carried mud and deposied it on same, and there it is allowed to stay or wear away.

EASTER SERVICE

The Christian Endeavor society of the Presbyterian church will conduct the customary Easter prayer service at 7:00 a. m. Sunday. Everybody is welcome.

Dispute Over Estate Heard At Pittsburgh

Supreme Court Hears Arguments In McLaughlin Case From This County

ESTATE LEFT BY DECEASED SOLDIER

(International News Service)

PITTSBURGH, Mar. 27.—Half-sisters and the half-brother of Edward R. McLaughlin, who was killed in France during the World War, have prior claim to $4,344 War Risk Insurance placed in the hands of Shuby E. Triplet, of New Castle, as administrator of the deceased's estate, counsel for the veteran's half-kin argued before the State Supreme Court Monday.

Triplet's stewardship, approved by the Lawrence county register of Wills, was revoked in April, 1933, on the petition of Edna Golden, Ethel Mills, and Helen, Viola and William McLaughlin, the children of John Wilbert McLaughlin and his second wife, Alice Stillings McLaughlin.

Swift voiding of the revocation followed when Harold L. McLaughlin, of Struthers, O., full brother of the deceased, won his appeal before the judges of Orphans' Court of Lawrence County. The court held that neither Edna Golden nor her sisters or brother had any inheritable blood from Edward R. McLaughlin.

J. Elder Bryan, attorney for the protesting children of the second marriage, argued that although the full brother had the right to renounce, he had not the right to ask that letters of administration he issued to a "stranger" until his clients' interests had been considered. Triplet, he stated, had no interest in the estates either as a debtor or next of kin.

McLaughlin, the father, and Cordelia, his first wife, separated in 1898. Subsequently, on January 15, 1900, McLaughlin married Alice Stillings, at Youngstown, O. It was from this union, questioned by the court, that the appellants were born.

McLaughlin's first wife, mother of the deceased soldier, lived until 1915. She died at New Castle. From the time of separation until her death, there was no evidence of a divorce having been procured.

It was upon this question of birthright that the lower court held the half-kin had no inheritable blood from the child of the first marriage.

Bryan argued in summing up his case on appeal that the law provides that the question of legality of birthright shall not be raised after the death of the first and lawful wife.

He offered as proof of the marriage bond existing between the elder McLaughlin, now dead, and his second wife, the father's repeated statement that "now we are man and wife." McLaughlin, it was testified at the trial, stated this on two occasions after he and his second wife had reunited after brief separations.

Clyde V. Ailey, counsel for the appellee, was not called by the Supreme Court to present his side of the case.

New Hazing Rules Are Promulgated

(International News Service)

PHILADELPHIA, Mar. 27.—Climbing telegraph poles, walking barefooted over lonely country roads and mock "panhandling" are among the initiation stunts officially tabooed in a new antihazing decree handed down by University of Pennsylvania authorities.

The recent injury of a student during a fraternity hazing resulted in the new order which compels all Greek letter societies on the campus to confine their initiations to the well-known ice-water bath and other such comparatively harmless pastimes.

SHERIFF SENDS BILL TO CITY

Sheriff Pritchard today submitted a bill for $280.00, to city council when the body met Monday in city hall. The sum requested represented the charge for caring for city prisoners from December 1 to March 1. Council authorized payment.

On Court House Hill

Twenty cases were tried at the session of criminal court just closed, according to District Attorney Mont L. Ailey. Fifteen verdicts of guilty were returned, and five not guilty. The latter verdicts were returned in the following cases: Perry and Victor Lombardo, charged with malicious mischief; C. S. W. Smith, violation of the liquid fuel act; Edward Shaffer, malicious mischief; E. S. Musquin, driving while under the influence of liquor, and Harry Kiddon, assault and battery. The case requiring the most time to try was that of John Moszez for the murder of Rose Balogh. The case of Ray Mattocks, charged with embezzlement of Ellwood City school funds, also required considerable time. Sentence court will be held on next Thursday afternoon, beginning at 9 o'clock. New trials have been asked in several cases, and the defendants will not be sentenced until their motions are disposed of.

In the case of Jake McCracken against the Washington Mutual Fire Insurance company, involving the payment of a fire loss amounting to $1200, defendants have presented a petition for an interpleader to include Jacob and Charles McCracken, as party defendants pending a disposition of the case. The insurance company also asks the privilege of paying the money into court until the case is finally adjudicated. It seems that under the will of the late John McCracken of Scott township, Jacob McCracken was given the property in which the fire occurred in fee, while Charles McCracken, a brother was given a life estate in the property. A question has arisen as to whether the insurance company is to replace the damage done by the fire, or pay a lump sum in settlement of the damage. In order that the interests of both Jake and Charles McCracken may be adjusted in an equitable manner a hearing will be necessary.

Thirty-seven instruments of all kinds were recorded at the office of register and recorder, William R. Hanna last week. In the list was fifteen deeds and thirteen mortgages. Eight of the mortgages, amounting to a total of $16,800 were to the Baltimore Land Bank. This is an unusually large number of mortgages to the land bank in a week. The mortgages cover farm property, and indicate that farmers are taking advantage of the opportunity to re-finance their loans through the land bank. Three of the mortgages, totaling $6,300 were given to individuals and two, totaling $7,100 were given to building and loans. According to attorneys, the mortgage situation is getting some better, but there are very few loans being made. Real estate transactions and building activities are being held up through difficulties in getting mortgage money. It is believed that all the mechanics in New Castle would be employed on new construction, re-modeling and repair work, if some agency were set up whereby persons with perfectly good security could secure the necessary cash.

No use going to Niagara Falls to hear the roar of the cataract. You could get all the effects at the court house during the rain yesterday when a torrent from a broken waterspout thundered down on a tin roof inclosing the "Bridge of Sighs," which is the passage way built along the south side of the building from the library to court room No. 2. The water spout leads from the south side of the main roof over the tin roof and there was a break near the eaves. From the library it sounded exactly like the roar of Niagara Falls.

Paul Tilia, who was recently appointed Constable of Wayne township to take the place of Charles Brown, resigned, presented his bond to court and was sworn in by Prothonotary Ralph M. Campbell yesterday.

The Phillips Ribbon and Carbon Company has filed a suit at the prothonotary's office against R. J. Horner to collect a balance of $544.63, alleged to be due on an account.

Flashes From Our Night Schools

As an Easter program, the dramatic class of the North street night school will present a musicale and play on Wednesday and Thursday nights of this week, which promises to be unique.

The first part of the program will be a one-act mystery-drama, "Heirs at Law", while the second part calls for a musical extravaganza, the original production of Howard Wylie, instructor of music and dramatics in the night school.

The cast for the play, "Heirs at Law" is as follows:

Richard Doane—David Dicks.
Leebert Lloyd—John Soloman.
Meta, the maid—Viola Maxwell.
General Doane—Everett McClaren.
Mrs. Rockwood—Violet Schuler.
Phoebe Rockwood—Gladys Pape.
Gertrude Rockwood—Dorothy Jenkins.
Trixie Fleurette—Virginia Bowman.

In the musical extravaganza, entitled "Halls of Chi Omega," the students will present the following songs and skits:

Dreaming—Glee club.
Reading—Mrs. Lucy Pettitt.
Calvary, an Easter number—Mrs. Verna Gibson.
"Sweet Mystery of Life," whistling novelty—Doris Lord.
"Friend O' Mine" and "Sylvia"—Jim Martin.
"The Pirates' Song" and "Kentucky Babe"—Glee club.

William Holliday will preside at the piano and will render several special numbers during the program. At the conclusion of the program, the audience, following the custom of the English play-goers, will sing "America".

This mixed revue will be presented to the public without charge. On Wednesday evening, at 8:15, the North street students will attend in a body, and on Thursday evening, the Lincoln and Garfield students and sewing classes will be guests.

One of the interesting projects being carried out at North street is the editing of a school newspaper. This project is under the supervision of Mrs. McClain's class in English composition and journalism, which meets every evening at 7 o'clock. The sheet will be called "The North Street Crier," and the election of the editorial staff will take place in the near future.

The public speaking class taught by Tom Cronney, is preparing for a debate to be presented in the near future. The subject chosen is "Resolved, that bachelors should be taxed."

Dispute Over Estate Heard At Pittsburgh

Supreme Court Hears Arguments In McLaughlin Case From This County

ESTATE LEFT BY DECEASED SOLDIER

(International News Service)

PITTSBURGH, Mar. 27.—Half-sisters and the half-brother of Edward R. McLaughlin, who was killed in France during the World War, have prior claim to $4,344 War Risk insurance placed in the hands of Shuby E. Triplet, of New Castle, as administrator of the deceased's estate, counsel for the veteran's half-kin argued before the State Supreme Court Monday.

Triplet's stewardship, approved by the Lawrence county register of Wills, was revoked in April, 1933, on the petition of Edna Golden, Ethel Mills, and Helen, Viola and William McLaughlin, the children of John Wilbert McLaughlin and his second wife, Alice Stillings McLaughlin.

Swift voiding of the revocation followed when Harold L. McLaughlin, of Struthers, O., full brother of the deceased, won his appeal before the judges of Orphans' Court of Lawrence County. The court held that neither Edna Golden nor her sisters or brother had any inheritable blood from Edward R. McLaughlin.

J. Elder Bryan, attorney for the protesting children of the second marriage, argued that although the full brother had the right to renounce, he had not the right to ask that letters of administration be issued to a "stranger" until his clients' interests had been considered. Triplet, he stated, had no interest in the estates either as a debtor or next of kin.

McLaughlin, the father, and Cordelia, his first wife, separated in 1898. Subsequently, on January 15, 1900, McLaughlin married Alice Stillings, at Youngstown, O. It was from this union, questioned by the court, that the appellants were born.

McLaughlin's first wife, mother of the deceased soldier, lived until 1915. She died at New Castle. From the time of separation until her death, there was no evidence of a divorce having been procured.

It was upon this question of birthright that the lower court held the half-kin had no inheritable blood from the child of the first marriage.

Bryan argued in summing up his case on appeal that the law provides that the question of legality of birthright shall not be raised after the death of the first and lawful wife.

He offered as proof of the marriage bond existing between the elder McLaughlin, now dead, and his second wife, the father's repeated statement that "now we are man and wife." McLaughlin, it was testified at the trial, stated this on two occasions after he and his second wife had reunited after brief separations.

Clyde V. Ailey, counsel for the appellee, was not called by the Supreme Court to present his side of the case.

New Hazing Rules Are Promulgated

(International News Service)

PHILADELPHIA, Mar. 27.—Climbing telegraph poles, walking barefooted over lonely country roads and mock "panhandling" are among the initiation stunts officially tabooed in a new antihazing decree handed down by University of Pennsylvania authorities.

The recent injury of a student during a fraternity hazing resulted in the new order which compels all Greek letter societies of the campus to confine their initiations to the well-known ice-water bath and other such comparatively harmless pastimes.

SHERIFF SENDS BILL TO CITY

Sheriff Pritchard today submitted a bill for $280.00, to city council when the body met Monday in city hall. The sum requested represented the charge for caring for city prisoners from December 1 to March 1. Council authorized payment.

On Court House Hill

Twenty cases were tried at the session of criminal court just closed, according to District Attorney Mont L. Ailey. Fifteen verdicts of guilty were returned, and five not guilty. The latter verdicts were returned in the following cases: Perry and Victor Lombardo charged with malicious mischief; W. S. Smith, violation of the liquid fuel act; Edward Shaffer, malicious mischief; E. S. Musquire, driving while under the influence of liquor, and Harry Kiddon, assault and battery. The case requiring the most time to try was that of John Moszez for the murder of Rose Balogh. The case of Ray Mattocks, charged with embezzlement of Ellwood City school funds, also required considerable time. Sentence court will be held on next Thursday afternoon, beginning at 9 o'clock. New trials have been asked in several cases, and the defendants will not be sentenced until their motions are disposed of.

In the case of Jake McCracken against the Washington Mutual Fire Insurance company, involving the payment of a fire loss amounting to $1200, defendants have presented a petition for an interpleader to include Jacob and Charles McCracken, as party defendants pending a disposition of the case. The insurance company also asks the privilege of paying the money into court until the case is finally adjudicated. It seems that under the will of the late John McCracken of Scott township, Jacob McCracken was given the property in which the fire occurred in fee, while Charles McCracken, a brother was given a life estate in the property. A question has arisen as to whether the insurance company is to replace the damage done by the fire, or pay a lump sum in settlement of the damage. In order that the interests of both Jake and Charles McCracken may be adjusted in an equitable manner a hearing will be necessary.

Thirty-seven instruments of all kinds were recorded at the office of register and recorder, William R. Hanna last week. In the list was fifteen deeds and thirteen mortgages. Eight of the mortgages, amounting to a total of $16,800 were to the Baltimore Land Bank. This is an unusually large number of mortgages to the land bank in a week. The mortgages cover farm property, and indicate that farmers are taking advantage of the opportunity to re-finance their loans through the land bank. Three of the mortgages, totaling $6,300 were given to individuals and two, totaling $7,100 were given to building and loans. According to attorneys the mortgage situation is getting some better, but there are very few loans being made. Real estate transactions and building activities are being held up through difficulties in getting mortgage money. It is believed that all the mechanics in New Castle would be employed on new construction, re-modeling and repair work, if some agency were set up whereby persons with perfectly good security could secure the necessary cash.

No use going to Niagara Falls to hear the roar of the cataract. You could get all the effects at the court house during the rain yesterday when a torrent from a broken waterspout thundered down on a tin roof inclosing the "Bridge of Sighs," which is the passage way built along the south side of the building from the library to court room No. 2. The water spout leads from the south side of the main roof over the tin roof and there was a break near the eaves. From the library it sounded exactly like the roar of Niagara Falls.

Paul Tillia, who was recently appointed Constable of Wayne township to take the place of Charles Brown, resigned, presented his bond to court and was sworn in by Prothonotary Ralph M. Campbell yesterday.

The Phillips Ribbon and Carbon Company has filed a suit at the prothonotary's office against R. J. Horner to collect a balance of $544.63, alleged to be due on an account.

HANNA IS HOME FROM VET HOSPITAL

Carl B. Hanna, former city fireman and world war veteran who has spent the greater part of the last few years in veterans hospitals, has returned from the Heinz General hospital at Chicago, to spend the summer with relatives here.

Mr. Hanna's condition is somewhat improved, but he is still bedfast. He has regained the use of his arms and legs to some extent, but is unable to get about. He has been suffering with arthritis.

GRAB PAYROLL CASH IN HOLDUP AT CAFE

YOUNGSTOWN, O., Mar. 27.—Two bandits escaped with $1,000 after holding up three employes and a customer at the New Deal Inn, beer gardens, today.

The money was in the establishment to cash Republic Steel Corporation pay checks. Mike Vlasic, clerk, and two other employes and a customer were in the place when the bandits walked in, forced all four into the pay booth, and scooped up the cash.

Dispute Over Estate Heard At Pittsburgh

Supreme Court Hears Arguments In McLaughlin Case From This County

ESTATE LEFT BY DECEASED SOLDIER

(International News Service)

PITTSBURGH, Mar. 27.—Half-sisters and the half-brother of Edward R. McLaughlin, who was killed in France during the World War, have prior claim to $4,344 War Risk insurance placed in the hands of Shuby E. Triplet, of New Castle, as administrator of the deceased's estate, counsel for the veteran's half-kin argued before the State Supreme Court Monday.

Triplet's stewardship, approved by the Lawrence county register of Wills, was revoked in April, 1933, on the petition of Edna Golden, Ethel Mills, and Helen, Viola and William McLaughlin, the children of John Wilbert McLaughlin and his second wife, Alice Stillings McLaughlin.

Swift voiding of the revocation followed when Harold L. McLaughlin, of Struthers, O., full brother of the deceased, won his appeal before the judges of Orphans' Court of Lawrence County. The court held that neither Edna Golden nor her sisters or brother had any inheritable blood from Edward R. McLaughlin.

J. Elder Bryan, attorney for the protesting children of the second marriage, argued that although the full brother had the right to renounce, he had not the right to ask that letters of administration be issued to a "stranger" until his clients' interests had been considered. Triplet, he stated, had no interest in the estates either as a debtor or next of kin.

McLaughlin, the father, and Cordelia, his first wife, separated in 1898. Subsequently, on January 15, 1900, McLaughlin married Alice Stillings, at Youngstown, O. It was from this union, questioned by the court, that the appellants were born.

McLaughlin's first wife, mother of the deceased soldier, lived until 1915. She died at New Castle. From the time of separation until her death, there was no evidence of a divorce having been procured.

It was upon this question of birthright that the lower court held the half-kin had no inheritable blood from the child of the first marriage.

Bryan argued in summing up his case on appeal that the law provides that the question of legality of birthright shall not be raised after the death of the first and lawful wife.

He offered as proof of the marriage bond existing between the elder McLaughlin, now dead, and his second wife, the father's repeated statement that "now we are man and wife." McLaughlin, it was testified at the trial, stated this on two occasions after he and his second wife had reunited after brief separations.

Clyde V. Ailey, counsel for the appellee, was not called by the Supreme Court to present his side of the case.

New Hazing Rules Are Promulgated

(International News Service)

PHILADELPHIA, Mar. 27.—Climbing telegraph poles, walking barefooted over lonely country roads and mock "panhandling" are among the initiation stunts officially tabooed in a new antihazing decree handed down by University of Pennsylvania authorities.

The recent injury of a student during a fraternity hazing resulted in the new order which compels all Greek letter societies on the campus to confine their initiations to the well-known ice-water bath and other such comparatively harmless pastimes.

SHERIFF SENDS BILL TO CITY

Sheriff Pritchard today submitted a bill for $280.00, to city council when the body met Monday in city hall. The sum requested represented the charge for caring for city prisoners from December 1 to March 1. Council authorized payment.

On Court House Hill

Twenty cases were tried at the session of criminal court just closed, according to District Attorney Mont L. Ailey. Fifteen verdicts of guilty were returned, and five not guilty. The latter verdicts were returned in the following cases: Perry and Victor Lombardo charged with malicious mischief; W. S. W. Smith, violation of the liquid fuel act; Edward Shaffer, malicious mischief; E. S. Musquire, driving while under the influence of liquor, and Harry Kiddon, assault and battery. The case requiring the most time to try was that of John Moszez for the murder of Rose Balogh. The case of Ray Mattocks, charged with embezzlement of Ellwood City school funds, also required considerable time. Sentence court will be held on next Thursday afternoon, beginning at 9 o'clock. New trials have been asked in several cases, and the defendants will not be sentenced until their motions are disposed of.

In the case of Jake McCracken against the Washington Mutual Fire Insurance company, involving the payment of a fire loss amounting to $1200, defendants have presented a petition for an interpleader to include Jacob and Charles McCracken, as party defendants pending a disposition of the case. The insurance company also asks the privilege of paying the money into court until the case is finally adjudicated. It seems that under the will of the late John McCracken of Scott township, Jacob McCracken was given the property in which the fire occurred in fee, while Charles McCracken, a brother was given a life estate in the property. A question has arisen as to whether the insurance company is to replace the damage done by the fire, or pay a lump sum in settlement of the damage. In order that the interests of both Jake and Charles McCracken may be adjusted in an equitable manner a hearing will be necessary.

Thirty-seven instruments of all kinds were recorded at the office of register and recorder, William R. Hanna last week. In the list was fifteen deeds and thirteen mortgages. Eight of the mortgages, amounting to a total of $16,800 were to the Baltimore Land Bank. This is an unusually large number of mortgages to the land bank in a week. The mortgages cover farm property, and indicate that farmers are taking advantage of the opportunity to re-finance their loans through the land bank. Three of the mortgages, totaling $6,300 were given to individuals and two, totaling $7,100 were given to building and loans. According to attorneys the mortgage situation is getting some better, but there are very few loans being made. Real estate transactions and bulding activities are being held up through difficulties in getting mortgage money. It is believed that all the mechanics in New Castle would be employed on new construction, re-modeling and repair work, if some agency were set up whereby persons with perfectly good security could secure the necessary cash.

No use going to Niagara Falls to hear the roar of the cataract. You could get all the effects at the court house during the rain yesterday when a torrent from a broken water-spout thundered down on a tin roof inclosing the "Bridge of Sighs," which is the passage way built along the south side of the building from the library to court room No. 2. The water spout leads from the south side of the main roof over the tin roof and there was a break near the eaves. From the library it sounded exactly like the roar of Niagara Falls.

Paul Tillia, who was recently appointed Constable of Wayne township to take the place of Charles Brown, resigned, presented his bond to court and was sworn in by Prothonotary Ralph M. Campbell yesterday.

The Phillips Ribbon and Carbon Company has filed a suit at the prothonotary's office against R. J. Horner to collect a balance of $544.63, alleged to be due on an account.

BETTER PRICE FOR LAMBS

(International News Service)

HELENA, Mont., Mar. 27.—Montana sheepman saw promise of better times in the recent purchase of between 9,000 and 10,000 feeder lambs by W. C. McHattie of Helena at 7 cents per pound, two cents above last fall's price. The lambs were contracted for fall delivery to a Billings company.

Flashes From Our Night Schools

As an Easter program, the dramatic class of the North street night school will present a musicale and play on Wednesday and Thursday nights of this week, which promises to be unique.

The first part of the program will be a one-act mystery-drama, "Heirs at Law", while the second part calls for a musical extravaganza, the original production of Howard Wylie, instructor of music and dramatics in the night school.

The cast for the play, "Heirs at Law" is as follows:

Richard Doane—David Dicks.
Leebert Lloyd—John Soloman.
Meta, the maid—Viola Maxwell.
General Doane—Everett McClaren.
Mrs. Rockwood—Violet Schuler.
Phoebe Rockwood—Gladys Pape.
Gertrude Rockwood—Dorothy Jenkins.
Trixie Fleurette—Virginia Bowman.

In the musical extravaganza, entitled "Halls of Chi Omega," the students will present the following songs and skits:

Dreaming—Glee club.
Reading—Mrs. Lucy Pettitt.
Calvary, an Easter number—Mrs. Verna Gibson.
"Sweet Mystery of Life," whistling novelty—Doris Lord.
"Friend O' Mine" and "Sylvia"—Jim Martin.
"The Pirates' Song" and "Kentucky Babe"—Glee club.

William Holliday will preside at the piano and will render several special numbers during the program. At the conclusion of the program, the audience, following the custom of the English play-goers, will sing "America".

This mixed revue will be presented to the public without charge. On Wednesday evening, at 8:15, the North street students will attend in a body, and on Thursday evening, the Lincoln and Garfield students and sewing classes will be guests.

One of the interesting projects being carried out at North street is the editing of a school newspaper. This project is under the supervision of Mrs. McClain's class in English composition and journalism, which meets every evening at 7 o'clock. The sheet will be called "The North Street Crier," and the election of the editorial staff will take place in the near future.

The public speaking class taught by Tom Crenney, is preparing for a debate to be presented in the near future. The subject chosen is "Resolved, that bachelors should be taxed."

"Bill" Gilbane, New Titan Grid Coach, Is Former Great Athlete

Was All-Around Athlete At Brown University, Captain Of Grid Team In 1932

Brother Tom Gilbane Is Also Great Football Player; May Assist At Westminster

(Special To The News)

NEW WILMINGTON, Pa., Mar. 27.—William Gilbane, new football coach at Westminster college next fall, has a great athletic record in various lines of sport. The Brown university captain and fullback of the 1932 campaign, when Brown lost only the last game of the season to Colgate, excelled in track, wrestling, boxing and baseball, as well as in football.

Gilbane started his athletic career at the Moses Brown school in Providence, R. I., where he was a member of the football team for four years and was captain in his last year; member of the track team for four years; and member of the baseball team.

Captain Of Team.

At Brown he was captain of freshman football, captain of freshman wrestling, and captain of freshman baseball. As a freshman, he was intercollegiate wrestling champion in the 175-pound class. He was a member of the varsity football team for three years; being captain in his senior year; a member of the varsity wrestling team for three years, and intercollegiate champion in the 175-pound class; and a member of the varsity baseball team for three years. He was Brown university boxing champion in the 175-pound and heavyweight classes.

Gilbane was captain of the All-North team which Jock Sutherland of Pitt took to Baltimore in 1932; and was a member of the sophomore, junior and senior honorary societies and a member of the debating team.

Bill was also chosen as fullback on the Associated Press All-Eastern team; and the New York Evening Post, New York World Telegram, New York Sun, and Boston Record All-American team. He was recognized by the All-American Board of Football for outstanding play in 1932.

His brother, Thomas F. Gilbane, who, if his work will permit, plans to be on hand next fall to aid his brother, Bill, in whipping the Westminster team into shape, also has an outstanding athletic record.

Tom started his athletic career at Hope Street high school, Providence, R. I., where he was a member of the football and track teams for four years. He held the Rhode Island interscholastic shot put and discuss records.

All-Round Athlete.

At Brown he was a member of the freshman football, wrestling and track teams; and won the freshman inter-collegiate wrestling championship in the unlimited class. Tom was also a member of the varsity football team for three years, playing guard and tackle during his sophomore year and center during his junior and senior years. He was a member of the varsity track team for three years, and was captain in his senior year.

He held the New England Intercollegiate and the New England A. A. U. 16-pound shot put record, the New England and A. A. U. discus record, was I. C. A. A. A. A. shot put champion in 1933, was a member of the I. C. 4 a track team at Berkley, California, and won the national A. A. U. indoor shot put championship this year.

In addition to these outstanding athletic achievements, Tom was also class treasurer, a member of the sophomore, junior, and senior honorary societies, and a member of the dean's list two years.

Selected Center.

Tom was selected center on the Associated Press All-Eastern team; was chosen center on the All-American teams as chosen by the New York Evening Post, New York World-Telegram, New York Sun, and Boston Post and Record; and was recognized by the All-American Board of Football for outstanding play during the 1932 season.

The brothers were both graduated from Brown in engineering, and are associated with their father in a large building and contracting firm in Providence, R. I. Tom could not accept a coaching position, due to the fact that he is a candidate for the American Olympic track team in 1936, where he hopes to compete in the shot put event. He hopes to visit his brother, Bill, however, who has been elected Westminster coach, and may contribute his service gratis, in helping his brother get the Titan line ready for the season.

Pirates Hope To Be In Flag Race

Addition Of Lucas From Cincinnati Will Bolster Up Pitching Staff

Lavagetto Will Likely Start At Second; Pirates Have Confidence This Year

(International News Service)

PASO ROBLES, Cal., Mar. 27.—One valuable addition to the pitching staff, the weak department of the 1933 team, is expected to make the Pittsburgh Pirates a leading contender again for the National league pennant.

In obtaining "Red" Lucas in an off-season deal with the Cincinnati Reds, Manager George Gibson believes he has bolstered the weakest point on his club. Lucas, with a long string of years of service with the Reds has been a consistent winner on a weak club. With a better hitting club behind him, most of the experts believe that he should be good for 15 victories.

Lavagetto At Second

There probably will be only one new face in the regular lineup when the Pirates open their season against the St. Louis Cardinals. Harry (Cooky) Lavagetto, 19-year-old Italian purchased from the Oakland, Pacific Coast league, club has made a favorable impression in training camp and may become the Bucs regular second baseman.

Tony Piet, who played the keystone position for the Pirates during the early stages of the 1933 season, went to Cincinnati in the Lucas deal. Should Lavagetto fail to live up to expectations, Gibson still has Tommy Thevenow, a veteran.

Lavagetto is the principal rookie of six in the Paso Robles training camp. Others are Lloyd Johnson, southpaw pitcher purchased from the Missions; Cy Blanton, 24-year-old right hander who shattered the Western league strikeout record last season; Art Veltman, catcher drafted from Oakland; Nick Etten, an outfielder-first baseman who brought a .357 batting average from the Mississippi Valley league, and Elmer Trapp, a Pittsburgh semi-pro, who is an infielder.

Waners Hit Better

Camp followers believe that Lloyd Waner, who slumped badly last season, will stage a comeback and give the Pirates three .300 batters in the outfield. Paul Waner never has hit below the .300 mark since becoming a Pirate regular and Freddie Lindstrom belted the ball for a .310 average last season. The utility outfielders will be Woody Jensen and Wally Roettger.

Outside of second base, the infield is set with Gus Suhr at the initial sack; "Pie" Traynor launching his 14th season in the National league, at third base and "Arky" Vaughn, the league's best hitting shortstop, at that position.

There are three veteran catchers in addition to Veltman. Earl Grace remains the first string receiver while Veltman is trying to oust either Hal Finney or Tommy Padden.

Falcons To Play Gerson Quintet

Polish Falcons basketball team will play the fast Gerson quintet tonight at the Polish Falcon hall on Miller avenue, according to an announcement by Marion Kolodjeski, physical director of the Falcons. The game will start at 7:15 o'clock with a fast preliminary game.

Thursday evening the Falcons will play the strong Sacred Hearts, champions of the "Y" league and a good game is looked for, as the city title will be at stake in the Semi-pro class.

REYNOLDS SUMMERS and McCANN

MAKING THE YANKS - By Jack Sords

Best Women Athletes Equal Only To Boys Of Sixteen Or Seventeen Years

From time to time it has been forecast that women eventually will excel men in track events, and this caused one authority to delve into the records to see exactly how our best girl athletes compare with the men.

What he found was that the best women athletes of today, if they hoped to win in competition against men, would have to compete against males not more than 16 or 17 years old.

In the 100-yard dash the fully developed man would have to give the woman a lead of 15 yards to make the finish anywhere nearly even. He would have to give her 38 yards in a 220-yard dash, 77 yards in a 440-yard dash, and 168 yards in the 880-yard run.

These figures, of course, are only approximate. If the handicaps were based upon the world records for the four events mentioned the man could give the woman even longer starts and still come home victorious.

Men running the 220-yard dash always make better time in the last 100 yards than in the first 120. And that would indicate that popular belief that women "stay" better than men is erroneous.

Let us take a look at the records of men and women in the field events. The comparisons given are interesting, especially when it is considered that the records for women in both the high jump and the broad jump have been beaten by high school boys.

Travis Jackson Back At Short

(International News Service)

MIAMI BEACH, Fla., Mar. 27 — The world's champion New York Giants were scheduled to open a two game exhibition series here today with the Buffalo Bisons of the International League, after which they will start their trek northward Manager Bill Terry announced Travis Jackson had replaced Blondie Ryan as the first string.

Guy Bush Will Hurl Full Game

Grimm Thinks Cubs Will Win

Chicago Cubs Manager Is Brimful Of Confidence In Spring Training Camp

KLEIN WILL BE VALUABLE MAN

By ED PRELL
International News Service Sports Writer

AVALON, Calif., Mar. 27.—Publicly Charlie Grimm cannot be prevailed upon to shout to the skies that his Cubs will win the National league championship; privately the genial St. Louis Dutchman will tell everyone within earshot that his club, barring serious accidents, will finish in front.

With all the veteran stars back, plus the addition of Chuck Klein and these highly touted newcomers, the Cubs should be a vastly improved team over the one that was in the pennant fight until the last two weeks in 1933. For public enlightenment, this is as far as Grimm will go:

Cubs Confident

"I am not going to predict where we—or the seven other clubs—will finish. No man can do that, especially in such a well-balanced loop. But we have assembled a strong squad here. If we get the same brand of pitching as last year, with the added strength furnished mainly by Klein, I don't see how we can miss.

"Right now I'm going out on a limb and declare we have the prize rookie of the year in Young Dick Ward, right handed pitcher. I've seen enough in a few days to know that he will be one of our five starting pitchers. We have other new talent that fairly makes my eyes bulge—Augue Galan at second, who reminds me of Tony Lazzeri; Bill Lee, and Babe Phelps, 225-pound catcher from Albany who is going to annoy a lot of pitchers this season."

Grimm In Shape

Grimm might have forgotten, or perhaps it was only modesty on his part, to mention his own return to normal playing condition as another factor for an assured better showing of the Wrigley clan.

It was lack of reserve material that put the Cubs off stride last year. Kiki Cuyler suffered a broken foot during spring training, Grimm had his own troubles, dependable Riggs Stephenson was out much of the time with injuries and there were several other minor physical disturbances.

All this has been corrected. The Cubs have collected excellent reserves. If Grimm bogs down, he has only to signal to Camilli, or even place Babe Herman on the bag, Billy Herman, a holdout who doubtless will come out of hiding before long, and Galan, are available for second base. Woody English and Stan Hack are good enough to play third base regularly on any big league club. If Bill Jurges gets out of kilter, either English or Galan can play short.

Strong Outfield

There are no outfield worries with such performers as Klein, Stephenson, Herman, Cuyler and Stainback.

Gabby Hartnett will have more help back of the plate with Benny Tate, a veteran American leaguer, and Phelps.

Aside from Ward and Lee, the Cubs have another new hurler in Roy Joiner. Ward is assured of taking his regular turn, while Lon Warneke and Guy Bush are others who can't miss. That will throw the veterans, Charlet Root, Pat Malone and Bud Tinning in with such competition as Lee, Joiner and Nelson.

Curtiss High In Nonpariel Shoot

Curtiss was high man in the weekly shoot of the Nonpareil Club, held at the West Side garage. Curtiss, out of a possible 200 had the fine score of 190. Second high was Cifra, with 189, and standing third was Eckles with 188, while Rohrer hugged close behind Eckles for fourth place with 187. Panthers Release 1935 Grid Schedule

(International News Service)

PITTSBURGH, Mar. 27.—Return of Army and Penn State ancient rivals of the Golden Panther, and the addition of Fordham featured the 1935 University of Pittsburgh schedule released here today.

Notre Dame, W. and J., West Virginia, Nebraska and Carnegie Tech also appear on the chart which shows one tentative open date, September 28.

Brother Combination In Cardinal's Camp

The greatest brother combination baseball has ever seen may be in the making in the St. Louis Cardinals, training camp in Bradenton, Fla.

That's saying a lot—for there have been many famous brother combinations and a few really fine ones.

The Dean brothers, Jerome and Paul, however, may each prove a superlative star, in which event the Deans must take ascendancy over the Waners and the Sewalls of current times, the Coveleskies, the Meusels and the other famed family combines of the past.

* * *

Jerome, better known as Dizzy, is the big brother of the Dean boy duo, and has been with the Cardinals for two seasons in which time he has definitely indicated that he is headed for almost certain stardom.

There are a considerable number of baseball experts who freely predict that Dizzy, barring accident or some other unforseen happenstance, has an excellent chance to become one of the mound immortals of the National league.

Younger Paul, getting his first real big league chance this year, has shown enough stuff in minor league competition to indicate that he may prove as good, if not better, than Dizzy.

If both Dean boys enjoy superlative careers in the National league they will be tops in baseball brother combinations because there never has been a pair of big league brothers who were equally great.

The Waner brothers of Pittsburgh, Paul and Lloyd, have been powerful hitters and highly competent outfielders, but neither has exactly won the title "great". And Paul, the elder, has been definitely the best.

The Sewell brothers, Catcher Luke with Washington and Infielder Joe with the Yankees, have been good—but not great—players for more than a decade.

* * *

Among the major league brother combinations of the past the most easily remembered are the Meusel boys, Bob and Emil or Irish. These two gained fame not so much because of the ability they really possessed but because they were on opposite sides during the All-New York world series of 1921-1922-1923.

Bob, who was with the Yankees, was easily the better of the two though Irish, with the Giants, was a harder worker.

A famed pitching combination of the past were the Coveleskies. Stanley Coveleskie, who won the title of the "Dependable Pole" overshadowed brother Harry, however.

"Bill" Gilbane, New Titan Grid Coach, Is Former Great Athlete

Was All-Around Athlete At Brown University, Captain Of Grid Team In 1932

Brother Tom Gilbane Is Also Great Football Player; May Assist At Westminster

(Special To The News)

NEW WILMINGTON, Pa., Mar. 27.—William Gilbane, new football coach at Westminster college next fall, has a great athletic record in various lines of sport. The Brown university captain and fullback of the 1932 campaign, when Brown lost only the last game of the season to Colgate, excelled in track, wrestling, boxing and baseball, as well as in football.

Gilbane started his athletic career at the Moses Brown school in Providence, R. I., where he was a member of the football team for four years and was captain in his last year; member of the track team for four years; and member of the baseball team.

Captain Of Team.

At Brown he was captain of freshman football, captain of freshman wrestling, and captain of freshman baseball. As a freshman, he was intercollegiate wrestling champion in the 175-pound class. He was a member of the varsity football team for three years; being captain in his senior year; a member of the varsity wrestling team for three years, and intercollegiate champion in the 175-pound class; and a member of the varsity baseball team for three years. He was Brown university boxing champion in the 175-pound and heavyweight classes.

Gilbane was captain of the All-North team which Jock Sutherland of Pitt took to Baltimore in 1932; and was a member of the sophomore, junior and senior honorary societies and a member of the debating team.

Bill was also chosen as fullback on the Associated Press All-Eastern team; and the New York Evening Post, New York World Telegram, New York Sun, and Boston Record All-American team. He was recognized by the All-American Board of Football for outstanding play in 1932.

His brother, Thomas F. Gilbane, who, if his work will permit, plans to be on hand next fall to aid his brother, Bill, in whipping the Westminster team into shape, also has an outstanding athletic record.

Tom started his athletic career at Hope Street high school, Providence, R. I., where he was a member of the football and track teams for four years. He held the Rhode Island interscholastic shot put and discuss records.

All-Round Athlete.

At Brown he was a member of the freshman football, wrestling and track teams; and won the freshman inter-collegiate wrestling championship in the unlimited class. Tom was also a member of the varsity football team for three years, playing guard and tackle during his sophomore year and center during his junior and senior years. He was a member of the varsity track team for three years, and was captain in his senior year.

He held the New England Intercollegiate and the New England A. A. U. 16-pound shot put record, the New England and A. A. U. discus record, was I. C. A. A. A. A. shot put champion in 1933, was a member of the I. C. 4 a track team at Berkley, California, and won the national A. A. U. indoor shot put championship this year.

In addition to these outstanding athletic achievements, Tom was also class treasurer, a member of the sophomore, junior, and senior honorary societies, and a member of the dean's list two years.

Selected Center.

Tom was selected center on the Associated Press All-Eastern team; was chosen center on the All-American teams as chosen by the New York Evening Post, New York World-Telegram, New York Sun, and Boston Post and Record; and was recognized by the All-American Board of Football for outstanding play during the 1932 season.

The brothers were both graduated from Brown in engineering, and are associated with their father in a large building and contracting firm in Providence, R. I. Tom could not accept a coaching position, due to the fact that he is a cantidate for the American Olympic track team in 1936, where he hopes to compete in the shot put event. He hopes to visit his brother, Bill, however, who has been elected Westminster coach, and may contribute his service gratis, in helping his brother get the Titan line ready for the season.

Pirates Hope To Be In Flag Race

Addition Of Lucas From Cincinnati Will Bolster Up Pitching Staff

Lavagetto Will Likely Start At Second; Pirates Have Confidence This Year

(International News Service)

PASO ROBLES, Cal., Mar. 27.—One valuable addition to the pitching staff, the weak department of the 1933 team, is expected to make the Pittsburgh Pirates a leading contender again for the National league pennant.

In obtaining "Red" Lucas in an off-season deal with the Cincinnati Reds, Manager George Gibson believes he has bolstered the weakest point on his club. Lucas, with a long string of years of service with the Reds has been a consistent winner on a weak club. With a better hitting club behind him, most of the experts believe that he should be good for 15 victories.

Lavagetto At Second

There probably will be only one new face in the regular lineup when the Pirates open their season against the St. Louis Cardinals. Harry (Cooky) Lavagetto, 19-year-old Italian purchased from the Oakland, Pacific Coast league, club has made a favorable impression in training camp and may become the Bucs regular second baseman.

Tony Piet, who played the keystone position for the Pirates during the early stages of the 1933 season, went to Cincinnati in the Lucas deal. Should Lavagetto fail to live up to expectations, Gibson still has Tommy Thevenow, a veteran.

Lavagetto is the principal rookie of six in the Paso Robles training camp. Others are Lloyd Johnson, southpaw pitcher purchased from the Missions; Cy Blanton, 24-year-old right hander who shattered the Western league strikeout record last season; Art Veltman, catcher drafted from Oakland; Nick Etten, an outfielder-first baseman who brought a .357 batting average from the Mississippi Valley league, and Elmer Trapp, a Pittsburgh semi-pro, who is an infielder.

Waners Hit Better

Camp followers believe that Lloyd Waner, who slumped badly last season, will stage a comeback and give the Pirates three .300 batters in the outfield. Paul Waner never has hit below the .300 mark since becoming a Pirate regular and Freddie Lindstrom belted the ball for a .310 average last season. The utility outfielders will be Woody Jensen and Wally Roettger.

Outside of second base, the infield is set with Gus Suhr at the initial sack; "Pie" Traynor launching his 14th season in the National league, at third base and "Arky" Vaughn, the league's best hitting shortstop, at that position.

There are three veteran catchers in addition to Veltman. Earl Grace remains the first string receiver while Veltman is trying to oust either Hal Finney or Tommy Padden.

Falcons To Play Gerson Quintet

Polish Falcons basketball team will play the fast Gerson quintet tonight at the Polish Falcon hall on Miller avenue, according to an announcement by Marion Kolodjeski, physical director of the Falcons. The game will start at 7:15 o'clock with a fast preliminary game.

Thursday evening the Falcons will play the strong Sacred Hearts, champions of the "Y" league and a good game is looked for, as the city title will be at stake in the Semi-pro class.

REYNOLDS SUMMERS and McCANN

MAKING THE YANKS - By Jack Sords

Best Women Athletes Equal Only To Boys Of Sixteen Or Seventeen Years

From time to time it has been forecast that women eventually will excel men in track events, and this caused one authority to delve into the records to see exactly how our best girl athletes compare with the men.

What he found was that the best women athletes of today, if they hoped to win in competition against men, would have to compete against males not more than 16 or 17 years old.

In the 100-yard dash the fully developed man would have to give the woman a lead of 15 yards to make the finish anywhere nearly even. He would have to give her 38 yards in a 220-yard dash, 77 yards in a 440-yard dash, and 168 yards in the 880-yard run.

These figures, of course, are only approximate. If the handicaps were based upon the world records for the four events mentioned the man could give the woman even longer starts and still come home victorious.

Men running the 220-yard dash always make better time in the last 100 yards than in the first 120. And that would indicate that popular belief that women "stay" better than men is erroneous.

Let us take a look at the records of men and women in the field events. The comparisons given are interesting, especially when it is considered that the records for women in both the high jump and the broad jump have been beaten by high school boys.

Grimm Thinks Cubs Will Win

Chicago Cubs Manager Is Brimful Of Confidence In Spring Training Camp

KLEIN WILL BE VALUABLE MAN

By ED PRELL
International News Service Sports Writer

AVALON, Calif., Mar. 27.—Publicly Charlie Grimm cannot be prevailed upon to shout to the skies that his Cubs will win the National league championship; privately the genial St. Louis Dutchman will tell everyone within earshot that his club, barring serious accidents, will finish in front.

With all the veteran stars back, plus the addition of Chuck Klein and these highly touted newcomers, the Cubs should be a vastly improved team over the one that was in the pennant fight until the last two weeks in 1933. For public enlightenment, this is as far as Grimm will go:

Cubs Confident

"I am not going to predict where we—or the seven other clubs—will finish. No man can do that, especially in such a well-balanced loop. But we have assembled a strong squad here. If we get the same brand of pitching as last year, with the added strength furnished mainly by Klein, I don't see how we can miss.

"Right now I'm going out on a limb and declare we have the prize rookie of the year in Young Dick Ward, right handed pitcher. I've seen enough in a few days to know that he will be one of our five starting pitchers. We have other new talent that fairly makes my eyes bulge—Augue Galan at second, who reminds me of Tony Lazzeri; Bill Lee, and Babe Phelps, 225-pound catcher from Albany who is going to annoy a lot of pitchers this season."

Grimm In Shape

Grimm might have forgotten, or perhaps it was only modesty on his part, to mention his own return to normal playing condition as another factor for an assured better showing of the Wrigley clan.

It was lack of reserve material that put the Cubs off stride last year. Kiki Cuyler suffered a broken foot during spring training, Grimm had his own troubles, dependable Riggs Stephenson was out much of the time with injuries and there were several other minor physical disturbances.

All this has been corrected. The Cubs have collected excellent reserves. If Grimm bogs down, he has only to signal to Camilli, or even place Babe Herman on the bag. Billy Herman, a holdout who doubtless will come out of hiding before long, and Galan, are available for second base. Woody English and Stan Hack are good enough to play third base regularly on any big league club. If Bill Jurges gets out of kilter, either English or Galan can play short.

Strong Outfield

There are no outfield worries with such performers as Klein, Stephenson, Herman, Cuyler and Stainback.

Gabby Hartnett will have more help back of the plate with Benny Tate, a veteran American leaguer, and Phelps.

Aside from Ward and Lee, the Cubs have another new hurler in Roy Joiner. Ward is assured of taking his regular turn, while Lon Warneke and Guy Bush are others who can't miss. That will throw the veterans, Charlet Root, Pat Malone and Bud Tinning in with such competition as Lee, Joiner and Nelson.

"Bill" Gilbane, New Titan Grid Coach, Is Former Great Athlete

Was All-Around Athlete At Brown University, Captain Of Grid Team In 1932

Brother Tom Gilbane Is Also Great Football Player; May Assist At Westminster

(Special To The News)

NEW WILMINGTON, Pa., Mar. 27.—William Gilbane, new football coach at Westminster college next fall, has a great athletic record in various lines of sport. The Brown university captain and fullback of the 1932 campaign, when Brown lost only the last game of the season to Colgate, excelled in track, wrestling, boxing and baseball, as well as in football.

Gilbane started his athletic career at the Moses Brown school in Providence, R. I., where he was a member of the football team for four years and was captain in his last year; member of the track team for four years; and member of the baseball team.

Captain Of Team.

At Brown he was captain of freshman football, captain of freshman wrestling, and captain of freshman baseball. As a freshman, he was intercollegiate wrestling champion in the 175-pound class. He was a member of the varsity football team for three years; being captain in his senior year; a member of the varsity wrestling team for three years, and intercollegiate champion in the 175-pound class; and a member of the varsity baseball team for three years. He was Brown university boxing champion in the 175-pound and heavyweight classes.

Gilbane was captain of the All-North team which Jock Sutherland of Pitt took to Baltimore in 1932; and was a member of the sophomore, junior and senior honorary societies and a member of the debating team.

Bill was also chosen as fullback on the Associated Press All-Eastern team; and the New York Evening Post, New York World Telegram, New York Sun, and Boston Record All-American team. He was recognized by the All-American Board of Football for outstanding play in 1932.

His brother, Thomas F. Gilbane, who, if his work will permit, plans to be on hand next fall to aid his brother, Bill, in whipping the Westminster team into shape, also has an outstanding athletic record.

Tom started his athletic career at Hope Street high school, Providence, R. I., where he was a member of the football and track teams for four years. He held the Rhode Island interscholastic shot put and discuss records.

All-Round Athlete.

At Brown he was a member of the freshman football, wrestling and track teams; and won the freshman inter-collegiate wrestling championship in the unlimited class. Tom was also a member of the varsity football team for three years, playing guard and tackle during his sophomore year and center during his junior and senior years. He was a member of the varsity track team for three years, and was captain in his senior year.

He held the New England Intercollegiate and the New England A. A. U. 16-pound shot put record, the New England and A. A. U. discus record, was I. C. A. A. A. A. shot put champion in 1933, was a member of the I. C. 4 a track team at Berkley, California, and won the national A. A. U. indoor shot put championship this year.

In addition to these outstanding athletic achievements, Tom was also class treasurer, a member of the sophomore, junior, and senior honorary societies, and a member of the dean's list two years.

Selected Center.

Tom was selected center on the Associated Press All-Eastern team; was chosen center on the All-American teams as chosen by the New York Evening Post, New York World-Telegram, New York Sun, and Boston Post and Record; and was recognized by the All-American Board of Football for outstanding play during the 1932 season.

The brothers were both graduated from Brown in engineering, and are associated with their father in a large building and contracting firm in Providence, R. I. Tom could not accept a coaching position, due to the fact that he is a candidate for the American Olympic track team in 1936, where he hopes to compete in the shot put event. He hopes to visit his brother, Bill, however, who has been elected Westminster coach, and may contribute his service gratis, in helping his brother get the Titan line ready for the season.

Pirates Hope To Be In Flag Race

Addition Of Lucas From Cincinnati Will Bolster Up Pitching Staff

Lavagetto Will Likely Start At Second; Pirates Have Confidence This Year

(International News Service)

PASO ROBLES, Cal., Mar. 27.—One valuable addition to the pitching staff, the weak department of the 1933 team, is expected to make the Pittsburgh Pirates a leading contender again for the National league pennant.

In obtaining "Red" Lucas in an off-season deal with the Cincinnati Reds, Manager George Gibson believes he has bolstered the weakest point on his club. Lucas, with a long string of years of service with the Reds has been a consistent winner on a weak club. With a better hitting club behind him, most of the experts believe that he should be good for 15 victories.

Lavagetto At Second

There probably will be only one new face in the regular lineup when the Pirates open their season against the St. Louis Cardinals. Harry (Cooky) Lavagetto, 19-year-old Italian purchased from the Oakland, Pacific Coast league, club has made a favorable impression in training camp and may become the Bucs regular second baseman.

Tony Piet, who played the keystone position for the Pirates during the early stages of the 1933 season, went to Cincinnati in the Lucas deal. Should Lavagetto fail to live up to expectations, Gibson still has Tommy Thevenow, a veteran.

Lavagetto is the principal rookie of six in the Paso Robles training camp. Others are Lloyd Johnson, southpaw pitcher purchased from the Missions; Cy Blanton, 24-year-old right hander who shattered the Western league strikeout record last season; Art Veltman, catcher drafted from Oakland; Nick Etten, an outfielder-first baseman who brought a .357 batting average from the Mississippi Valley league, and Elmer Trapp, a Pittsburgh semi-pro, who is an infielder.

Waners Hit Better

Camp followers believe that Lloyd Waner, who slumped badly last season, will stage a comeback and give the Pirates three .300 batters in the outfield. Paul Waner never has hit below the .300 mark since becoming a Pirate regular and Freddie Lindstrom belted the ball for a .310 average last season. The utility outfielders will be Woody Jensen and Wally Roettger.

Outside of second base, the infield is set with Gus Suhr at the initial sack; "Pie" Traynor launching his 14th season in the National league, at third base and "Arky" Vaughn, the league's best hitting shortstop, at that position.

There are three veteran catchers in addition to Veltman. Earl Grace remains the first string receiver while Veltman is trying to oust either Hal Finney or Tommy Padden.

Falcons To Play Gerson Quintet

Polish Falcons basketball team will play the fast Gerson quintet tonight at the Polish Falcon hall on Miller avenue, according to an announcement by Marion Kolodjeski, physical director of the Falcons. The game will start at 7:15 o'clock with a fast preliminary game.

Thursday evening the Falcons will play the strong Sacred Hearts, champions of the "Y" league and a good game is looked for, as the city title will be at stake in the Semi-pro class.

Best Women Athletes Equal Only To Boys Of Sixteen Or Seventeen Years

From time to time it has been forecast that women eventually will excel men in track events, and this caused one authority to delve into the records to see exactly how our best girl athletes compare with the men.

What he found was that the best women athletes of today, if they hoped to win in competition against men, would have to compete against males not more than 16 or 17 years old.

In the 100-yard dash the fully developed man would have to give the woman a lead of 15 yards to make the finish anywhere nearly even. He would have to give her 38 yards in a 220-yard dash, 77 yards in a 440-yard dash, and 168 yards in the 880-yard run.

These figures, of course, are only approximate. If the handicaps were based upon the world records for the four events mentioned the man could give the woman even longer starts and still come home victorious.

Men running the 220-yard dash always make better time in the last 100 yards than in the first 120. And that would indicate that popular belief that women "stay" better than men is erroneous.

Let us take a look at the records of men and women in the field events. The comparisons given are interesting, especially when it is considered that the records for women in both the high jump and the broad jump have been beaten by high school boys.

Travis Jackson Back At Short

Grimm Thinks Cubs Will Win

Chicago Cubs Manager Is Brimful Of Confidence In Spring Training Camp

KLEIN WILL BE VALUABLE MAN

By ED PRELL
International News Service Sports Writer

AVALON, Calif., Mar. 27.—Publicly Charlie Grimm cannot be prevailed upon to shout to the skies that his Cubs will win the National league championship; privately the genial St. Louis Dutchman will tell everyone within earshot that his club, barring serious accidents, will finish in front.

With all the veteran stars back, plus the addition of Chuck Klein and these highly touted newcomers, the Cubs should be a vastly improved team over the one that was in the pennant fight until the last two weeks in 1933. For public enlightenment, this is as far as Grimm will go:

Cubs Confident

"I am not going to predict where we—or the seven other clubs—will finish. No man can do that, especially in such a well-balanced loop. But we have assembled a strong squad here. If we get the same brand of pitching as last year, with the added strength furnished mainly by Klein, I don't see how we can miss.

"Right now I'm going out on a limb and declare we have the prize rookie of the year in Young Dick Ward, right handed pitcher. I've seen enough in a few days to know that he will be one of our five starting pitchers. We have other new talent that fairly makes my eyes bulge—Augue Galan at second, who reminds me of Tony Lazzeri; Bill Lee, and Babe Phelps, 225-pound catcher from Albany who is going to annoy a lot of pitchers this season."

Grimm In Shape

Grimm might have forgotten, or perhaps it was only modesty on his part, to mention his own return to normal playing condition as another factor for an assured better showing of the Wrigley clan.

It was lack of reserve material that put the Cubs off stride last year. Kiki Cuyler suffered a broken foot during spring training, Grimm had his own troubles, dependable Riggs Stephenson was out much of the time with injuries and there were several other minor physical disturbances.

All this has been corrected. The Cubs have collected excellent reserves. If Grimm bogs down, he has only to signal to Camilli, or even place Babe Herman on the bag. Billy Herman, a holdout who doubtless will come out of hiding before long, and Galan, are available for second base. Woody English and Stan Hack are good enough to play third base regularly on any big league club. If Bill Jurges gets out of kilter, either English or Galan can play short.

Strong Outfield

There are no outfield worries with such performers as Klein, Stephenson, Herman, Cuyler and Stainback.

Gabby Hartnett will have more help back of the plate with Benny Tate, a veteran American leaguer, and Phelps.

Aside from Ward and Lee, the Cubs have another new hurler in Roy Joiner. Ward is assured of taking his regular turn, while Lon Warneke and Guy Bush are others who can't miss. That will throw the veterans, Charlet Root, Pat Malone and Bud Tinning in with such competition as Lee, Joiner and Nelson.

Curtiss High In Nonpariel Shoot

Curtiss was high man in the weekly shoot of the Nonpareil Club, held at the West Side garage. Curtiss, out of a possible 200 had the fine score of 190. Second high was Cifra, with 189, and standing third was Eckles with 188, while Rohrer hugged close behind Eckles for fourth place with 187. The next shoot of the Nonpareil Club will be held tonight at the West Side range.

Panthers Release 1935 Grid Schedule

(International News Service)

PITTSBURGH, Mar. 27—Return of Army and Penn State ancient rivals of the Golden Panther, and the addition of Fordham featured the 1935 University of Pittsburgh schedule released here today.

Notre Dame, W. and J., West Virginia, Nebraska and Carnegie Tech also appear on the chart which shows one tentative open date, September 28.

Brother Combination In Cardinal's Camp

The greatest brother combination baseball has ever seen may be in the making in the St. Louis Cardinals, training camp in Bradenton, Fla.

That's saying a lot—for there have been many famous brother combinations and a few really fine ones.

The Dean brothers, Jerome and Paul, however, may each prove a superlative star, in which event the Deans must take ascendancy over the Waners and the Sewalls of current times, the Coveleskies, the Meusels and the other famed family combines of the past.

* * *

Jerome, better known as Dizzy, is the big brother of the Dean boy duo, and has been with the Cardinals for two seasons in which time he has definitely indicated that he is headed for almost certain stardom.

There are a considerable number of baseball experts who freely predict that Dizzy, barring accident or some other unforseen happenstance, has an excellent chance to become one of the mound immortals of the National league.

Younger Paul, getting his first real big league chance this year, has shown enough stuff in minor league competition to indicate that he may prove as good, if not better, than Dizzy.

If both Dean boys enjoy superlative careers in the National league they will be tops in baseball brother combinations because there never has been a pair of big league brothers who were equally great.

The Waner brothers of Pittsburgh, Paul and Lloyd, have been powerful hitters and highly competent outfielders, but neither has exactly won the title "great". And Paul, the elder, has been definitely the best.

The Sewell brothers, Catcher Luke with Washington and Infielder Joe with the Yankees, have been good—but not great—players for more than a decade.

* * *

Among the major league brother combinations of the past the most easily remembered are the Meusel boys, Bob and Emil or Irish. These two gained fame not so much because of the ability they really possessed but because they were on opposite sides during the All-New York world series of 1921-1922-1923.

Bob, who was with the Yankees, was easily the better of the two though Irish, with the Giants, was a harder worker.

A famed pitching combination of the past were the Coveleskies. Stanley Coveleskie, who won the title of the "Dependable Pole" overshadowed brother Harry, however.

Western Pennsylvania District Title At Stake Tonight At Pitt Stadium

(International News Service)

PITTSBURGH, Mar. 27—Basketeers of South and New Kensington high will meet here tonight in the battle of the year as far as Western Pennsylvania hardware circles are concerned—the W. P. I. A. L. title game.

Both teams go into the game as favorites in their own right having made a habit of hitting high scores throughout the season. However New Kensington has shown a better high score offensive in the five elimination games run off thus far.

Tonight's winner will meet the vistor of the eastern end of the state, for the state title.

Davis Walsh Picks Giants To Repeat

International News Sports Editor Thinks Giants Will Be Out In Front Again

Likes Cardinals To Finish Second, Cubs Third And Pittsburgh Fourth

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Mar. 27.—There seems to be a parable of the ball field which says that a world's champion of one year must, per se, ad lib., and of necessity, be the league champion of the next, it being considered unfashionable not to approve of success. Of course, nobody ever got a good, resounding punch on the nose that way but somehow all the band wagons seem to be full of piccolo players nowadays and, besides, I've been looking up the records.

Fail To Repeat

These show that, out of twenty nine years of world's series play, the world's champion has failed seventeen times to repeat the next time out and today I'm taking a half-chance that this will be the eighteenth.

Instead of only naming one club as the best in the National league, I've become very impulsive. I'm naming two, while others proceed blindly along strictly conventional and narrow-minded lines. One of the clubs is the New York Giants, the best in baseball at the close of the 1933 season; the other, the St. Louis Cardinals, may be the best at the end of 1934.

Right now, they look remarkably equal. One stands out in the infield, the other has the hitting. Both have great pitching. Anyway, this is the way the strength of the league seems to line up, with the reservation that we are referring to the only thing that anybody can hope to know about at this time, namely, late March and early April strength.

1. New York Giants and St. Louis Cardinals.
3. Chicago Cubs.
4. Pittsburgh Pirates.
5. Boston Braves.
6. Brooklyn Dodgers.
7. Cincinnati Reds.
8. Phillies.

Likes Cardinals

The Cardinals figure to me as an equal chance because, frankly I don't see how you can do anything else with a club that has added a .350 hitter in Virgil Davis, plus its general punch and the pitching it must get this time. Moreover, it figures to have a full-time shortstop in there this time for 154 games and there's only one reason the testimony can't be sure of carrying the Cardinals all the way from fifth to first. The rules don't allow two firsts.

In other words, it's hard to visualize anybody in these in front of the Giants. They looked every inch the part at the finish of last year, tremendous pitching, one of the best infields in baseball (it'll be better this time), a good outfield and first-rate catching. They, in fact, ought to win again and I'm not the kind of mouth organ who's going to step out there and say they won't. Nevertheless, they're no better than a man-for-man stand off with the Cardinals right now.

HERE AND THERE IN SPORTS' LAND

All of the difficulties between the State Athletic commission and the Allegheny Mountain association of the A. A. U. were ironed out satisfactorily at a meeting held between officials of the two bodies at Pittsburgh yesterday which will be pleasing news to all followers of boxing.

Kenneth G. Wilson, director of athletics at Northwestern U will be named director of the physical training and athletic department of the Chicago public schools.

Outfielder George Davis, obtained by the Cardinals from the New York Giants in the trade for Geo. Watkins has jumped his new club Branch Rickey, vice president of the Cardinals said today at Brandelton, Fla.

Benny Friedman, former Michigan All-American quarterback and now football coach of the College of the City of New York has named Paul Riblett, former Penn state as his chief assistant. Leon Miller, Indian, formerly of Carlisle, will be an assistant Freshman coach.

Mose Butch knocked out Johnny Grunich in three rounds last night at Youngstown and Phil McGraw started a comback at New York when he outpointed Al King in six rounds. Marcel Thil won the European heavyweight title at Paris when he stopped Martinez de Alfara of Spain in 13 rounds at Paris.

Yankees Want To Trade Lyn Lary

(International News Service)

ST. PETERSURG, Fla., Mar. 27—The Yankees were still holding up Lyn Lary, as bait today as they pressed their drive to swing a trade for a pitcher, but as yet no one seems to want to talk business. The club resumes its training season matches with the Boston Braves.

ALL-STARS TO PLAY

Lincoln All-Stars will play the Faculty team of Lincoln-Garfield Wednesday night. The first game will be between the Night School girls and the Vanities, and the big game will follow. The Lincoln team will have Ostrosky and Gairdo at the forwards, with Pascarette at center and DeCaprio and Zingaro at the guards The Faculty will have Hasley and DePaolo at the forwards, with Rubeies at center, and Leonard and Brown at the guards.

NEW YORK, Mar. 27.—There seems to be a parable of the ball field which says that a world's champion of one year must, per se, ad lib., and of necessity, be the league champion of the next, it being considered unfashionable not to approve of success. Of course, nobody ever got a good, resounding punch on the nose that way but somehow all the band wagons seem to be full of piccolo players nowadays and, besides, I've been looking up the records.

Fail To Repeat

These show that, out of twenty nine years of world's series play, the world's champion has failed seventeen times to repeat the next time out and today I'm taking a half-chance that this will be the eighteenth.

Instead of only naming one club as the best in the National league, I've become very impulsive. I'm naming two, while others proceed blindly along strictly conventional and narrow-minded lines. One of the clubs is the New York Giants, the best in baseball at the close of the 1933 season; the other, the St. Louis Cardinals, may be the best at the end of 1934.

Right now, they look remarkably equal. One stands out in the infield, the other has the hitting. Both have great pitching. Anyway, this is the way the strength of the league seems to line up, with the reservation that we are referring to the only thing that anybody can hope to know about at this time, namely, late March and early April strength.

1. New York Giants and St. Louis Cardinals.
3. Chicago Cubs.
4. Pittsburgh Pirates.
5. Boston Braves.
6. Brooklyn Dodgers.
7. Cincinnati Reds.
8. Phillies.

Likes Cardinals

The Cardinals figure to me as an equal chance because, frankly I don't see how you can do anything else with a club that has added a .350 hitter in Virgil Davis, plus its general punch and the pitching it must get this time. Moreover, it figures to have a full-time shortstop in there this time for 154 games and there's only one reason the testimony can't be sure of carrying the Cardinals all the way from fifth to first. The rules don't allow two firsts.

In other words, it's hard to visualize anybody in these in front of the Giants. They looked every inch the part at the finish of last year, tremendous pitching, one of the best infields in baseball (it'll be better this time), a good outfield and first-rate catching. They, in fact, ought to win again and I'm not the kind of mouth organ who's going to step out there and say they won't. Nevertheless, they're no better than a man-for-man stand off with the Cardinals right now.

HERE AND THERE IN SPORTS' LAND

All of the difficulties between the State Athletic commission and the Allegheny Mountain association of the A. A. U. were ironed out satisfactorily at a meeting held between officials of the two bodies at Pittsburgh yesterday which will be pleasing news to all followers of boxing.

Kenneth G. Wilson, director of athletics at Northwestern U will be named director of the physical training and athletic department of the Chicago public schools.

Outfielder George Davis, obtained by the Cardinals from the New York Giants in the trade for Geo. Watkins has jumped his new club Branch Rickey, vice president of the Cardinals said today at Brandelton, Fla.

Benny Friedman, former Michigan All-American quarterback and now football coach of the College of the City of New York has named Paul Riblett, former Penn state as his chief assistant. Leon Miller, Indian, formerly of Carlisle, will be an assistant Freshman coach.

Mose Butch knocked out Johnny Grunich in three rounds last night at Youngstown and Phil McGraw started a comback at New York when he outpointed Al King in six rounds. Marcel Thil won the European heavyweight title at Paris when he stopped Martinez de Alfara of Spain in 13 rounds at Paris.

Yankees Want To Trade Lyn Lary

(International News Service)

ST. PETERSURG, Fla., Mar. 27—The Yankees were still holding up Lyn Lary, as bait today as they pressed their drive to swing a trade for a pitcher, but as yet no one seems to want to talk business. The club resumes its training season matches with the Boston Braves.

ALL-STARS TO PLAY

Lincoln All-Stars will play the Faculty team of Lincoln-Garfield Wednesday night. The first game will be between the Night School girls and the Vanities, and the big game will follow. The Lincoln team will have Ostrosky and Gairdo at the forwards, with Pascarette at center and DeCaprio and Zingaro at the guards The Faculty will have Hasley and DePaolo at the forwards, with Rubeios at center, and Leonard and Brown at the guards.

Selling Wave In Stock Market

President's Demand For Regulation Of Market Causes Activity

(International News Service)

NEW YORK, Mar. 27.—Heavy selling in the wake of President Roosevelt's renewed demand for a stock exchange regulation bill "with teeth in it," today sent stock prices tumbling on the New York exchange with losses in principal issues running to $5 a share.

Selling at one time was so heavy the high speed ticker fell five minutes behind.

At the same time, seat values on the New York exchange suffered a steep drop, a membership changing hands at $83,000. This price was off $29,000 from the last previous sale and only $15,000 from the depression low of $68,000 recorded in July, 1932.

Brunt of liquidation today was borne by recent leaders including United States Steel, General Motors, Chrysler, American Telephone, New York Central, Atchison, DuPont, Loew's and United States Smelting which opened $4 off from Monday's close.

Further influencing the uneasy market was the report from Pittsburgh that an increase in steel wages is contemplated for April 1.

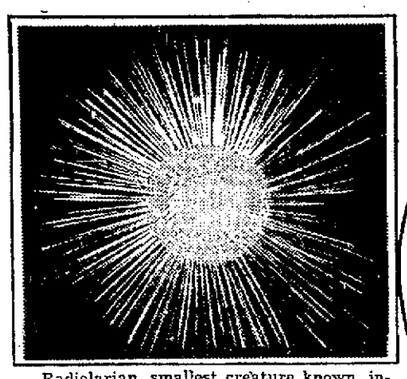
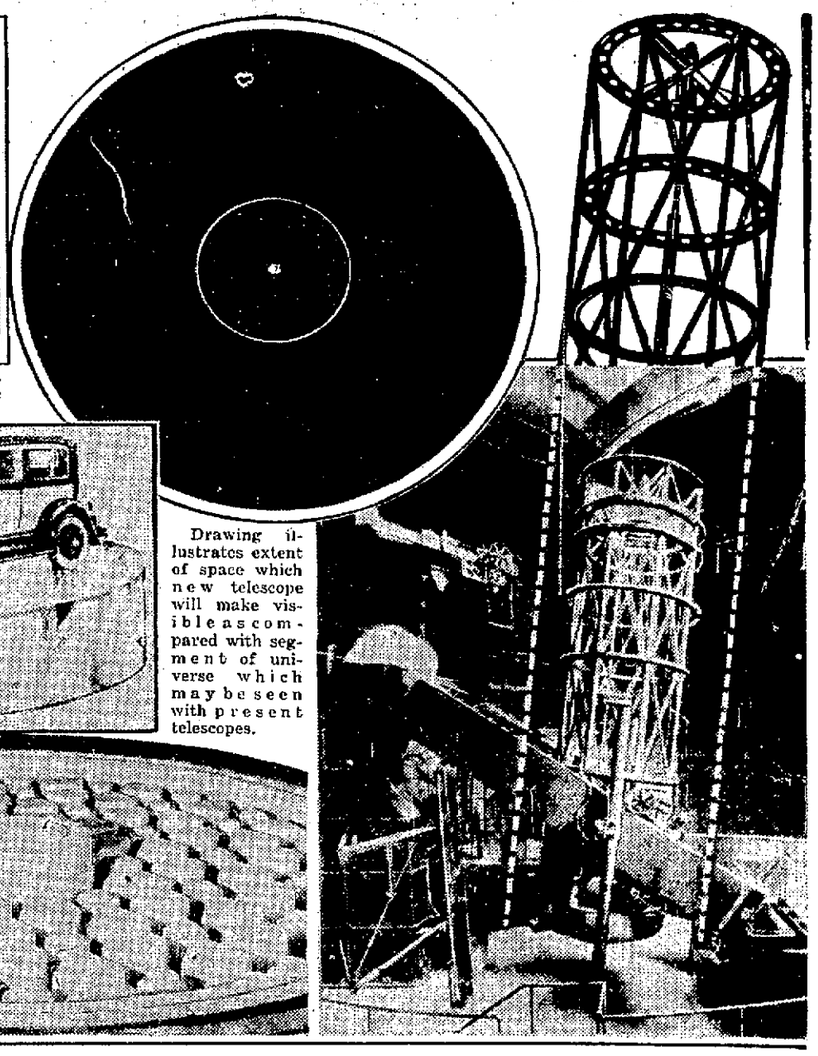
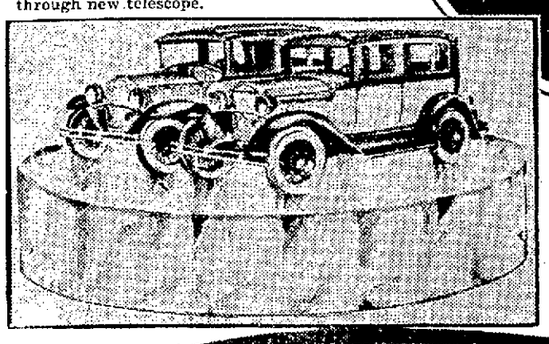
Preparing Mighty Telescope to Reveal Universe's Secrets

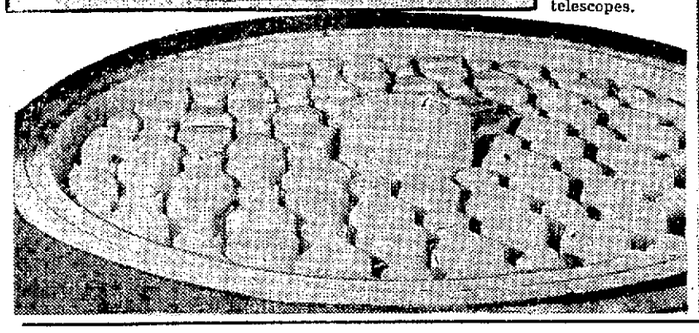


Radiolarian, smallest creature known, invisible under microscope, would be this size through new telescope.



Drawing illustrates extent of space which new telescope will make visible as compared with segment of universe which may be seen with present telescopes.





As construction of mightiest telescope ever made proceeds, science anticipates that it will reveal objects one billion light years distant as they were before even the lowest forms of life appeared on earth. Model used to cast 200-foot telescope mirror (a 17 foot wide "eye" which ... four times larger than ever before) is shown (left) at Corning, N. Y., where the glass, upon which two automobiles could stand side by side (as indicated above), is cooling. Dotted and drawn lines in the photo at right indicate size of new telescope as compared with what is now world's biggest, one located at Mt. Wilson, Calif. *(Central Press)*

Selling Wave In Stock Market

President's Demand For Regulation Of Market Causes Activity

(International News Service)

NEW YORK, Mar. 27.—Heavy selling in the wake of President Roosevelt's renewed demand for a stock exchange regulation bill "with teeth in it," today sent stock prices tumbling on the New York exchange with losses in principal issues running to $5 a share.

Selling at one time was so heavy the high speed ticker fell five minutes behind.

At the same time, seat values on the New York exchange suffered a steep drop, a membership changing hands at $83,000. This price was off $29,000 from the last previous sale and only $15,000 from the depression low of $68,000 recorded in July, 1932.

Brunt of liquidation today was borne by recent leaders including United States Steel, General Motors, Chrysler, American Telephone, New York Central, Atchison, DuPont, Loew's and United States Smelting which opened $4 off from Monday's close.

Further influencing the uneasy market was the report from Pittsburgh that an increase in steel wages is contemplated for April 1.

Service Charges By Banks May Be Somewhat Lower

Western Pennsylvania Bankers Submit Code Of Lower Service Charges

ACTION WOULD MEET APPROVAL

(International News Service)

PITTSBURGH, Mar. 27.—A code of service charges slightly lower than those proposed by member banks of the Pittsburgh Clearing House association is being submitted to Washington by western Pennsylvania banks, it was learned here today.

The code, if approved, would regulate operations of all banks in group eight of the Pennsylvania Bankers' association. Non-clearing house banks in Pittsburgh as well as branches of downtown clearing house institutions have the option of adopting either code.

Under the proposed code accounts with average balances of $500 or less having normal activity will be subject to a measure service charge. All accounts having less than $100 average daily balances during any months will be subject to a minimum charge of 50 cents a month which will permit the drawing of 10 checks. One free check shall be allowed for each $20 average balance in excess of $50. A minimum charge of four cents a check would be made for each additional draft.

Checking accounts having an average balance during the month of over $500 or accounts in which there is unusual activity shall be analyzed to determine charges.

On all accounts exceeding $100 a number of free transactions will be permitted based on the size of the account. Charges will be based on the excess of activity over this amount.

PLAN SERVICES FOR MERCER MAN

MERCER, Pa., Mar. 27.—Albert E. Nelson, aged 74 years, died at his home in North Otter street Sunday afternoon after an illness of several days from complications.

His wife preceded him in death in June, 1933. He is survived by the following children: Dr. Chester T. Nelson of Clarence, Mo.; Mrs. Bessie Hinkson, Sharon; Joseph F. of Mercer; Byron H. and Mrs. Nellie Shaner of Grove City, and Merrill A. of Mercer.

Funeral services will be held on Wednesday, March 28, at 2 p. m., from his home in North Otter street and will be conducted by Rev. H. H. Bair of the Methodist Episcopal church. Burial will be made in the Findley cemetery.

Gardner Avenue Viaduct In Need Of Some Repairs

Gardner avenue viaduct is in such a condition that it may be necessary for the city to expend at least $1300 to repave the cartway, according to report made to council today. As a result council instructed that the city advertise for bids on Paving brick. The city purchasing agent will purchase the necessary asphalt.

City Engineer Hoskins said he had been informed by Street Commissioner Glover that there had been an upheaval of the paving block and that the viaduct is dangerous. He also said that the railing would have to be taken care of.

Council instructed that warning signs be placed at each end of the viaduct.

Halt Production On Six Vessels

Three Thousand Shipbuilders At Camden, N. J., Are On Strike

U. S. AGENTS SEEK TO SETTLE TIE-UP

(International News Service)

CAMDEN, N. J., Mar. 27.—Halting production on six naval vessels, approximately 3,000 workers of the New York shipbuilding company walked out on strike today.

The strike went into effect at 7:45 a. m. after last-minute efforts on the part of C. H. Winship, deputy administrator of the shipbuilding code, to avert the walkout had failed.

Winship was sent here from Washington to try to effect arbitration between Clinton L. Bardo, president of the shipbuilding concern, and officials of the industrial union of Marine and ship workers under whose auspices the strike was called.

The strike was ordered to force the company to entertain the employees' demand for shorter hours and wage increases which would raise the pay level about 37½ per cent.

The workers laid down their tools as the new treaty U. S. Navy cruiser Tusculoosa neared completion. One other light cruiser and four torpedo boat destroyers are under construction at the yard.

While failing to halt the strike, Winship succeeded in arranging for a conference today between John Green, vice-president of the union, his labor associates, and Bardo. The government representative hoped that a compromise may be reached at the conference.

WOODEN GUNS WERE MOUNTED AT LIMA JAIL

(International News Service)

LIMA, O., Mar. 27.—Brig. Gen. Harold M. Bush of the Ohio National Guard, had a little "wooden gun" joke of his own today on John Dillinger.

Before leaving for Columbus with the three Dillinger gangsters, convicted of the first degree murder of Sheriff Jess Sarber, Gen. Bush disclosed that four of six machine guns which had been trained menacingly on the county jail here where the desperadoes were imprisoned, were "nothing but wooden playthings."

Gen. Bush revealed he had the harmless wooden weapons set up as a foil after guardsmen had picked up a piece of paper in a gangland hideout which diagrammed the positions of the guards and machine guns surrounding the county jail.

The two real machine guns were hidden so as to "take care" of anyone (meaning Dillinger or his gang) who might attempt to stage an attack on the machine gun nests.

CHICKEN THIEF SENTENCED

(International News Service)

WAYNESBURG, Pa., Mar. 27.—Harry Lopghman, 30, Washington, was to begin serving a one and one-half to three year sentence in Western Penitentiary today following his pleading guilty to stealing chickens. His brother, Richard, 18, received a sentence to Huntingdon State Training school on a similar charge.

Tire Blows Out, Car Hits Pole

When an automobile tire "blew out" yesterday afternoon the auto of Jack Griffith, 235 East Street, which was being driven on Butler avenue, near Ray street, struck a telephone pole, causing $200 damage to the car, according to a city police report.

There were several other automobile accidents of a minor nature on city thoroughfares Monday, according to the reports.

Automobiles of W. E. Elken, 408 Ray street and W. E. Badger, R. D. 7, collided at West Washington street and Atlantic avenue; cars of Thomas Michling, 820 Croton avenue and Samuel Calabreese, N. S. Pittsburgh, figured in an accident at Croton and Haus avenues and automobiles driven by Clyde Lennox, 502 County Line street and Herb McGoun were in a collision at the P. R. R. driveway, West Washington street.

At a dinner-meeting in the First U. P. church, Clenmore boulevard, last night the membership of the Young People's Christian Union elected Joseph R. Bara as president, David Ramsey, vice president; Rebecca Loudon, secretary, and Betty Weinschenk, treasurer.

The dinner was served under the direction of Evelyn McGrath, chairman of the society's social committee.

Installation services for the new officers will feature the Easter morning sunrise breakfast-service which the group will hold on Sunday at 6:30 a. m. The Rev. William Hammond, pastor of the Unity Baptist church at Harlansburg, will speak.

Charles Beckwith is the retiring president.

Adjust Dispute In Ellwood CWA Property Survey

Differences over rates of pay in Ellwood City caused a short cessation of the CWA property survey there on Monday. About twelve employes reported to the headquarters office here that they were short in their money. An auditor checked the payrolls and found that the men had received all the money due them, with the exception of an error of one dollar in one case.

The difficulty has been adjusted and the men are back at work today according to a statement in the CWA offices today.

DIRECT WHITE TO FILE SUIT ANSWER

Council met today in city hall and directed Solicitor Robert McKinley White to answer the suit brought by the Shenango Motors and Max Ludwig companies against the city closing the Shenango river bridge, West Washington street. Sometime ago the court of Lawrence county ordered the bridge opened for traffic.

According to the solicitor today is the last in which the city can make answer. He was instructed to take whatever legal procedure he believed necessary.

Service Charges By Banks May Be Somewhat Lower

Western Pennsylvania Bankers Submit Code Of Lower Service Charges

ACTION WOULD MEET APPROVAL

(International News Service)

PITTSBURGH, Mar. 27.—A code of service charges slightly lower than those proposed by member banks of the Pittsburgh Clearing House association is being submitted to Washington by western Pennsylvania banks, it was learned here today.

The code, if approved, would regulate operations of all banks in group eight of the Pennsylvania Bankers' association. Non-clearing house banks in Pittsburgh as well as branches of downtown clearing house institutions have the option of adopting either code.

Under the proposed code accounts with average balances of $500 or less having normal activity will be subject to a measure service charge. All accounts having less than $100 average daily balances during any months will be subject to a minimum charge of 50 cents a month which will permit the drawing of 10 checks. One free check shall be allowed for each $20 average balance in excess of $50. A minimum charge of four cents a check would be made for each additional draft.

Checking accounts having an average balance during the month of over $500 or accounts in which there is unusual activity shall be analyzed to determine charges.

On all accounts exceeding $100 a number of free transactions will be permitted based on the size of the account. Charges will be based on the excess of activity over this amount.

Gardner Avenue Viaduct In Need Of Some Repairs

Gardner avenue viaduct is in such a condition that it may be necessary for the city to expend at least $1300 to repave the cartway, according to report made to council today. As a result council instructed that the city advertise for bids on Paving brick. The city purchasing agent will purchase the necessary asphalt.

City Engineer Hoskins said he had been informed by Street Commissioner Glover that there had been an upheaval of the paving block and that the viaduct is dangerous. He also said that the railing would have to be taken care of.

Council instructed that warning signs be placed at each end of the viaduct.

Halt Production On Six Vessels

Three Thousand Shipbuilders At Camden, N. J., Are On Strike

U. S. AGENTS SEEK TO SETTLE TIE-UP

(International News Service)

CAMDEN, N. J., Mar. 27.—Halting production on six naval vessels, approximately 3,000 workers of the New York shipbuilding company walked out on strike today.

The strike went into effect at 7:45 a. m. after last-minute efforts on the part of C. H. Winship, deputy administrator of the shipbuilding code, to avert the walkout had failed.

Winship was sent here from Washington to try to effect arbitration between Clinton L. Bardo, president of the shipbuilding concern, and officials of the industrial union of Marine and ship workers under whose auspices the strike was called.

The strike was ordered to force the company to entertain the employees' demand for shorter hours and wage increases which would raise the pay level about 37½ per cent.

The workers laid down their tools as the new treaty U. S. Navy cruiser Tusculoosa neared completion. One other light cruiser and four torpedo boat destroyers are under construction at the yard.

While failing to halt the strike, Winship succeeded in arranging for a conference today between John Green, vice-president of the union, his labor associates, and Bardo. The government representative hoped that a compromise may be reached at the conference.

WOODEN GUNS WERE MOUNTED AT LIMA JAIL

(International News Service)

LIMA, O., Mar. 27.—Brig. Gen. Harold M. Bush of the Ohio National Guard, had a little "wooden gun" joke of his own today on John Dillinger.

Before leaving for Columbus with the three Dillinger gangsters, convicted of the first degree murder of Sheriff Jess Sarber, Gen. Bush disclosed that four of six machine guns which had been trained menacingly on the county jail here where the desperadoes were imprisoned, were "nothing but wooden playthings."

Gen. Bush revealed he had the harmless wooden weapons set up as a foil after guardsmen had picked up a piece of paper in a gangland hideout which diagrammed the positions of the guards and machine guns surrounding the county jail.

The two real machine guns were hidden so as to "take care" of anyone (meaning Dillinger or his gang) who might attempt to stage an attack on the machine gun nests.

Gardner Avenue Viaduct In Need Of Some Repairs

Gardner avenue viaduct is in such a condition that it may be necessary for the city to expend at least $1300 to repave the cartway, according to report made to council today. As a result council instructed that the city advertise for bids on Paving brick. The city purchasing agent will purchase the necessary asphalt.

City Engineer Hoskins said he had been informed by Street Commissioner Glover that there had been an upheaval of the paving block and that the viaduct is dangerous. He also said that the railing would have to be taken care of.

Council instructed that warning signs be placed at each end of the viaduct.

Halt Production On Six Vessels

Three Thousand Shipbuilders At Camden, N. J., Are On Strike

U. S. AGENTS SEEK TO SETTLE TIE-UP

(International News Service)

CAMDEN, N. J., Mar. 27.—Halting production on six naval vessels, approximately 3,000 workers of the New York shipbuilding company walked out on strike today.

The strike went into effect at 7:45 a. m. after last-minute efforts on the part of C. H. Winship, deputy administrator of the shipbuilding code, to avert the walkout had failed.

Winship was sent here from Washington to try to effect arbitration between Clinton L. Bardo, president of the shipbuilding concern, and officials of the industrial union of Marine and ship workers under whose auspices the strike was called.

The strike was ordered to force the company to entertain the employees' demand for shorter hours and wage increases which would raise the pay level about 37½ per cent.

The workers laid down their tools as the new treaty U. S. Navy cruiser Tusculoosa neared completion. One other light cruiser and four torpedo boat destroyers are under construction at the yard.

While failing to halt the strike, Winship succeeded in arranging for a conference today between John Green, vice-president of the union, his labor associates, and Bardo. The government representative hoped that a compromise may be reached at the conference.

WOODEN GUNS WERE MOUNTED AT LIMA JAIL

(International News Service)

LIMA, O., Mar. 27.—Brig. Gen. Harold M. Bush of the Ohio National Guard, had a little "wooden gun" joke of his own today on John Dillinger.

Before leaving for Columbus with the three Dillinger gangsters, convicted of the first degree murder of Sheriff Jess Sarber, Gen. Bush disclosed that four of six machine guns which had been trained menacingly on the county jail here where the desperadoes were imprisoned, were "nothing but wooden playthings."

Gen. Bush revealed he had the harmless wooden weapons set up as a foil after guardsmen had picked up a piece of paper in a gangland hideout which diagrammed the positions of the guards and machine guns surrounding the county jail.

The two real machine guns were hidden so as to "take care" of anyone (meaning Dillinger or his gang) who might attempt to stage an attack on the machine gun nests.

(International News Service)

WAYNESBURG, Pa., Mar. 27.—Harry Lopghman, 30, Washington, was to begin serving a one and one-half to three year sentence in Western Penitentiary today following his pleading guilty to stealing chickens. His brother, Richard, 18, received a sentence to Huntingdon State Training school on a similar charge.

Tire Blows Out, Car Hits Pole

When an automobile tire "blew out" yesterday afternoon the auto of Jack Griffith, 235 East Street, which was being driven on Butler avenue, near Ray street, struck a telephone pole, causing $200 damage to the car, according to a city police report.

There were several other automobile accidents of a minor nature on city thoroughfares Monday, according to the reports.

Automobiles of W. E. Eiken, 406 Ray street and W. E. Badger, R. D. 7, collided at West Washington street and Atlantic avenue; cars of Thomas Michling, 820 Croton avenue and Samuel Calabreese, N. S. Pittsburgh, figured in an accident at Croton and Haus avenues and automobiles driven by Clyde Lennox, 502 County Line street and Herb McGoun were in a collision at the P. R. R. driveway, West Washington street.

YOUNG PEOPLE DINE; ELECT NEW LEADERS AT ANNUAL MEETING

At a dinner-meeting in the First U. P. church, Clenmore boulevard, last night the membership of the Young People's Christian Union elected Joseph R. Bara as president, David Ramsey, vice president; Rebecca Loudon, secretary, and Betty Weinschenk, treasurer.

The dinner was served under the direction of Evelyn McGrath, chairman of the society's social committee.

Installation services for the new officers will feature the Easter morning sunrise breakfast-service which the group will hold on Sunday at 6:30 a. m. The Rev. William Hammond, pastor of the Unity Baptist church at Harlansburg, will speak.

Charles Beckwith is the retiring president.

Adjust Dispute In Ellwood CWA Property Survey

Differences over rates of pay in Ellwood City caused a short cessation of the CWA property survey there on Monday. About twelve employes reported to the headquarters office here that they were short in their money. An auditor checked the payrolls and found that the men had received all the money due them, with the exception of an error of one dollar in one case.

The difficulty has been adjusted and the men are back at work today according to a statement in the CWA offices today.

DIRECT WHITE TO FILE SUIT ANSWER

Council met today in city hall and directed Solicitor Robert McKinley White to answer the suit brought by the Shenango Motors and Max Ludwig companies against the city closing the Shenango river bridge, West Washington street. Sometime ago the court of Lawrence county ordered the bridge opened for traffic.

According to the solicitor today is the last in which the city can make answer. He was instructed to take whatever legal procedure he believed necessary.

KOPPEL

Mrs. John Soley of Pittsburgh, was a visitor at the home of Mr. and Mrs. Phillip Ross.

Robert Aldrich is now making his home in Pittsburgh where he has lately gained employment.

Mr. and Mrs. William Hart, of Arthur street, were in West Virginia over the week end.

Mr. and Mrs. Siefrige of Massillon, Ohio, spent Saturday with their parents, Mr. and Mrs. Emanuel Lindsey.

Mr. and Mrs. George Freed and brother Morris Freed, of the New Galilee road, were visitors in Summitville, Ohio.

Mr. and Mrs. Anthony Peitreandrea, who are making their home in Youngstown, Ohio, spent the week end with relatives in Koppel.

Mr. and Mrs. Samuel Pollack and daughter Mary Lee of Butler were visitors at the home of Mr. and Mrs. James L. Blair of Second avenue.

William H. Hall, suffering from a nervous breakdown for the past month, is much improved over last week and is able to be up and around.

Mrs. Philip Ross was called to the bedside of her brother, John Syka, a Leetsdale merchant. His health for the last month has been on a constant decline, and on Sunday his condition was considered grave.

Andrew Marapise and Sylvester Gabrich were home on a two-day furlough from the C. C. C. camps located near Kane, Pa. Both have re-enlisted for another six-months period. Two more local boys, Carlo Florie and Caesar Butler are reported to have likewise signed for their second term.

Mr. and Mrs. Jacob Hellmas, and son, William, of New Galilee were at the bedside of their mother, Mrs Peter Hellmas, who has been confined to her bed at the home of her daughter, Mrs. Maurice Niclout on Third avenue. Mrs. Hellmas, who has been critically ill for the past week, is reported to be slightly improved.

Mrs. Charles G. Meyers lately entertained a group of friends at her home on Second avenue. Three tables of bridge were the feature of the evening at which Mrs. William Owens and Mrs. William Law carried off the awards. At a late hour the delightful evening was brought to a close by a delicious lunch served by the hostess.

PROBE FRANKLIN FIRES

(International News Service)

FRANKLIN, Pa., Mar. 27.—Mystery blazes which have swept four homes in the suburban area with damage estimated at $10,000 were being investigated by police and fire authorities here today. The fires have become almost an epidemic beginning a few days ago, firemen said.

Correct This Sentence: "Here," said the man, "is that pencil I borrowed from you yesterday."
